REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors
First Financial Securities of America, Inc.:

Report on the Financial Statements

We have audited the accompanying financial statements of First Financial Securities of America, Inc. (the "Company"), which comprise the statements of financial condition as of December 31, 2015 and 2014, and the related statements of operations, changes in shareholder's equity, and cash flows for the years then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Registered Public Accounting Firm's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the independent registered public accounting firm's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the independent registered public accounting firm considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, continued

Other Matter

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The information contained in the supplemental schedules is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in the supplemental schedules has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). In our opinion, the information in the supplemental schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

FIRST FINANCIAL SECURITIES OF AMERICA, INC. NOTES TO FINANCIAL STATEMENTS

Description of Business

First Financial Securities of America, Inc. (the "Company" or "FFS"), a wholly owned subsidiary of American Fidelity Assurance Company (the "Parent"), is a private investment banking firm and fully disclosed Introducing Broker-Dealer located in Houston, Texas. The Company is registered as a Broker-Dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Institutions Regulatory Authority ("FINRA"). The Company's business is primarily the sale of variable annuity products to employees of school districts which are also customers of First Financial Capital Corporation, Inc. ("FFC"), which shares certain common management.

Summary of Significant Accounting Policies

Basis of Accounting

The Company prepares its financial statements using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Revenue Recognition

Revenue consisting of commissions earned from the sponsor of the securities products is generally recognized upon the closing of the sale of the products.

Allowance for Doubtful Accounts

The allowance for doubtful accounts reflects management's best estimate of probable losses inherent in the commissions receivable balance. The Company determines the allowance based on known troubled accounts, historical experience, and other currently available evidence. At December 31, 2015 and 2014, there was no allowance as management believes all accounts are collectible.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company defines cash and cash equivalents as cash on hand, demand deposits, and short-term, highly liquid investments with an original maturity of three months or less.

Capital Lease Assets

Leased property meeting certain criteria is capitalized and the present value of the related lease payment is recorded as a liability. Amortization of capitalized assets is computed using the straight-line method over the term of the lease, which is approximately five years.

FIRST FINANCIAL SECURITIES OF AMERICA, INC. NOTES TO FINANCIAL STATEMENTS, Continued

Summary of Significant Accounting Policies, continued

Concentrations of Credit Risk

Financial instruments which subject the Company to concentrations of credit risk include cash and cash equivalents and commissions receivable.

FFS maintains its cash in banks selected based upon management's assessment of the bank's financial stability. Balances periodically exceed the federal depository insurance limit; however, the Company has not experienced any losses on its deposits.

Commissions receivable arise from the commission earned from the sale of variable annuity and/or mutual fund products to employees of school districts. Collateral is generally not required for credit granted.

For the year ended December 31, 2015, approximately \$390,000, or 55%, \$120,000, or 17%, and \$82,000, or 11%, of commission revenue was earned from three sponsors of variable annuity products. At December 31, 2015, approximately \$38,000, or 54%, \$12,000, or 17%, and \$8,000, or 11%, of commissions receivable were from three sponsors of variable annuity products.

For the year ended December 31, 2014, approximately \$324,000, or 46%, and \$181,000, or 26%, of commission revenue was earned from two sponsors of variable annuity products. At December 31, 2014, approximately \$31,000, or 48%, and \$11,000, or 18%, of commissions receivable were from two sponsors of variable annuity products.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes resulting from temporary differences between US GAAP and income tax reporting purposes.

The Company files a consolidated federal tax return with its Parent. Based on a tax allocation agreement effective May 30, 2000, the Company's share of the consolidated federal tax liability for each taxable year for which the Company is a member of the consolidated group is determined as if the Company were at all times during the taxable year and all previous years liable for taxation as a separate taxpayer not included or includible in the consolidated group.

