PROVISIONS RELATING TO REDEMPTION

20. Call Option: Not Applicable
21. Put Option: Not Applicable
22. Final Redemption Amount of each Note: The Final Redemption Amount per Calculation Amount will be payable in USD and determined by the Calculation Agent, on the Rate Fixing Date in respect of the Maturity Date, as follows:

Calculation Amount *divided by* Reference Rate

Where:

“Calculation Agent” means JPMorgan Chase Bank, N.A., London Branch

“Reference Rate” means the rate used on each Rate Fixing Date will be the USD/INR spot rate, expressed as the amount of Indian Rupees per one United States Dollar, for settlement in two Fixing Business Days, reported by the Reserve Bank of India, which is displayed on Reuters Screen “**RBIB**” Page (or any successor page) at approximately 2:00pm, Mumbai time, on each Rate Fixing Date.

If such rate is:

- (i) discontinued and/or is no longer published by the Reserve Bank of India on any successor page; or
- (ii) no longer used in the ISDA Non-Deliverable Swap Transaction Fallback Matrix, as amended and supplemented from time to time and published by ISDA on its website at <http://www.isda.org> (or any successor website thereto) for INR/USD currency pair; or
- (iii) not indicative of the market standard rate (as determined in the sole discretion of the Calculation Agent) (clauses (i), (ii) and (iii) individually and collectively the “Reference Rate Disruption Events”)

then the rate shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner. For the avoidance of doubt, if any of the Reference Rate Disruption Events apply, then the remedies referred to in this section supersede the Price Source Disruption Event remedies specified below.

If a Price Source Disruption Event occurs on the Scheduled Rate Fixing Date, then the Reference

Rate for such Rate Fixing Date shall be determined by the Calculation Agent in accordance with the Fallback Provisions set out below.

“Rate Fixing Date” means the Scheduled Rate Fixing Date, subject to Valuation Postponement

“Scheduled Rate Fixing Date” means the date which is two Fixing Business Days prior to the Interest Payment Date or the Maturity Date or such other date on which an amount in respect of the Notes is due and payable.

If the Scheduled Rate Fixing Date is an Unscheduled Holiday, the Rate Fixing Date shall be the next following relevant Fixing Business Day, subject to the Deferral Period for Unscheduled Holiday set out below.

“Fixing Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Mumbai

“Unscheduled Holiday” means a day that is not a Fixing Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in Mumbai, two Fixing Business Days prior to the relevant Rate Fixing Date.

Adjustments to Interest Payment Date and Maturity Date:

If a Scheduled Rate Fixing Date is adjusted in accordance with the Following Business Day Convention or if Valuation Postponement applies, then the Interest Payment Date or Maturity Date relating to such Scheduled Rate Fixing Date shall be as soon as practicable, but in no event later than two (2) Payment Business Days after the date on which the Reference Rate for such Interest Payment Date or Maturity Date is determined.

If any Interest Payment Date or Maturity Date is adjusted in accordance with the preceding sentence, then such adjustment (and the corresponding payment obligations to be made on such dates) shall apply only to such Interest Payment Date or the Maturity Date, as applicable and no further adjustment shall apply to the amount of interest payable.

Fallback Provisions:

“Price Source Disruption Event” means it becomes impossible to obtain the Reference Rate on a Rate Fixing Date.

“Applicable Price Source Disruption Fallbacks”:

In the event of a Price Source Disruption Event, the Calculation Agent shall apply each of the following Price Source Disruption Fallbacks for the determination of the Reference Rate, in the following order, until the Reference Rate can be determined.

