BROKER DEALER FINANCIAL SERVICES CORP.

STATEMENT OF FINANCIAL CONDITION
AND REPORT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

DECEMBER 31, 2015

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Broker Dealer Financial Services Corp.

We have audited the accompanying statement of financial condition of Broker Dealer Financial Services Corp. (an Iowa S Corporation) (the Company) as of December 31, 2015 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. Broker Dealer Financial Services Corp.'s management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Broker Dealer Financial Services Corp. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

BROKER DEALER FINANCIAL SERVICES CORP.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2015

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Broker Dealer Financial Services Corp. (the "Company"), a wholly-owned subsidiary of BDFSC Holdings Corp., was incorporated in the state of Iowa on September 13, 1979. The Company is registered with the Securities and Exchange Commission and the Commodities Futures Trading Commission and is a member of the National Futures Association and the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business day as the transaction date.

Securities owned - Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Customer List - The Company evaluates the carrying value of its customer list during the fourth quarter of each year and between annual evaluations, if events occur or circumstances change that would more likely than not reduce the fair value below its carrying amount.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2015

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

BROKER DEALER FINANCIAL SERVICES CORP.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2015

NOTE 2 - FAIR VALUE MEASUREMENT - *(Continued)*

- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability

Level 1 inputs have been used to value securities owned, which consist solely of securities registered under the Investment Company Act of 1940.

No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority and National Futures Association, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2015, the Company's net capital and required net capital were \$629,321 and \$66,150, respectively. The ratio of aggregate indebtedness to net capital was 158%.

NOTE 4 - CASH SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS

The Company has established a special bank account for the benefit of customers under Rule 15c3-3(k)(2)(i) of the Securities and Exchange Commission.

NOTE 5 - COMMITMENTS

The Company has purchased customer lists from other broker/dealers. Under the terms of these purchase agreements the Company assumed office leases at other office locations which are on a month to month rental basis. Rent expense for these offices is included in occupancy on the statement of income.

One agreement requires payments until the total amount reaches \$75,000. As of December 31, 2015, \$39,785 has been paid under the terms of this agreement.

NOTE 6 - OTHER COMMITMENTS

In September of 2012, BDFSC Holdings Corp. (BDFSC), the Parent Company of Broker Dealer Financial Services Corp. was named as party to an agreement with a former shareholder of BDFSC. The original term of the agreement is five years and is automatically renewed for one year periods unless terminated by either party as specified in the agreement. The agreement requires BDFSC, at the direction of the former shareholder, to appoint a non-voting advisory member to the BDFSC Board of Directors. In addition, the agreement provides to the former shareholder of BDFSC, control of certain branding and naming rights to the "IBA Securities" division of the Company. The agreement also requires BDFSC to pay \$2,000 per month to the former shareholder of BDFSC for an endorsement and other services.

The Company has entered into a non-compete agreement with a former financial advisor that expires September 30, 2016. As long as the former financial advisor complies with the terms of the agreement, the Company will pay the former financial advisor a monthly declining commission starting at 50%, on revenue derived from accounts previously managed by the former financial advisor. The amount paid in regards to this agreement was \$23,514 during the year ended December 31, 2015.

NOTE 10 - OFF-BALANCE SHEET RISK AND CLEARING AGREEMENTS

The Company enters into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include futures, exchange-traded and over the counter options and securities purchased and sold on a when-issued basis (when-issued securities). These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk.

In addition, the Company's customers may sell securities that they do not currently own and will therefore be obligated to purchase such securities at a future date.

The Company enters into the foregoing transactions involving derivatives and other off-balance sheet financial instruments solely for the benefit of its customers, therefore the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to the foregoing derivatives and other off-balance sheet financial instruments, as mentioned hereafter.

In order to facilitate securities transactions, including the aforementioned transactions, in November 2013, the Company amended a previous agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer. The customers' accounts are therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf.

In addition, the Company has also entered into an agreement with a Futures Commission Merchant (FCM) to forward (introduce) customer transactions involving the purchase and sale of futures, delayed deliveries and other financial instruments to the FCM, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the FCM. The customer account is therefore maintained and recorded in the books and records of the FCM on the Company's behalf.

BROKER DEALER FINANCIAL SERVICES CORP.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2015

NOTE 10 - OFF-BALANCE SHEET RISK AND CLEARING AGREEMENTS - *(Continued)*

In consideration for introducing customers to both the Clearing Broker/dealer and FCM, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer and FCM. As part of the terms of the agreements between the Company and Clearing Broker/dealer and the Company and FCM, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer or FCM fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions and other financial instruments.

The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer or FCM to purchase or sell the securities or other financial instruments at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The Company is required to maintain a \$25,000 deposit and a minimum equity of \$500,000 in another firm account with the Clearing broker/dealer. The Company is also prohibited from entering into a similar agreement with another broker/dealer without prior written approval from the Clearing Broker/dealer. Termination fees will be imposed if the Company terminates this amended agreement without cause or under other circumstances in the first five years of amended agreement. Other items are included therein.

NOTE 11 - EMPLOYEE STOCK OWNERSHIP PLAN

The Company sponsors an employee stock ownership plan (ESOP) for ownership in its parent corporation, BDFSC Holdings Corp. (BDFSC), covering substantially all employees who have attained the age of 21 and completed at least one year of service. The ESOP owns approximately 10% of the outstanding stock of BDFSC. Contributions are at the Company's discretion, but will generally approximate the annual principal and interest due on the ESOP's note payable (\$40,186 each year through December 31, 2030) and may not exceed the amount currently deductible for federal income tax purposes. Contributions vest 20% per year after two years of service. Employees are not permitted to make contributions to the ESOP. The current year contribution is included in the dividends paid to BDFSC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2015

NOTE 11 - EMPLOYEE STOCK OWNERSHIP PLAN - *(Continued)*

Under terms of the ESOP agreement, shares of stock received as a distribution by terminated participants must be sold back to BDFSC. Additionally, participants receive a "put option" whereby they are given two option periods per year that will permit the participant to sell BDFSC's stock to BDFSC at the current fair market value.

NOTE 12 - CONTINGENCY

The Company has a potential regulatory matter relating to a registered representative. The Company is actively investigating this matter and will take appropriate steps to defend itself against this action. The Company has not accrued any amount related to this matter at December 31, 2015, as no probable amount can be determined.
