KEDEM CAPITAL CORPORATION
NOTES TO STATEMENT OF FINANCIAL CONDITION
FOR THE YEAR ENDED DECEMBER 31, 2015

1. ORGANIZATION AND NATURE OF BUSINESS

Kedem Capital Corporation (the "Company") began doing business as a registered broker-dealer in securities with the Securities and Exchange Commission in 1986. In this capacity, it executes both principal and agency transactions for itself and its customers. The Company operates on a fully disclosed basis through its clearing broker, National Financial Services LLC ("NFS").

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (counterparty risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counter-party risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker/dealer, clearing organization, customer and/or other counter-party with which it conducts business.

The Company introduces its customer transactions to NFS with whom it has a correspondent relationship for execution and clearance in accordance with the terms of a clearance agreement. In connection therewith, the Company has agreed to indemnify NFS for losses that the clearing broker may sustain related to the Company's customers. Securities purchased by customers in connection with those transactions are held by the clearing broker as collateral for the amounts owed. At December 31, 2015, the receivable from clearing broker reflected on the statement of financial condition was substantially in cash.

2. SIGNIFICANT ACCOUNTING POLICIES

Security transactions and financing with NFS are classified as operating activities on the statement of cash flows since this is the Company's principal business.

Investments in securities that are traded on a securities exchange are valued at the last reported sales price on the primary exchange on the last business day of the year. Investments in securities traded in the over-the-counter market for which no market quotations are available are valued at the last reported bid prices.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade date basis. Commissions are recorded on a settlement date basis. Realized gains and losses on security transactions are based on the first-in, first-out or the specific-identification method. Dividend income and dividends on securities sold short are recorded on the ex-dividend date.

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America which require management to make estimates and assumptions in determining the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates

Leasehold improvements are amortized over their economic useful life.

3. CASH AND CASH EQUIVALENTS

The Company maintains cash and cash equivalents with financial institutions. Funds deposited with a single bank are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation ("FDIC"). Cash deposited with a single brokerage institution are insured up to \$500,000 per customer, including up to \$250,000 for cash deposits, by the Securities Investor Protection Corp. ("SIPC"). The Company considers all highly liquid instruments purchased with a maturity date of three months or less when purchased to be cash equivalents.

4. PROVISION FOR INCOME TAXES

The Company is recognized as an S-Corporation by the Internal Revenue Service. As an S-Corporation, the Company is subject to a New York State surcharge, while the shareholder is liable for federal and state income taxes on the Company's taxable income. As a result, the financial statements reflect the minimum tax charged by the State of New York.

FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Partnership's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax

authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. The tax years that remain subject to examination are 2012, 2013, 2014 and 2015. For the year ended December 31, 2015 management has determined that there are no material uncertain income tax positions.

5. COMMITMENTS AND CONTINGENT LIABILITIES

The Company had no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2015 or during the year then ended.

6. RULE 15C3-3

The Company is exempt from the provisions of Rule 15c3-3 under paragraph (k)(2)(ii) in that the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received, does not otherwise hold funds or securities for or owe money or securities to customers and effectuates all financial transactions on behalf of customers on a fully disclosed basis.

7. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$159,810 which exceeded the minimum requirement of \$100,000 by \$59,810. The Company's ratio of aggregate indebtedness to net capital ratio was .14 to 1.

9. LIABILITIES SUBORDINATED TO THE CLAIMS OF GENERAL CREDITORS

As of December 31, 2015, the Company had not entered into any subordinated loans agreements.