1. Valuation Postponement	(As defined below)
2. Fallback Reference Price	SFEMC INR Indicative Survey Rate (INR02)
3. Fallback Survey Valuation Postponement	(As defined below)
4. Calculation Agent Determination of Reference Rate	

“Cumulative Events” has the following meaning: Notwithstanding anything to the contrary, in no event shall the total number of consecutive calendar days during which either (i) valuation is deferred due to an Unscheduled Holiday, or (ii) a Valuation Postponement shall occur (or any combination of (i) and (ii)), exceed 14 consecutive calendar days in the aggregate. Accordingly, (x) if, upon the lapse of any such 14 calendar day period, an Unscheduled Holiday shall have occurred or be continuing on the day following such period that otherwise would have been a Fixing Business Day, then such day shall be deemed to be a Rate Fixing Date, and (y) if, upon the lapse of any such 14 calendar day period, a Price Source Disruption Event shall have occurred or be continuing on the day following such period on which the Reference Rate otherwise would be determined, then Valuation Postponement shall not apply and the Reference Rate shall be determined in accordance with the next Price Source Disruption

Fallback.

“Valuation Postponement” means that the Reference Rate will be determined on the Fixing Business Day first succeeding the day on which the Price Source Disruption Event ceases to exist, unless the Price Source Disruption Event continues to exist (measured from the date that, but for the occurrence of the Price Source Disruption Event, would have been the Rate Fixing Date) for a consecutive number of calendar days equal to the Maximum Days of Postponement. In such event, the Reference Rate will be determined on the next Fixing Business Day after the Maximum Days of Postponement (which will, subject to the provisions relating to Fallback Survey Valuation Postponement, be deemed to be the applicable Rate Fixing Date) in accordance with the next applicable Price Source Disruption Fallback.

Maximum Days of Postponement: 14 calendar days

“SFEMC INR Indicative Survey Rate (INR02)” means that the Reference Rate for a given Rate Fixing Date will be the Indian Rupee/U.S. Dollar Specified Rate for U.S. Dollars, expressed as the amount of Indian Rupees per one U.S. Dollar, for settlement in two Fixing Business Days, as published on SFEMC’s web site at approximately 3:30 p.m. (Singapore time), or as soon thereafter as practicable, on such date. The Reference Rate shall be calculated by SFEMC (or a service provider SFEMC may select in its sole discretion) pursuant to the SFEMC INR Indicative Survey Methodology (“SFEMC INR Indicative Survey”) for the purpose of determining the SFEMC INR Indicative Survey Rate (INR02).

“SFEMC INR Indicative Survey” means a methodology, dated as of December 1, 2004, as amended from time to time, for a centralized industry-wide survey of financial institutions that are active participants in the Indian Rupee/U.S. Dollar markets for the purpose of determining the SFEMC INR Indicative Survey Rate (INR02).

“Fallback Survey Valuation Postponement” means that, in the event that the Fallback Reference Price is not available on or before the third Fixing Business Day (or day that would have been a Fixing Business Day but for an Unscheduled Holiday) succeeding the end of either (i) Valuation Postponement for Price Source Disruption, (ii) Deferral Period for

Unscheduled Holiday, or (iii) Cumulative Events, as applicable, then the Reference Rate will be determined in accordance with the next Applicable Price Source Disruption Fallback on such day (which will be deemed to be the applicable Rate Fixing Date). For the avoidance of doubt, Cumulative Events, if applicable, does not preclude postponement of valuation in accordance with this provision.

“Payment Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York City and Mumbai.

Deferral Period for Unscheduled Holiday:

In the event the Scheduled Rate Fixing Date is postponed due to the occurrence of an Unscheduled Holiday, and if the Rate Fixing Date has not occurred on or before the 14th calendar day after the Scheduled Rate Fixing Date (any such period being a “Deferral Period”), then the next day after the Deferral Period that would have been a Fixing Business Day but for the Unscheduled Holiday, shall be deemed to be the Rate Fixing Date.

