These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). **Hudson Heritage Capital Management, Inc.**  
**Notes to the Financial Statements**  
**December 31, 2015**

**Note 1 – Organization and Nature of Business**

Hudson Heritage Capital Management, Inc. (the “Company”) is a broker-dealer incorporated October 1, 1997 in New York. The Company’s primary source of revenue is derived from commissions earned from the sale of mutual funds, municipal securities for Section 529 plans, variable life insurance or annuities and investment advisory services. The Company operates as a Financial Industry Regulatory Authority (FINRA) member firm and is a registered investment advisory firm. The Company and its owners are licensed with the FINRA. As of December 31, 2015, all registration fees and required filings have been made to the FINRA and the related state securities authorities.

**Note 2 – Summary of Significant Accounting Policies**

*Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting. Expenses are recognized when incurred, rather than when cash is disbursed, and revenue is recognized when earned, rather than when cash is received.

*Statement of Cash Flows*

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

*Allowance for Doubtful Accounts*

The Company provides for estimated losses on accrued fees receivable, using the allowance method, based on prior bad debt experience and a review of existing receivables. The Company has evaluated its accrued fees receivable at December 31, 2015 and has determined that no allowance for doubtful accounts is required as the accrued fees receivable balance at December 31, 2015 has been collected in full subsequent to December 31, 2015.

**Hudson Heritage Capital Management, Inc.**  
**Notes to the Financial Statements (continued)**  
**December 31, 2015**

**Note 2 – Summary of Significant Accounting Policies (continued)**

*Commissions*

Commissions are recorded as securities transactions occur and are credited by account.

*Investment Advisory Income*

Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract.

**Note 3 – Fair Value**

*Fair Value Hierarchy*

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- *Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities the Company can access at the measurement date.
- *Level 2.* Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly.
- *Level 3.* Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

**Hudson Heritage Capital Management, Inc.**  
**Notes to the Financial Statements (continued)**  
**December 31, 2015**

**Note 3 – Fair Value (continued)**

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Company's financial instruments consist mainly of cash, accounts payable and accrued expenses. The carrying amounts in these financial statements approximate fair value due to their short-term nature.

**Note 4 – Income Taxes**

The Company, with the consent of its shareholders, has elected S Corporation status for Federal and New York State income tax purposes. As such, the stockholders of the Company are required to include the Company's taxable income on their individual income tax returns. Accordingly, there is no provision for Federal and New York State income taxes. The Company also does business in New Jersey, where S Corporation status has not been elected. The Company records a provision for income taxes for its New Jersey income tax and New York franchise tax. The provision for income taxes for the year ended December 31, 2015 consists of \$2,294 in current state income taxes.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The Company is currently not under any examination by federal or state tax authorities. The Company is no longer subject to U.S. federal, state and local income tax examinations by tax authorities for years before 2012.

**Note 5 – Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$191,103, which was \$186,103 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital as of December 31, 2015 was 0.42 to 1.

**Hudson Heritage Capital Management, Inc.**  
**Notes to the Financial Statements (continued)**  
**December 31, 2015**

**Note 6 – Employee Benefit Plan**

The Company has a qualified retirement savings plan covering eligible full-time employees.

**Note 7 – Commitments and Contingencies**

*Operating Leases*

The Company rents office space under non-cancelable operating lease agreements expiring through 2018. Certain leases are subject to rental increases. The Company is also required to pay its pro-rata share of real estate taxes and other costs under certain leases.

Minimum annual future rental payments under the operating leases, excluding certain operating costs, follows:

Year ending December 31,

2016	64,734
2017	50,580
2018	<u>42,150</u>
Total	\$157,464

Minimum payments have not been reduced by minimum sublease rentals of \$17,275 due in the future under non-cancelable subleases.

The following shows the composition of total rental expense for the year ended December 31, 2015:

Minimum rentals	78,965
Less: Sublease rentals	<u>(22,280)</u>
	\$56,685

**Hudson Heritage Capital Management, Inc.**  
**Notes to the Financial Statements (continued)**  
**December 31, 2015**

**Note 8 – Basic Earnings Per Share**

Basic earnings per share of common stock were computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the year. Diluted earnings per share are not presented because the Company has issued no dilutive potential common shares.

**Note 9- Subsequent Events**

The Company has evaluated subsequent events through February 24, 2016, the date which the financial statements were available to be issued.

### Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of  
Hudson Heritage Capital Management, Inc.:

We have reviewed management's statements, included in the accompanying Supplemental Schedule IV, Exemption Report, in which (1) Hudson Heritage Capital Management, Inc. (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(1) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.
