PETRIE PARTNERS SECURITIES, LLC

Notes to Financial Statement

Note 1 - Description of Business and Summary of Significant Accounting Policies

Organization

Luopan Capital, LLC (“Luopan”) was formed in 2002 as an Illinois limited liability company and became a registered broker/dealer with the SEC and registered member of the Financial Industry Regulatory Authority (“FINRA”) on November 3, 2004. On May 31, 2012, Strategic Energy Advisors, LLC, a Delaware limited liability company, acquired Luopan. On June 1, 2012, Luopan was granted its application to change its name to Strategic Energy Securities, LLC by the Illinois Secretary of State and was also granted its application for continuance in membership by FINRA on September 6, 2012.

On September 20, 2012, Strategic Energy Securities, LLC was granted its application to change its name to Petrie Partners Securities, LLC, and on August 23, 2012, Strategic Energy Advisors, LLC was granted its application to change its name to Petrie Partners, LLC. Petrie Partners Securities, LLC (the “Company”) is a wholly owned subsidiary of Petrie Partners, LLC (the “Parent”).

On June 11, 2013, the Company was merged into Strategic Energy Securities, LLC, a Delaware limited liability company, also wholly owned by the Parent. The name of the surviving limited liability company is Petrie Partners Securities, LLC.

The Parent is a boutique investment banking firm offering financial advisory services to the oil and gas industry. The Parent provides specialized advice on divestitures and other strategic corporate and financial matters. Business involving securities-related advice, specifically in the areas of private placements or mergers and acquisitions, including providing fairness opinions, as well as firm commitment and best efforts underwritings, is conducted through the Company, a regulated securities broker dealer.

The Company is engaged in a single line of business as a securities broker dealer. The Company is exempt from Rule 15c3-3 under Subsection (K) and does not hold, nor does it plan to hold, any customers’ securities or funds. Under this exemption, *Computation for Determination of Reserve Requirements and Information Relating to Possession or Control Requirements* are not required.

The Company’s affiliation with the Parent should be taken into consideration in reviewing the accompanying financial statements.

Use of Estimates

The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statement.

PETRIE PARTNERS SECURITIES, LLC

Notes to Financial Statement

Note 1 - Description of Business and Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

The Company reports all highly liquid short-term investments purchased with original maturities of three months or less as cash equivalents. As of the financial statement date, and periodically throughout the year, the Company has maintained balances in various operating accounts in excess of federally insured limits.

Concentrations of Credit Risk

Financial instruments, which potentially subject the Company to concentration of credit risk, consist principally of cash and cash equivalents. The Company places its temporary cash investments with what management believes are financial institutions with high credit quality.

Goodwill

The excess of the purchase price over the identifiable net assets acquired for businesses purchased by the Company from third parties has been recorded as goodwill. Goodwill is assigned exclusively to one reporting unit. In 2012, the Company adopted new accounting guidance that provides the option of first assessing qualitative factors to determine whether events and circumstances indicate that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If it is determined that the fair value for a reporting unit is more likely than not greater than the carrying amount for that reporting unit, then the two-step impairment test is unnecessary. Management performed the qualitative analysis and concluded that the two-step impairment test was unnecessary and that no indicators of impairment existed at December 31, 2015.

Income Taxes

The Company has elected to be treated as a limited liability company for income tax purposes. Accordingly, all taxable income and losses are reported on the income tax return of the Parent, its managing member, and no provision for income taxes has been recorded in the accompanying financial statement.

The Company applies a more-likely-than-not recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken, or expected to be taken, in a tax return. If taxing authorities were to disallow any tax positions taken by the Company, the additional income taxes, if any, would be imposed on the managing member rather than the Company. Accordingly, there would be no effect on the Company's financial statements.

PETRIE PARTNERS SECURITIES, LLC

Notes to Financial Statement

Note 2 - Member's Equity

Effective May 31, 2012, the Company adopted an Operating Agreement (the "Agreement"). Pursuant to the Agreement, the Company is member-managed by its sole member, the Parent. As manager, the Parent is expressly authorized on behalf of the Company to make all decisions with respect to the Company's business and to take all actions necessary to carry out such decisions, including determining the amount of cash and other property available for distribution to the Parent and causing the Company to make such distribution. The Parent is not obligated to make additional capital contributions to the Company under the Agreement and is indemnified by the Company for any acts or failures to act other than for willful misconduct or gross negligence.