23. Early Redemption Amount:

Early Redemption Amount(s) of each Note payable on event of default or other early redemption and/or the method of calculating the same (if required or if different from that set out in the Conditions):

The Final Redemption Amount as determined in accordance with item 22 above plus accrued and unpaid interest, if any, as determined in accordance with item 15(iii) above; *provided that*, for the purposes of such determination, the Scheduled Rate Fixing Date shall be the date that is two Fixing Business Days prior to the date upon which the Notes become due and payable.

6. USE OF PROCEEDS

The net proceeds of the issue of the Notes will be allocated within IFC's Treasury to a special sub-portfolio that will be linked to IFC's lending operations for Climate Projects† ("Eligible Projects"). The sub-portfolio will be invested by IFC's Treasury in accordance with IFC's liquid asset management investment guidelines. So long as the Notes are outstanding, the balance of the

sub-portfolio will be reduced by amounts matching disbursements made in respect of Eligible Projects.

Eligible Projects will be selected from all Climate projects funded, in whole or in part, by IFC. IFC reserves the right to lend directly or indirectly. Climate projects may include the following investments:

- investments in equipment, systems and services which result in a reduced use of energy per unit of product or service generated, such as waste heat recovery, cogeneration, building insulation, energy loss reduction in transmission and distribution;
- investments in equipment, systems and services which enable the productive use of energy from renewable resources such as wind, hydro, solar and geothermal production;
- investments to improve industrial processes, services and products that enhance the conversion efficiency of manufacturing inputs (energy, water, raw materials) to saleable outputs, including reduction of impact at source;
- investments in manufacturing of components used in energy efficiency, renewable energy or cleaner production, such as solar photovoltaics, manufacture of turbines, building insulation materials;
- investments in sustainable forestry; and
- lending to financial intermediaries with the requirement that the IFC's investments be on-lent to specific climate projects that fit the criteria contained herein.

The above examples of Eligible Projects are for illustrative purposes only and no assurance can be provided that disbursements for projects with these specific characteristic will be made by IFC during the term of the Notes.

The payments of interest and the principal of the Green Bond is strictly based on the credit quality of IFC, and is not directly affected by the result of the underlying investments that IFC makes.

THE STANDARD PROVISIONS**

August 6, 2015

International Finance Corporation
2121 Pennsylvania Avenue, N.W.
Washington, D.C. 20433

- 1 The undersigned agrees to purchase from you (the "Corporation") the Corporation's INR 3,150,000,000 6.45 per cent. Synthetic INR Notes due August 10, 2020 (the "Notes") described in the Final Terms, dated as of the date hereof in the form of Annex 1 hereto (the "Final Terms") at 10.00 a.m. New York time on August 10, 2015 (the "Settlement Date") at an aggregate purchase price of USD 49,192,155.49 (which is 100.00 per cent. of the aggregate nominal amount of the Notes at the agreed Reference Rat of 64.0346 Indian rupees per one United States Dollar) on the terms set forth herein and in the Standard Provisions, dated as of June 3, 2008 (as amended from time to time, the "Standard Provisions"), incorporated herein by reference. In so purchasing the Notes, the undersigned understands and agrees that it is not acting as an agent of the Corporation in the sale of the Notes.
- 2 When used herein and in the Standard Provisions as so incorporated, the term "Notes" refers to the Notes as defined herein and the term "Dealer(s)" refers to the undersigned. All other terms defined in the Prospectus, the Final Terms relating to the Notes and the Standard Provisions shall have the same meaning when used herein.
- 3 The Corporation represents and warrants to the undersigned that the representations, warranties and agreements of the Corporation set forth in Clause 2 of the Standard Provisions (with the term "Prospectus" revised to read the "Prospectus as amended and supplemented with respect to Notes at the date hereof") are true and correct on the date hereof.
- 4 The obligation of the undersigned to purchase Notes hereunder is subject to the accuracy, on the date hereof and on the Settlement Date, of the Corporation's representations and warranties contained in Clause 2 of the Standard Provisions and to the Corporation's performance and observance of all applicable covenants and agreements contained therein, in each case with respect to the Notes. The obligation of the undersigned to purchase Notes hereunder is further subject to the receipt by the undersigned of an officer's certificate of the Corporation substantially in the form referred to in Clause 6.1 of the Standard Provisions, dated as of the Settlement Date.
- 5 The Corporation agrees that it will issue the Notes and the Dealer named below agrees to purchase the Notes at the purchase price specified above (being equal to the Issue Price of 100.00 per cent. and converted into USD using a rate of 1 USD = 64.0346 INR). Additionally the Corporation agrees that it shall pay a fee equal to 0.20 per cent. of the aggregate purchase price, converted into USD using the rate set out in the preceding sentence, in an amount of USD 98,384.31 for value on the Settlement Date to the order of the Dealer and as shall be separately advised to the Corporation.
- 6 The purchase price specified above will be paid by the Dealer by wire transfer in same-day funds to the Corporation for value on the Settlement Date.

