Report of Independent Registered Public Accounting Firm	1
Statement of Financial Condition December 31, 2015	2
Notes to Statement of Financial Condition	3 - 12
Supplementary information: Schedule I - Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission	
December 31, 2015	13

Report of Independent Registered Public Accounting Firm

To the Board of Directors of Weeden & Co., L.P.

We have audited the accompanying statement of financial condition of Weeden & Co., L.P. as of December 31, 2015, and the related notes to the statement of financial condition. This financial statement is the responsibility of Weeden & Co., L.P.'s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Weeden & Co., L.P. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

The supplemental information contained in Schedule I has been subjected to audit procedures performed in conjunction with the audit of Weeden & Co., L.P.'s statement of financial condition. The supplemental information is the responsibility of Weeden & Co., L.P.'s management. Our audit procedures included determining whether the supplemental information reconciles to the statement of financial condition or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the statement of financial condition as a whole.

New York, New York February 26, 2016

CohnReynickZZY

See Notes to Statement of Financial Condition.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 1 - Organization:

Weeden & Co., L.P. (the "Company"), a Delaware limited partnership, is a registered broker and dealer in securities under the Securities Exchange Act of 1934. The Company is a member of various exchanges and the Financial Industry Regulatory Authority, Inc. ("FINRA"), and Securities Investor Protection Corporation ("SIPC"). The Company is registered with the Municipal Securities Rule Making Board ("MSRB") and the International Stock Exchange ("ISE"). The Company is notice registered as an Introducing Broker Dealer with the National Futures Association ("NFA").

Weeden Securities Corp. is the sole general partner (the "GP"), and manages and controls the business and affairs of the Company. Weeden Investors, L.P. ("WILP") is the sole limited partner. The Company is an introducing broker for the transactions of its institutional customers, a market-maker in certain securities in the over-the-counter market, conducts a capital markets business which includes advisory services, investment banking and underwriting participation, and also engages in trading activities in fixed income products, derivative products and listed equities in both domestic and international markets in which the Company commits its capital in order to facilitate its customers' orders. The Company also conducts an agency options business.

The Company has an agreement with another broker-dealer ("clearing broker") to clear transactions, carry customers' accounts on a fully disclosed basis and perform record keeping functions and, consequently, operates under the exemptive provisions of SEC rule 15c3-3(k)(2)(ii).

Note 2 - Significant accounting policies:

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Fair value is a market-based measurement that should be determined based on the assumptions market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). Valuation techniques used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO STATEMENT OF FINANCIAL CONDITION

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels, as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide information on an ongoing basis.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 inputs include the following:

- a. Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances, which might include the reporting entity's own data. However, market participant assumptions cannot be ignored and, accordingly, the reporting entity's own data used to develop unobservable inputs are adjusted if information is reasonably available without undue cost and effort that indicates that market participants would use different assumptions.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The fair value of the Company's investments, including cash segregated under Federal regulations and securities owned and sold, not yet purchased, as of and for the year ended December 31, 2015 were all measured using Level 1 inputs. At December 31, 2015, the Company has securities management deems worthless.

NOTES TO STATEMENT OF FINANCIAL CONDITION

The Company records principal transactions in securities and the related revenue and expenses on a trade-date basis.

Commissions and related clearing expenses are recorded on a trade-date basis.

The Company has clear-thru agreements with other brokers. The Company acts as the executing broker and charges an execution fee on trades it executes on behalf of these introducing brokers.

Investment banking revenues include gains, losses, fees, net of syndicate expenses, arising from securities offerings in which the Company acts as an underwriter or agent. Investment banking revenues also include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Investment banking management fees are recorded on offering date, sales concessions on settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable. Certain advisory fees are recognized as the services are performed.

Securities owned or securities sold, not yet purchased, by the Company are valued at their prevailing market prices based on the last sales price listed on a national securities exchange or the NASDAQ.

For securities whose inputs are based on bid-ask prices, the Company's valuation policies require that fair value be within the bid-ask range. For securities traded in the OTC markets and listed securities for which no sale was reported on the valuation date, such securities are valued at their last reported "bid" price if held long, and last reported "asked" price if sold short.

