NOTES TO FINANCIAL STATEMENTS

December 31, 2015

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF ORGANIZATION

Lee Financial Sceurities, Inc. (the "Company"), a Hawaii Corporation, was formed on May 13, 1988, and is a wholly-owned subsidiary of Lee Financial Group Hawaii, Inc., an investment management services organization. The Company is registered as a general securities broker-dealer with the Securities and Exchange Commission.

The Company has a distribution agreement with Lee Financial Mutual Fund, Inc. (the "Fund"), a nondiversified, open-end, management investment company. Pursuant to Rule 12b-1 of the Investment Company Act of 1940, a distribution plan adopted by the Fund reimburses the Company for certain expenses incurred in distributing the Fund's shares.

INCOME TAXES

The Company is included in the consolidated federal and state income tax returns of its parent. Income taxes are provided for on a separate return basis only to the extent that income tax expense (credit) is incurred by the consolidated group. Although income tax expense was incurred by the consolidated group for the year ended December 31, 2015, no provision was allocated, due to the net loss incurred by the Company for the year.

Management has analyzed the Company's tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on federal, state and local income tax returns for open years (2012 - 2014) or expected to be taken on the Company's 2015 tax return.

USE OF ESTIMATES

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expenses during the reported period. Actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of cash, commissions receivable, and accrued expenses approximate fair value because of the short maturity of these items.

SUBSEQUENT EVENTS

Subsequent events after the balance sheet date through the date that the financial statements were issued have been evaluated in the preparation of the financial statements.

OTHER

Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

(2) **REGULATORY REQUIREMENTS**

The Company is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934 (reserve requirement for brokers and dealers) in that the Company does not hold funds or securities for customers and it promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer.

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined, equal to the greater of \$5,000 or 6-2/3% of aggregate indebtedness. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2015, the Company had net capital of \$17,129, and net capital requirements of \$5,000.
