NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2015**

The Company is a wholly owned subsidiary of Pelion Financial Group, Inc. (the "Parent"), which acquired it on March 10, 2010. The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of both the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investors Protection Corporation ("SIPC") since February 14, 1984. The Company is also a member of the Municipal Securities Rulemaking Board ("MSRB").

The Company is authorized to engage in transactions in listed and over-the counter corporate equities securities, corporate debt securities, mutual funds, government securities, municipal securities, variable life insurance, annuities, tax shelters or limited partnerships in primary distributions, interests in mortgages or other receivables and options. The Company is also authorized to act as a placement agent for securities offerings, an underwriter or selling group participant for corporate securities (other than mutual funds) and perform investment advisory services.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Valuation of Investments

In accordance with ASC 820, Fair Value Measurements and Disclosures, the Company discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3 measurements). This guidance provides three levels of the fair value hierarchy as follows:

- Level 1 - Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date;
- Level 2 - Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, at the measurement date, including inputs in markets that are not considered to be active;
- Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Company. The Company considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The following is a summary of the financial assets measured at fair value as of December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Securities owned				
Warrants	\$ -	\$ -	\$ 726	\$ 726
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 726</u>	<u>\$ 726</u>

There were no transfers between Level measurements during the year ended December 31, 2015. There were no other financial assets or liabilities measured at fair value under ASC 820 as of December 31, 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Income Taxes

The operations of the Company are included in the consolidated federal income tax return filed by the Parent. Federal income taxes are calculated as if the Company filed on a separate basis and the amount of current tax and/or benefit calculated is either remitted to or received from the Parent. The Company accounts for income taxes in accordance with FASB ASC 740 "Income Taxes." Federal and state income taxes are calculated and recorded on the current period's activity in accordance with the tax laws and regulations that are in effect. Deferred tax expenses and benefits are recognized based on the differences between the financial statement carrying amounts and the tax bases of assets and liabilities, using enacted tax rates in effect in the years the differences are expected to reverse.

The Company accounts for uncertainties in income taxes under the provisions of FASB ASC 740-10-05, "Accounting for Uncertainty in Income Taxes" ("ASC"). The ASC clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements. The ASC prescribes a recognition threshold and measurement attitude for the financial statement recognition and measurement of as tax position taken or expected to be taken in a tax return. The ASC provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and such differences could be material.

Subsequent Events

The Company has evaluated subsequent events and transactions through February 24, 2016, the date the financial statements were available to be issued, and determined that there are no material events that would require disclosure in the Company's financial statements.

NOTE 3 – NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2015, the Company had net capital of \$123,147, which was \$23,147 in excess of its required net capital of \$100,000. The Company's ratio of aggregate indebtedness to net capital was 3.041 to 1.

At December 31, 2015, the amount in excess of insured limits was \$0.

As such, no provision for federal, state and local income taxes have been reflected in the accompanying financial statements.

NOTE 8 – COMMITMENT:

The Company subleases its office space in New York City from its Parent on a month-to-month basis. In addition to New York City office space, on July 9, 2015 the Company entered into a one year lease agreement effective July 13, 2015 for a new office space in San Clemente, CA. Rent expense, including sundry services charges, for the year ended December 31, 2015 amounted to \$78,102

NOTE 9 – CLEARING BROKER INDEMNIFICATION:

In the normal course of business, customers may sell securities short. Subsequent market fluctuations may require the clearing broker to obtain additional collateral from the Company's customers. It is the policy of the clearing broker to value the short positions daily and to obtain additional deposits were deemed appropriate. The Company has agreed to indemnify its clearing broker for losses that the clearing broker may sustain from the customer accounts introduced by the Company.

NOTE 11 – CONTINGENCIES:

The Company was subject to a customer arbitration matter through FINRA arbitration and accrued \$25,000 for this matter as of December 31, 2015. As of the date of this report, the matter was settled for \$21,500.

As of the date of this report, FINRA has open files relating to activities of individual independent contractors of the Company. Management does not know what action, if any, FINRA, will take with respect to these inquiries. No effect of any such action has been reflected in the financial statements.

Company's management has reviewed the accounting standards updates issued by the FASB that were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year ending December 31, 2015. Based upon this review, the Company has implemented the pronouncements that require adoption (if any) and disclosed them in an appropriate footnote. They have also concluded that the remaining pronouncements have either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.