The Company has soft dollar arrangements with customers that fall within the safe harbor provisions of Rule 28(e) of the Securities Exchange Act of 1934.

The Company accounts for costs incurred in connection with the development of software in accordance with guidance on accounting for costs of computer software developed or obtained for internal use. Accordingly, all costs incurred in the preliminary project stage are expensed as incurred, and internal and external costs incurred to develop internal use computer software during the application development stage are capitalized.

Amortization for leasehold improvements is provided for using the straight-line method over the period of the leases. Amortization of internally created software is provided for using the straight-line method over five years. Depreciation for all other capitalized assets is provided for over the estimated useful lives of the related assets, generally five to seven years, using the straight-line method.

NOTES TO STATEMENT OF FINANCIAL CONDITION

The Statement of Financial Condition has been prepared in conformity with accounting principles generally accepted in the United States of America which require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Amounts paid to partners of WILP for salaries are expensed.

No provision is made in the accompanying financial statements for Federal or state income taxes since such liabilities are the responsibility of the individual partners.

The Company's U.S. Federal and state income tax returns prior to fiscal year 2012 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

The Company has evaluated events and transactions for potential recognition or disclosure through February 26, 2016, which is the date the Statement of Financial Condition was available to be issued.

Note 3 - Cash and cash equivalents:

During 2015, the Company maintained cash accounts in excess of FDIC and SIPC limits. The Company monitors the solvency of the institutions in which these cash accounts are maintained.

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Note 4 - Cash segregated under Federal regulations:

Cash of \$6,638,414 has been segregated in a special reserve bank account for the benefit of customers.

Note 5 - Receivable from clearing broker:

The clearing and depository operations for the Company's security transactions are provided by one broker who is a member of major securities exchanges. At December 31, 2015, all of the securities owned and the receivable from broker reflected in the Statement of Financial Condition are security positions with and amounts due from this clearing broker.

For financial reporting purposes, amounts due to broker have been offset against amounts due from broker for securities sold, not yet purchased, and other items. The securities serve as collateral for the amount due to the broker. Subject to the clearing agreement between the Company and the clearing broker, the clearing broker has the right to sell or re-pledge this collateral. Additionally, investments in securities and

NOTES TO STATEMENT OF FINANCIAL CONDITION

securities sold, not yet purchased, are subject to margin requirements.

The Company has agreed to indemnify its clearing broker for losses that the clearing broker may sustain from the customer accounts introduced by the Company.

Amounts receivable from and payable to the clearing broker at December 31, 2015 consist of the following:

	<u>Receivable</u>	<u>Payable</u>
Receivable from clearing broker Commissions and fees	\$8,558,974 	\$ 50,049
Totals	<u>\$9,630,834</u>	<u>\$ 50,049</u>

Included in receivable from clearing broker are two cash accounts aggregating \$5,200,000 that have been pledged as collateral to the broker.

Note 6 - Securities owned:

Marketable securities owned totaled \$13,005 and are included in other assets in the Statement of Financial Condition.

Note 7 - Leasehold improvements, furniture, fixtures, equipment, and software:

Leasehold improvements, furniture, fixtures, equipment, and software at cost consist of the following:

Software	\$13,230,050
Computers	3,611,531
Leasehold improvements	4,512,113
Equipment	1,320,486
Furnishings	<u>1,096,479</u> 23,770,659
Lane accumulated depresention and amortization	23,770,039
Less accumulated depreciation and amortization	21,144,550
Total	<u>\$ 2,626,263</u>

Note 8 - Financial statements with off-balance sheet risk:

The Company can enter into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments can include futures, exchange-traded and over-the-counter options, delayed deliveries, and securities purchased and sold on a when-issued basis (when-issued securities). These derivative financial instruments are used to meet the needs

NOTES TO STATEMENT OF FINANCIAL CONDITION

of customers and manage market risks and are subject to varying degrees of market and credit risk. Derivative transactions are entered into to economically hedge other positions or transactions.

