PRINCETON SECURITIES GROUP, LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 1 - Nature of Business

Princeton Securities Group, LLC. (The "Company") is a New York Limited liability company, formed for the purpose of conducting business as a broker on the floor of the New York Stock Exchange ("NYSE"). The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC").

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Note 2 - Summary of Significant Accounting Policies

a) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

b) Income Taxes

The Company has elected to be treated as a Partnership under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income.

c) Cash and Cash Equivalents

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

d) Equipment

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using accelerated methods.

e) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Note 2 - Summary of Significant Accounting Policies

f) ***Fair Value Measurements***

The Company carries its investments at fair value. ASC 820, *Fair Value Measurements and Disclosure*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Fair values derived from unadjusted quoted prices of identical assets in active markets.

Level 2 - Fair values derived from quoted prices of similar assets in active markets, quoted prices for identical or similar assets in markets that are not active and model driven valuations in which all significant inputs are observable in active markets.

Level 3 - Fair values derived from inputs which are not observable in markets.

The following table represents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as at December 31, 2015:

	Fair Value Measurements Using			
	Total	Quoted Price in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
	Total	(Level 1)	(Level 2)	(Level 3)
Equities	$453	$453	$-0-	$-0-

g) ***Subsequent Events***

The Company has evaluated events and transactions that occurred between January 1, 2016 and February 12, 2016, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Note 3- Marketable Securities Owned and Sold not yet Purchased

Marketable securities consist of securities at quoted market values, as illustrated below:

	Owned	Sold, not yet Purchased
Equities	$453	$-0-

Note 4 - Profit Sharing Plan

The Company is a sponsor of a defined contribution profit sharing plan for its eligible employees.

Contributions to the plan if any are determined by the employer and come out of its current accumulated profits. The employer's contribution for any fiscal year shall not exceed the maximum allowable as a deduction to the employer under the provisions of the IRS Code Section 404, as amended, or replaced from time to time. The Company made no contribution for the year ended December 31, 2015. The Company also has a 401(k) profit sharing plan covering all eligible employees. Under the Plan agreement, employer matching contributions are discretionary and are determined on an annual basis by the Company. For the year ended December 31, 2015, the Company made no contribution.

Note 5 - Commitments

Office Space

The Company entered into a lease agreement with Atlantic Pavilion, LLC for the rental of property located at 241 N. Ocean Blvd., Deerfield Beach, FL 33441 which expires on August 31, 2019.

Future minimum lease payments for the lease term are:

Year Ended December 31,	
2016	$ 50,147
2017	51,822
2018	52,859
2019	35,706
	$190,534

Note 6 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

Note 6 - Financial Instruments with Off-Balance Sheet Credit Risk (continued)

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

Note 7 - Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2015, the Company had net capital of $476,108 which was $376,108 in excess of its required net capital of $100,000. The Company's net capital ratio was 98.24%.

A copy of the Firm's Statement of Financial Condition as of December 31, 2015, pursuant to SEC Rule 17a-5, is available for examination at the Firm's office and at the regional office of the SEC.