The Company records a liability for uncertain tax positions where it is more likely than not that the tax position will not be sustained upon examination by the appropriate tax authority. Changes in the liability for uncertain tax positions are reflected through income tax expense in the period when a new uncertain tax position arises, judgment changes about the likelihood of uncertainty, the tax issue is settled or the statute of limitation expires. Any potential net interest income or expense and penalties related to uncertain tax positions is recorded in the statements of operations. During 2015 and 2014, the Company did not book any interest or penalties related to uncertain tax positions.

With few exceptions, the Company is no longer subject to United Stated federal income tax or state income tax examinations for years before 2012.

Fair Value of Financial Instruments

The Company includes fair value information in the notes to financial statements when the fair value of its financial instruments is different from the book value. When the book value approximates fair value, no additional disclosure is made.

FIRST FINANCIAL SECURITIES OF AMERICA, INC. NOTES TO FINANCIAL STATEMENTS, continued

2. Summary of Significant Accounting Policies, continued

Fair Value of Financial Instruments, continued

The Company follows the guidance promulgated by ASC 820-10, "Fair Value Measurements", which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820-10 does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information.

3. Deposit With Clearing Organization

The Company has an agreement with Southwest Securities, (the "clearing organization"), whereby the clearing organization performs clearing functions for all security transactions with brokers and dealers. The clearing organization requires that a security deposit balance of \$10,000 be maintained by the Company. As of December 31, 2015 and 2014, the balance is reflected as restricted cash on the statements of financial condition.

4. Income Taxes

For the years ended December 31, 2015 and 2014, the current income tax provision (benefit) of \$19,025 and (\$22,459), respectively, approximated the expected income tax expense (benefit), based on the statutory tax rate of 35%. The deferred tax liability of \$137 and \$41, at December 31, 2015 and 2014, related primarily to accelerated amortization and expenses not deductible for tax purposes. There is no difference in federal income tax expense allocated from the Parent at the statutory rate with respect to income taxes recorded in the statements of operations for the years ended December 31, 2015 and 2014.

5. Related-Party Transactions

At December 31, 2015 and 2014, the Company had income taxes payable to its Parent of \$34,443 and \$15,418, representing the Company's share of the consolidated federal tax liabilities pursuant to its tax allocation agreement.

At December 31, 2015 and 2014, the Company had an overhead expense reimbursement agreement in place with FFC for which the Company reimburses FFC for certain operating expenses incurred, including a service fee of \$5,000, per month, which is included in service fee expense in the accompanying statements of operations. During the years ended December 31, 2015 and 2014, the Company reimbursed FFC \$160,616 and \$337,004, for general operating costs. As of December 31, 2015 and 2014, the Company owed \$0 and \$102,347 for its allocations of general operating expenses under the agreement. Amounts owed bear no interest and are included in accounts payable, related party, in the accompanying statements of financial condition. At December 31, 2015, the Company had accounts receivable of \$48,651 from FFC for overpayments of operating expenses, which is included in receivables, related parties in the accompanying statement of financial condition.

At December 31, 2015 and 2014, the Company also had an expense allocation agreement in place with First Financial Administrators, Inc. ("FFA"), a third-party administrator that performs administrative services related to data processing of securities transactions and shares certain common management with the Company. The Company incurred an expense of \$120,000 during both the years ended December 31, 2015 and 2014 for these administrative services, which is included in service fee expense in the accompanying statements of operations.

FIRST FINANCIAL SECURITIES OF AMERICA, INC. NOTES TO FINANCIAL STATEMENTS, continued

5. Related-Party Transactions, continued

As of December 31, 2015 and 2014, the Company had accounts receivable of \$8,978 and \$1,238, respectively, from the Parent. The balances represent allocations of general operating expense reimbursements and are included in receivables, related parties in the accompanying statements of financial condition.

6. Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-l of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2015 and 2014, the Company had net capital of \$598,929 and \$607,508 which is \$548,929 and \$557,508 in excess of the net capital requirement of \$50,000. At December 31, 2015 and 2014, the Company's ratio of aggregate indebtedness to net capital was 0.07 and 0.21 to 1, respectively. The Securities and Exchange Commission permits a ratio for the Company at this time of no greater than 15 to 1.

7. Exemption From Rule 15c3-3

The Company, as a fully disclosed Introducing Broker-Dealer, claims the exemptive provisions of SEC Rule 15c3-3 under paragraph (k) (2) (ii). As a result, the "Computation for Determination of Reserve Requirements" and "Information Relating to the Possession or Control Requirements" are not required as the clearing organization clears all the Company's trades on a fully disclosed basis.

8. Subordinated Liabilities

The Company had no subordinated liabilities during the years ended December 31, 2015 and 2014. Therefore, the statement of changes in liabilities subordinated to claims of general creditors has not been presented.

9. Capital Lease

Assets under capital leases are capitalized using interest rates appropriate at the inception of the lease. Following is an analysis of assets under capital leases as of December 31, 2015 and 2014:

		2014
Office equipment, at cost Less accumulated amortization	\$ 2,102 (701)	\$ 2,102 (300)
	<u>\$ 1,401</u>	\$ 1,802

9. Capital Lease, continued

0

0

0

Future minimum lease payments for the above assets under capital leases at December 31, 2015 are as follows:

December 31,	
2016	456
2017	456
2018	456
2019	228
Total minimum obligations	1,596
Interest	(134)
Present value of net minimum obligations	<u>\$ 1,462</u>
Current portion of obligation	<u>\$ 392</u>
Long-term portion of obligation	<u>\$ 1,070</u>

10. Subsequent Events

Subsequent events have been evaluated through February 23, 2016, which is the date the financial statements were available for issuance.

SUPPLEMENTARY INFORMATION

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON INTERNAL CONTROL REQUIRED BY SEC RULE 17A-5

The Board of Directors First Financial Securities of America, Inc.:

In planning and performing our audit of the financial statements and supplemental schedule of First Financial Securities of America, Inc. (the "Company"), as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal controls and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as previously defined.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2015 to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC GENERAL ASSESSMENT RECONCILIATION

The Board of Directors First Financial Securities of America, Inc.:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation ("SIPC") for the year ended December 31, 2015, which were agreed to by First Financial Securities of America, Inc. (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The management of the Company is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2015, noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with the supporting schedules of revenue deposits by carrier and product type, noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related supporting schedules of revenue deposits by carrier and product type supporting the adjustments, noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM PURSUANT TO REVIEW OF MANAGEMENT'S EXEMPTION REPORT UNDER RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

The Board of Directors
First Financial Securities of America, Inc.:

We have reviewed management's statements, included in the accompanying Exemption Report Under Rule 17a-5 of the Securities and Exchange Commission, in which (1) First Financial Securities of America, Inc. (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: paragraph (k) (1) and (k) (2) (ii) (the "exemption provisions") and (2) the Company stated that First Financial Securities of America, Inc. met the identified provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (1) and (k) (2) (ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Ham, Kangdon i Pouzina, UP

Houston, Texas February 23, 2016

FIRST FINANCIAL SECURITIES OF AMERICA, INC. EXEMPTION REPORT UNDER RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

First Financial Securities of America, Inc. (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. § 240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d) (1) and (4). To the best of its knowledge and belief, the Company states the following:

- (1) The Company claimed an exemption from 17 C.F.R. § 240.15c3-3 under the following provisions of 17 C.F.R. § 240.15c3-3(k): Paragraph (k) (1) and (k) (2) (ii)
- (2) The Company had no obligations under 17 C.F.R. § 240.15c3-3 throughout the most recent fiscal year without exception.

First Financial Securities of America, Inc.

I, Larry Forrester, swear (or affirm) that, to my best knowledge and belief, this $\operatorname{Exemption}$ Report is true and correct.

Larry Forrester, President February 23, 2016