- 7 The Corporation hereby appoints the undersigned as a Dealer under the Standard Provisions solely for the purpose of the issue of Notes to which this Terms Agreement relates. The undersigned accepts such appointment, whereupon it shall be vested, solely with respect to this issue of Notes, with all authority, rights and powers of a Dealer purchasing Notes as principal set out in the Standard Provisions, a copy of which it acknowledges it has received.
- 8 In consideration of the Corporation appointing the undersigned as a Dealer under the Standard Provisions solely with respect to this issue of Notes, the undersigned hereby undertakes for the benefit of the Corporation that, in relation to this issue of Notes, it will perform and comply with all of the duties and obligations expressed to be assumed by a Dealer under the Standard Provisions.
- 9 The undersigned acknowledges that such appointment is limited to this particular issue of Notes and is not for any other issue of Notes of the Corporation and that such appointment will terminate upon issue of the relevant Notes, but without prejudice to any rights (including, without limitation, any indemnification rights), duties or obligations of the Corporation and the undersigned which have arisen prior to such termination.

20. Call Option: Not Applicable

21. Put Option: Not Applicable

22. Final Redemption Amount of each Note: The Final Redemption Amount per Calculation Amount will be payable in USD and determined by the Calculation Agent, on the Rate Fixing Date in respect of the Maturity Date, as follows:

Calculation Amount *divided by* Reference Rate

Where:

“Calculation Agent” means JPMorgan Chase Bank, N.A., London Branch

“Reference Rate” means the rate used on each Rate Fixing Date will be the USD/INR spot rate, expressed as the amount of Indian Rupees per one United States Dollar, for settlement in two Fixing Business Days, reported by the Reserve Bank of India, which is displayed on Reuters Screen “**RBIB**” Page (or any successor page) at approximately 2:00pm, Mumbai time, on each Rate Fixing Date.

If such rate is:

- (i) discontinued and/or is no longer published by the Reserve Bank of India on any successor page; or
- (ii) no longer used in the ISDA Non-Deliverable Swap Transaction Fallback Matrix, as amended and supplemented from time to time and published by ISDA on its website at <http://www.isda.org> (or any successor website thereto) for INR/USD currency pair; or
- (iii) not indicative of the market standard rate (as determined in the sole discretion of the Calculation Agent) (clauses (i), (ii) and (iii) individually and collectively the “Reference Rate Disruption Events”)

then the rate shall be determined by the Calculation Agent in good faith and in a commercially

reasonable manner. For the avoidance of doubt, if any of the Reference Rate Disruption Events apply, then the remedies referred to in this section supersede the Price Source Disruption Event remedies specified below.

If a Price Source Disruption Event occurs on the Scheduled Rate Fixing Date, then the Reference Rate for such Rate Fixing Date shall be determined by the Calculation Agent in accordance with the Fallback Provisions set out below.

