Nanes, Delorme Capital Management, LLC
(A Limited Liability Company)
400 Madison Avenue, Suite 12C
New York, NY 10017

We have audited the accompanying statement of financial condition of Nanes, Delorme Capital Management, LLC (A Limited Liability Company) as of December 31, 2015, and the related statements of (loss), member's equity, cash flows, and the statement of 15c3-1 net capital computation for the year then ended that you are filing pursuant to 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nanes, Delorme Capital Management, LLC (A Limited Liability Company) at December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

4. Financial Instruments with Off-Balance Sheet Credit Risk:

As a securities broker, the company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The company introduces these transactions for clearance to other broker/dealers on a fully disclosed basis.

The company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the company and the company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the company and its clearing brokers provides that the company is obligated to assume any exposure related to such non-performance by its customers. The company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guidelines. The company monitors its customers' activity by reviewing information it receives from its clearing brokers on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

5. Going Concern