Note 3 - Carried Interest

In January 2014, pursuant to its engagement with Altira Group, LLC, in addition to cash compensation received, the Company received a grant of a 5% share of the carried interest held by Altira Management VI LLC ("Altira GP") in Altira Fund VI L.P. ("Altira Fund"). Altira Fund is a \$122 million private venture fund focused on investing in equity and equity-oriented securities of privately held companies in the energy technology sector. The carried interest entitles Altira GP to a share of the discretionary distributions from Altira Fund investment returns equal to 20% (1% net to the Company) of all discretionary distributions after the limited partners in Altira Fund have received a return of their capital invested. As of the January 2014 grant date, the Altira Fund was less than 10% invested and had more than four years of remaining investment period. In determining the fair value of its carried interest, the Company considered (i) the potential timing and range of potential values to be realized on the Altira Fund investments, (ii) the amount of time remaining in the investment period, (iii) the remaining capital to be invested, and (iv) the subordination of distributions to Altira GP relative to the limited partner distributions. As a result of the fair value analysis performed, the Company determined the fair value of the carried interest to be de minimis at the time of grant and, therefore, no impairment assessment is required. Future revenues, if any, will be recognized in the period in which distributions are declared by Altira GP.

Note 4 - Contingent Contractual Payment

Pursuant to its engagement with Resource Energy Partners, LLC ("Resource"), in addition to cash compensation received, the Company is also contractually entitled to receive additional compensation equal to the lesser of (a) 1.0% of all distributions by Resource to its members in excess of an amount equal to (i) a return of capital to its members plus (ii) an 8% return on such capital invested from the date invested or (b) \$1,250,000 (the "Contingent Contractual Payment"). Resource is a private company formed and initially capitalized in 2015 for the purpose of acquiring, developing, and producing oil and gas. The Company did not record revenue associated with the Contingent Contractual Payment in 2015. Future revenues, if any, will be recognized in the period in which distributions are declared by Resource under the Contingent Contractual Payment.

PETRIE PARTNERS SECURITIES, LLC

Notes to Financial Statement

Note 5 - Related Party Transactions

Pursuant to a cost-sharing agreement with the Parent, the Company agreed to pay the Parent a certain amount per month, subject to quarterly adjustments as needed. In accordance with the cost-sharing agreement, in December 2015, the Company recorded a receivable of \$160,000 from the Parent as a true-up adjustment to allocate expenses between the Company and the Parent for the year in proportion to revenues, which is included in Due from Parent on the accompanying statement of financial condition.

During the year ended December 31, 2015, the Parent paid most of the Company's client-related out-of-pocket expenses directly. The balance due to the Parent for out-of-pocket expenses as of December 31, 2015 was \$19,331, which is included in the net amount due from Parent in the accompanying statement of financial condition of \$140,669.

Note 6 - Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital of the greater of \$100,000 or 6 2/3% of aggregate indebtedness. The Company's net capital at December 31, 2015 was \$499,658, which exceeded its minimum net capital requirement. Net capital may fluctuate on a daily basis. Additionally, SEC Rule 15c3-1 requires that the aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. The Company's net capital ratio was 0.09 to 1 as of December 31, 2015.

Note 7 - Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date that the financial statement available for issuance, and has determined the following event requires disclosure.

Effective January 1, 2016, the Company entered into a new cost-sharing agreement with the Parent, under which the Company agreed to pay the Parent a monthly fee for use of certain personnel, office space, telephones, computer server, and office equipment owned or leased by the Parent. This agreement may be adjusted quarterly as needed, provides for an annual true-up payment that serves to allocate expenses between the Company and Parent for the year in proportion to revenues recorded in the period, and can be terminated by either party with one month's notice.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Petrie Partners Securities, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3(k)(1) (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.
