REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Advantage Securities LLC

We have audited the accompanying statement of financial condition of Advantage Securities LLC (the "Company") as of December 31, 2015 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statement and supplemental information. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial condition of Advantage Securities LLC as of December 31, 2015.

The Supplemental Schedules (the "supplemental information") have been subjected to audit procedures performed in conjunction with the audit of Advantage Securities LLC's financial statement. The supplemental information is the responsibility of Advantage Securities LLC's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statement or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statement as a whole.

Notes to Financial Statements

December 31, 2015

1. Organization and Business

Advantage Securities LLC (the "Company"), an Illinois limited liability company, was organized on August 1, 1995. The Company is a broker-dealer registered with Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority ("FINRA").

2. Summary of Significant Accounting Policies

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and are stated in U.S. dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Revenue Recognition and Financial Instruments Valuation

Commission revenue and related expenses are recorded on the accrual basis. All financial instruments are recorded in the statement of financial condition at fair value in accordance with Accounting Standards Codification ("ASC 820") - Fair Value Measurement and Disclosures (see Note 4).

Use of Estimates

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Management determines that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Income Taxes

The Company is a limited liability company with all taxable income or loss recorded in the taxable income or loss of Advantage Futures LLC, its sole member. Accordingly, no provision for income taxes has been made in the accompanying financial statements. Advantage Futures LLC records its taxable income or loss in the income tax return of its sole member, Advantage Financial LLC.

In accordance with U.S. GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Generally, the Company is no longer subject to income tax examinations by major taxing authorities for the years before 2012. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as of and for the year ended December 31, 2015.

3. Related-Party Transactions

The Company has an expense sharing agreement with Advantage Futures LLC, its sole member, under which they share general and administrative services. The member allocates these expenses to the Company and they are recorded in various expense categories on the Company's statement of operations.

4. Fair Value Measurement and Disclosure

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

At December 31, 2015, Level 1 assets consisted of the following:

U.S. government treasury securities	\$	3,242,527
-------------------------------------	----	-----------

The Company held no Level 2 or Level 3 assets at December 31, 2015.

5. Guarantees

Accounting Standards Codification 460 ("ASC 460"), Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460, defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others. The Company did not enter into any guarantee arrangements during the year ended December 31, 2015.

6. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1). Under this rule, the Company is required to maintain "net capital" equal to the greater of \$250,000 or two percent of "aggregate debit items", as defined.

At December 31, 2015, the Company had net capital and net capital requirements of \$3,564,721 and \$250,000, respectively.

7. Subsequent Events

The Company's management has evaluated events and transactions through February 19, 2016, the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements.

8. Concentration of Credit Risk

At December 31, 2015, a significant credit concentration consisted of approximately \$3.2 million, representing the fair value of the Company's U.S. government treasury securities. Management does not consider any credit risk with these securities to be significant.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Advantage Securities LLC

We have reviewed management's statements, included in the accompanying Exemption Report (the "Exemption Report"), in which (1) Advantage Securities LLC (the Company) stated that it may file an Exemption Report because the Company had no obligations under 17 C.F.R. §240.15c3-3 (the "exemption"); and (2) the Company stated that it had no obligations under 17 C.F.R. §240.15c3-3 throughout the most recent fiscal year ended December 31, 2015 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects.