“Rate Fixing Date” means the Scheduled Rate Fixing Date, subject to Valuation Postponement

“Scheduled Rate Fixing Date” means the date which is two Fixing Business Days prior to the Interest Payment Date or the Maturity Date or such other date on which an amount in respect of the Notes is due and payable.

If the Scheduled Rate Fixing Date is an Unscheduled Holiday, the Rate Fixing Date shall be the next following relevant Fixing Business Day, subject to the Deferral Period for Unscheduled Holiday set out below.

“Fixing Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Mumbai

“Unscheduled Holiday” means a day that is not a Fixing Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in Mumbai, two Fixing Business Days prior to the relevant Rate Fixing Date.

Adjustments to Interest Payment Date and Maturity Date:

If a Scheduled Rate Fixing Date is adjusted in accordance with the Following Business Day Convention or if Valuation Postponement applies, then the Interest Payment Date or Maturity Date relating to such Scheduled Rate Fixing Date shall be as soon as practicable, but in no event later than two (2) Payment Business Days after the date on which the Reference Rate for such Interest Payment Date

or Maturity Date is determined.

If any Interest Payment Date or Maturity Date is adjusted in accordance with the preceding sentence, then such adjustment (and the corresponding payment obligations to be made on such dates) shall apply only to the Interest Payment Date and no further adjustment shall apply to the amount of interest payable.

Fallback Provisions:

“Price Source Disruption Event” means it becomes impossible to obtain the Reference Rate on a Rate Fixing Date.

“Applicable Price Source Disruption Fallbacks”:

In the event of a Price Source Disruption Event, the Calculation Agent shall apply each of the following Price Source Disruption Fallbacks for the determination of the Reference Rate, in the following order, until the Reference Rate can be determined.

1. Valuation Postponement	(As defined below)
2. Fallback Reference Price	SFEMC INR Indicative Survey Rate (INR02)
3. Fallback Survey Valuation Postponement	(As defined below)
4. Calculation Agent Determination of INR Rate	

“Cumulative Events” has the following meaning: except as provided below, in no event shall the total number of consecutive calendar days during which either (i) valuation is deferred due to an Unscheduled Holiday, or (ii) a Valuation Postponement shall occur (or any combination of (i) and (ii)), exceed 14 consecutive calendar days in the aggregate. Accordingly, (x) if, upon the lapse of any such 14 calendar day period, an Unscheduled Holiday shall have occurred or be continuing on the

day following such period that otherwise would have been a Fixing Business Day, then such day shall be deemed to be a Rate Fixing Date, and (y) if, upon the lapse of any such 14 calendar day period, a Price Source Disruption shall have occurred or be continuing on the day following such period on which the Reference Rate otherwise would be determined, then Valuation Postponement shall not apply and the Reference Rate shall be determined in accordance with the next Price Source Disruption Fallback.

“Valuation Postponement” means that the Reference Rate will be determined on the Fixing Business Day first succeeding the day on which the Price Source Disruption Event ceases to exist, unless the Price Source Disruption Event continues to exist (measured from the date that, but for the occurrence of the Price Source Disruption Event, would have been the Rate Fixing Date) for a consecutive number of calendar days equal to the Maximum Days of Postponement. In such event, the Reference Rate will be determined on the next Fixing Business Day after the Maximum Days of Postponement (which will, subject to the provisions relating to Fallback Survey Valuation Postponement, be deemed to be the applicable Rate Fixing Date) in accordance with the next applicable Price Source Disruption Fallback.

Maximum Days of Postponement: 14 Calendar Days

“SFEMC INR Indicative Survey Rate (INR02)” means that the Reference Rate for a given Rate Fixing Date will be the Indian Rupee/U.S. Dollar Specified Rate for U.S. Dollars, expressed as the amount of Indian Rupees per one U.S. Dollar, for settlement in two Fixing Business Days, as published on SFEMC’s web site at approximately 3:30 p.m. (Singapore time), or as soon thereafter as practicable, on such date. The INR Rate shall be calculated by SFEMC (or a service provider SFEMC may select in its sole discretion) pursuant to the SFEMC INR Indicative Survey Methodology (“SFEMC INR Indicative Survey”) for the purpose of determining the SFEMC INR Indicative Survey Rate (INR02).

