**WORDEN CAPITAL MANAGEMENT LLC**  
**Notes to Statement of Financial Condition**  
**December 31, 2015**

**NOTE 1:      Organization and Nature of Business**

Worden Capital Management LLC (The "Company") is a limited liability company registered in the State of New York. The Company is a broker/dealer registered with the Securities and Exchange Commission ("SEC") and is a member of Financial Industry Regulatory Authority ("FINRA").

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the SEC and accordingly, is exempt from the remaining provisions of that rule. The Company clears all U.S. transactions on a fully disclosed basis through COR Clearing, an independent clearing firm. The Company does not hold customer funds or safe keep customer securities.

**NOTE 2:      Summary of Significant Accounting Policies**

**a)      Cash and Cash Equivalents**

All unrestricted highly liquid investments with initial or remaining maturities of less than 90 days at the time of purchase are considered cash and cash equivalents. The Company's cash is held by major financial institutions. At times, such amount may exceed the Federal Deposit Insurance Corporation ("FDIC") limit. At December 31, 2015 the Company did not have any cash equivalents.

**b)      Income Taxes**

The company operates as a single member limited liability company for tax purposes. All income and losses are reported by the sole member on the entities tax return. Therefore, all income taxes are the responsibility of the sole member.

**NOTE 2: Summary of Significant Accounting Policies (cont.)**

**b) Income Taxes (cont.)**

In accordance with ASC 740, Income Taxes, the Company is required to disclose unrecognized tax benefits resulting from uncertain tax positions. At December 31, 2015, the Company did not have any unrecognized tax benefits or liabilities. The Company operates in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

**c) Fixed Assets**

Fixed assets are stated at cost, net of accumulated depreciation. Furniture, equipment and leasehold improvements are depreciated on a straight-line basis using their estimated useful lives.

Maintenance, repairs and renewals that neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred. Gains and losses on disposition of property and equipment are included in income.

**d) Significant Credit Risk**

The responsibility for processing customer activity rests with the Company's clearing firm, COR Clearing ("COR"). The Company's clearing and execution agreement provides that COR's credit losses relating to unsecured margin accounts receivable of the Company's customers are charged back to the Company.

In accordance with industry practice, COR records customer transactions on a trade date basis. COR is therefore exposed to risk of loss on these transactions in the event of the customer's inability to meet the terms of its contracts, in which case COR may have to purchase or sell the underlying financial instruments at prevailing market prices in order to satisfy its customer-related obligations. Any loss incurred by COR is charged back to the Company.

The Company, in conjunction with COR, controls off-balance-sheet risk by monitoring the market value and marking securities to market on a daily basis and by requiring adjustments of collateral levels. COR establishes margin requirements and overall credit limits for such activities and monitors compliance with the applicable limits and industry regulations on a daily basis.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Company to make estimates and assumptions that

affect certain reported amounts and disclosures. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent; however, actual results could differ from those estimates.

**e) Receivables from Clearing Broker**

Receivables from clearing broker on the statement of financial condition consist of commissions earned by the Company that are held with the clearing broker.

**f) Revenues**

The Company earns commission revenue from effecting trades in U.S. and non U.S. equity securities. Commissions and related clearing expenses are recorded on a trade date basis as security transactions occur.

The Company earns revenue by charging an account maintenance fee.

**NOTE 3: Financial Instruments**

The Company's financial instruments are measured and reported on a fair value basis. The ASC defines fair value and establishes a framework for measuring fair value, as well as a fair value hierarchy based on inputs used to measure fair value.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

**Fair Value Hierarchy**

Financial assets and liabilities are classified based on inputs used to establish fair value as follows:

Level 1: Valuation inputs are unadjusted quoted market prices for identical assets or liabilities in active markets;

Level 2: Valuation inputs are quoted prices for identical assets or for similar assets and liabilities in active markets and other valuation techniques utilizing observable inputs

**NOTE 3: Financial Instruments (cont.)**

**Fair Value Hierarchy (cont.)**

directly or indirectly related to the asset or liability being measured;

Level 3: Valuation techniques utilize inputs that are unobservable and significant to the fair value measurement.

At December 31, 2015 the Company did not own any financial assets or liabilities other than cash and cash equivalents and other assets and liabilities with short and intermediate term maturities and defined settlement amounts. The carrying amounts of cash and other assets and liabilities with defined settlement amounts are reported at their contractual amounts, which approximates fair value.

**NOTE 4: Minimum Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires broker dealers to maintain minimum net capital. The ratio of aggregate indebtedness to net capital shall not exceed 15 to 1 for ongoing concerns. As per page 13 and 14, the company's current requirement is \$5,000. At December 31, 2015, the Company had a net capital of \$302,168 which was \$269,452 in excess of its required net capital of \$32,716. The Company's net capital ratio was 1.62 to 1.

**NOTE 5: Reserve Requirement Computation**

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customers' ability to satisfy its obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount.

The Company seeks to control the aforementioned risks by monitoring all transactions entered into on a daily basis and insuring that no incorrect trades are recorded.

**NOTE 10: Commitment and Contingencies**

The Company is obligated under the terms of a lease for the period May 1, 2012 through June 30, 2017. The rent expense for the year ended December 31, 2015 was \$56,138. The following are the future payments:

In accordance with applicable margin lending practices, customer balances are typically collateralized by customer securities or supported by other recourse provisions. At December 31, 2015, no amounts were recorded under such agreement as no loss exists.

**NOTE 12: Deposit with Clearing Broker**

The Company maintains cash deposited with COR Clearing pursuant to fully disclosed clearing agreement ("Clearing Agreement") entered into on February 25, 2009, which is meant to assure the Company's performance, including but not limited to the indemnification obligations specified in the Clearing Agreement.