Futures and when-issued securities provide for the delayed delivery of the underlying instrument. As a writer of options, the Company receives a premium in exchange for giving the counterparty the right to buy or sell the security at a future date at a contracted price. Futures contracts are executed on an exchange, and cash settlement is made on a daily basis for market movements. Accordingly, futures contracts generally do not have credit risk.

The credit risk for forward contracts, options and when-issued securities is limited to the unrealized market valuation gains recorded in the Statement of Financial Condition. Market risk is substantially dependent upon the value of the underlying financial instruments and is affected by market forces such as volatility.

All positions in derivatives are reported in the accompanying Statement of Financial Condition at fair value. The Company held no derivative instruments at December 31, 2015.

The Company sells securities that it does not currently own and, therefore, is obligated to purchase such securities at a future date. The Company records these obligations in the Statement of Financial Condition at fair values of the related securities.

In the normal course of business, the Company's customer activities involve the execution and settlement of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations to deliver cash or securities and the Company has to liquidate the security at a loss.

The Company's customer securities activities are transacted on a delivery vs. payment basis. The Company does not extend margin to its customers.

Note 9 - Related party transactions:

The Company from time to time enters into transfers with WILP. Interest is not charged on any intercompany or affiliate balances. At December 31, 2015, the amount due from WILP was \$72.

Effective January 1, 2009, WILP formed a new company with Pragma Group Investors LLC ("PGI") called Pragma Weeden Holdings LLC ("PWH"). PWH owns 100% of Pragma Securities LLC ("PS"), which is a broker-dealer that provides algorithmic trading software to its customers. Pursuant to an agreement that was effective January 1, 2011, the Company, WILP, PS, PGI and others agreed to

NOTES TO STATEMENT OF FINANCIAL CONDITION

amend all previous related agreements. As a result, certain commission, commission-sharing and expense sharing agreements between PS and the Company were modified.

The Company has a commission-sharing agreement with PS. The agreement provides that PS supply the use of its algorithmic trading software to the Company's customers in exchange for 100% of the net commissions derived from the Company's customers' usage of PS's algorithmic trading system. PS also charges the Company a fee per share for the Company's internal use of the software. At December 31, 2015, the amount due to PS was \$27,064.

At December 31, 2015, WILP owned 22% of The Leuthold Group LLC ("TLG"), a company which provides investment advisory services and sells research materials.

In April 2013, WILP and the GP acquired 99% and 1%, respectively, of Saxis Group, LLC ("SG"), a registered broker providing prime broker services to hedge funds, registered investment advisers and family offices. In July 2013, SG was renamed Weeden Prime Services, LLC ("WPS"). WPS is managed by its Board of Managers who reports to the GP Board of Directors.

In June 2013, the Company entered into a cross referral agreement with WPS. The two companies agreed to pay the referring party referral fees as per the terms of the agreement.

In July 2013, the Company and WPS executed an Expense Sharing Agreement whereby each of the parties agreed to be responsible for its proportionate share of the costs of the services provided by the Internal Service Providers and the Third-Party Providers including but not limited to rent, technology, programming, accounting services, and management services.

At December 31, 2015, the total due from WPS was \$215,305.

Note 10 - Employee benefit plans:

WILP sponsors a profit-sharing plan (the "Plan"), which covers all employees meeting specific age and service requirements. The Plan provides for WILP or the Company to make discretionary contributions based on a percentage of compensation. The Plan includes a 401(k) provision allowing employee deferrals.

Note 11 - Net capital requirement:

As a registered broker-dealer and a member of FINRA, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The Company computes its net capital under the alternative method. The net capital the Company is required to maintain, as defined, is the greater of \$250,000

NOTES TO STATEMENT OF FINANCIAL CONDITION

or up to \$1,000,000 based upon the number of markets it makes and the price of the subject securities. The Company maintains net capital of \$250,000. Net capital changes from day to day. At December 31, 2015, the Company had net capital of \$18,890,353, which exceeded the requirement of \$250,000 by \$18,640,353.