“SFEMC INR Indicative Survey” means a methodology, dated as of December 1, 2004, as

amended from time to time, for a centralized industry-wide survey of financial institutions that are active participants in the Indian Rupee/U.S. Dollar markets for the purpose of determining the SFEMC INR Indicative Survey Rate (INR02).

“Fallback Survey Valuation Postponement” means that, in the event that the Fallback Reference Price is not available on or before the third Fixing Business Day (or day that would have been a Fixing Business Day but for an Unscheduled Holiday) succeeding the end of either (i) Valuation Postponement for Price Source Disruption, (ii) Deferral Period for Unscheduled Holiday, or (iii) Cumulative Events, then the Reference Rate will be determined in accordance with the next applicable Disruption Fallback on such day (which will be deemed to be the applicable Rate Fixing Date). For the avoidance of doubt, Cumulative Events, if applicable, does not preclude postponement of valuation in accordance with this provision.

“Payment Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York City and Mumbai.

Deferral Period for Unscheduled Holiday:

In the event the Scheduled Rate Fixing Date is postponed due to the occurrence of an Unscheduled Holiday, and if the Rate Fixing Date has not occurred on or before the 14th calendar day after the Scheduled Rate Fixing Date (any such period being a “Deferral Period”), then the next day after the Deferral Period that would have been a Fixing Business Day but for the Unscheduled Holiday, shall be deemed to be the Rate Fixing Date.

23. Early Redemption Amount:

Early Redemption Amount(s) of each Note payable on event of default or other early redemption and/or the method of calculating the same (if required or if different from that set out in the Conditions):

The Final Redemption Amount as determined in accordance with item 22 above plus accrued and unpaid interest, if any, as determined in accordance with item 15(iii) above; *provided that*, for the purposes of such determination, the Scheduled Rate Fixing Date shall be the date that is two Fixing Business Days prior to the date upon which the Notes become due and payable.

6. USE OF PROCEEDS

The net proceeds of the issue of the Notes will be allocated within IFC's Treasury to a special sub-portfolio that will be linked to IFC's lending operations for Climate Projects† ("Eligible

Projects”). The sub-portfolio will be invested by IFC’s Treasury in accordance with IFC’s liquid asset management investment guidelines. So long as the Notes are outstanding, the balance of the sub-portfolio will be reduced by amounts matching disbursements made in respect of Eligible Projects.

Eligible Projects will be selected from all Climate projects funded, in whole or in part, by IFC. IFC reserves the right to lend directly or indirectly. Climate projects may include the following investments:

- investments in equipment, systems and services which result in a reduced use of energy per unit of product or service generated, such as waste heat recovery, cogeneration, building insulation, energy loss reduction in transmission and distribution;
- investments in equipment, systems and services which enable the productive use of energy from renewable resources such as wind, hydro, solar and geothermal production;
- investments to improve industrial processes, services and products that enhance the conversion efficiency of manufacturing inputs (energy, water, raw materials) to saleable outputs, including reduction of impact at source;
- investments in manufacturing of components used in energy efficiency, renewable energy or cleaner production, such as solar photovoltaics, manufacture of turbines, building insulation materials;
- investments in sustainable forestry; and
- lending to financial intermediaries with the requirement that the IFC’s investments be on-lent to specific climate projects that fit the criteria contained herein.

The above examples of Eligible Projects are for illustrative purposes only and no assurance can be provided that disbursements for projects with these specific characteristic will be made by IFC during the term of the Notes.

The payments of interest and the principal of the Green Bond is strictly based on the credit quality of IFC, and is not directly affected by the result of the underlying investments that IFC makes.