Note 12 - Lease commitments:

The Company occupies office space under several non-cancelable leases which expire between 2017 and 2027. The aggregate minimum rental commitments under these leases are as follows:

Year Ending December 31,	<u>Amount</u>
2016 2017 2018 2019 2020 Thereafter	\$ 2,286,819 2,142,554 2,133,236 2,034,350 1,952,770 14,807,760
Total	<u>\$25,357,489</u>

The leases, in addition to base rentals, provide for rent escalations and other charges which are not reflected in the amounts above.

In December 2012, WILP sold its headquarters. Subsequently, the Company entered into a lease with the new owner. To serve as the security deposit, the lease requires an unconditional and irrevocable letter of credit equal to not less than two years of base rent delivered to the landlord. The amount of the letter of credit that expired December 31, 2015 was \$3,537,360. On January 1, 2016, this letter of credit was amended for the amount of \$3,608,108 with an expiration date of December 31, 2016. The letter of credit is collateralized by a one year bank certificate of deposit owned by the Company for the aforementioned amount.

Included in accounts payable, accrued expenses and other liabilities is deferred rent of \$717,050 related to accounting for rent expense on a straight-line basis.

The Company has entered into three subleases, one with a related party and one that expired in 2015. The two remaining subleases expire in 2027.

NOTES TO STATEMENT OF FINANCIAL CONDITION

The aggregate minimum rental revenues under these leases are as follows:

Year Ending December 31,	<u>Amount</u>
2016 2017 2018 2019 2020 Thereafter	\$ 36,883 37,261 37,646 38,039 38,440 271,099
Total	<u>\$ 459,368</u>

Included in other assets is deferred rent receivable of \$5,470 related to accounting for rental income on a straight-line basis.

Note 13 - Commitments and contingencies:

In August 2008, the Company entered into a Sales and Use Tax Relief Program Implementing Agreement (the "Agreement") with the Connecticut Development Authority ("CDA"). At that time, the Company intended to acquire property to renovate, expand and equip its office space at its headquarters in Greenwich, Connecticut. The CDA granted the Company a benefit of sales and use tax exemptions in an amount not to exceed \$300,000 over a three year period on tangible personal property acquired in connection with the office renovations.

The renovations were completed in 2011, and in August 2011, the tax benefit program concluded.

The Agreement states that if the Company relocated its business operations outside of the State of Connecticut within a ten-year period following the date the Company received its first benefit from the CDA, the Company shall be liable for the total amount of the sales and use benefit which actually accrued plus 7.5% of such benefit ("Relocation Payment").

Pursuant to an agreement with The State of Connecticut Department of Economic and Community Development ("ECD"), the Company satisfied certain conditions of a \$1,500,000 loan from the ECD, and the loan was forgiven in April 2010. The Company is committed to maintain its headquarters in the State of Connecticut for a period of 10 years, or it would be required to return the \$1,500,000 plus a 7.5% penalty.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 14 - Partners' capital:

At December 31, 2015, partners' capital is comprised as follows:

Weeden Securities Corp. Weeden Investors, L.P.

\$ 274,891 27,214,193

Total \$27,489,084

WEEDEN & CO., L.P. SCHEDULE I - COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1 OF THE SECURITIES AND EXCHANGE COMMISSION DECEMBER 31, 2015

Net capital:	
Total partners' capital	\$ 27,489,084
Add allowable credits:	
Discretionary profit sharing plan	486,598
Discretionary bonus accrual	791,534
Total	1,278,132
Deduct nonallowable assets:	
Other assets, security deposit and due from related parties	7,146,437
Fixed assets, net	2,626,263
Total	9,772,700
Net capital before haircuts on securities positions	18,994,516
Haircut on securities and other charges	104,163
Net capital	\$ 18,890,353
Computation of basic net capital requirement:	
Minimum net capital required	\$ 250,000
E	£ 49.040.350
Excess of net capital	\$ 18,640,353

There were no material differences existing between the above computation and the computation included in the Company's corresponding unaudited Form X-17A-5 Part IIA filing.
