TRADIER BROKERAGE, INC.

(a QSSS Subsidiary of Tradier, Inc.)

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

Note 1 – Organization and Nature of Operations:

Tradier Brokerage, Inc. ("the Company") is an independent wholly owned subsidiary of Tradier, Inc. ("TI") and was purchased under the terms of a stock purchase agreement on April 1, 2013 to operate the broker dealer arm and business model of Tradier, Inc.

The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and with the Financial Industry Regulatory Authority ("FINRA") and was incorporated in Illinois on July 1, 1993.

The Company is a discount online service brokerage firm specializing in featuring Application Programming Interfaces ("APIs") which serve as a intermediary between online traders and their either customized or purchased integrated trading platforms.

The Company has agreements with other broker-dealers ("clearing brokers") to clear transactions, carry customers' accounts on a fully-disclosed basis and perform record keeping functions and, consequently, operates under exemptive provisions of SEC Rule 15c3-3k(2)(ii).

The accompanying financial statements have been prepared from the separate records maintained by the Company and due to certain transactions and agreements with affiliated entities, such financial statements may not necessarily be indicative of the financial condition that would have existed or the results that would have been obtained from operations had the Company operated as an unaffiliated entity.

Note 2 – Summary of Significant Accounting Policies:

Significant accounting policies followed by the Company in the preparation of the accompanying financial statements are summarized below:

Securities

The Company is a non-carrying, non clearing dealer, the Company does not receive or custody customer funds or safe keep customer securities.

Revenue Recognition

The Company's primary revenue sources come from commissions charged and related clearing expenses and are recorded on a trade-date basis as securities transactions occur. The Company has a contractual relationship with a primary clearing house who handles all customer orders.

TRADIER BROKERAGE, INC.
(a QSSS Subsidiary of Tradier, Inc.)
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 2 – Summary of Significant Accounting Policies (continued):

Revenue Recognition (continued)

Other income comes in the way of payment for order flow ("PFOF"), where orders are directed to other parties for execution. In PFOF transactions, the Company receives a small payment, usually pennies per share, as compensation for directing the order to the different parties. These incomes are recorded as security transactions occur.

Other income also comes via reselling software to customers. The costs and revenue are recorded for the month for which the revenue and associated expenses are incurred.

The Company also earns interest on customer assets held at the clearing house which accrues at the banks rate of prime and is earned and recorded monthly.

Receivables from Clearing Organization

Pursuant to an agreement with the Company's clearing organization, the clearing organization remits a commission payment to the Company during the month subsequent to the trade-date. The Company has one month of outstanding commission payments due from the clearing organization. The Company did not incur any bad debts from the clearing organization during 2015.

Cash and Cash Equivalents

Cash consists of checking accounts and savings accounts. For purposes of the financial statements, the Company considers all highly liquid investments with maturities of 90 days or less to be cash equivalents.

Income Taxes

The Company is a 100% owned subsidiary and files under their parent Tradier, Inc. as a Qualified Subchapter S Subsidiary ("QSSS"). Under Federal law, upon election of the parent federal S-Corporation, the two corporations are treated as a single entity and the assets, liabilities, income, deductions, and credits of the wholly owned subsidiary are treated as if they belong to the parent corporation.

Under the QSSS tax election, the Company's shareholders report their pro-rated portion of the Company's taxable income or loss on their personal income tax returns and are responsible for the applicable income tax at their level. As a result, the Company is exempt from most federal income taxes.

TRADIER BROKERAGE, INC.

(a QSSS Subsidiary of Tradier, Inc.)

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

Note 2 – Summary of Significant Accounting Policies (continued):

Income Taxes (continued)

The Corporation holds state registrations in Delaware, Illinois, and North Carolina where they currently have nexus. The State of Illinois imposes a 1.5% replacement tax on the taxable income of the Tradier Brokerage, Inc. company only, and the Company itself is responsible for payment of this state tax.

The Company recognizes tax benefits from income tax positions taken or expected to be taken in a tax return only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits from uncertain tax positions recognized are reflected at the amounts most likely to be sustained on examination. The Company recognizes interest and penalties associated with uncertain tax positions in income tax expense.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available.

The Company believes that it has no uncertain tax provisions and accordingly, no liability has been recorded. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings. The 2012, 2013, and 2014 tax years of the Company remain subject to examination by U.S. federal and certain state and local tax authorities.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. At times, cash balances may exceed federally insured limits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates, and the differences could be material.

The Company is not required to maintain a special reserve bank account for the protection of customers as required by Rule 15c3-3 of the Securities and Exchange Commission under Section K(2)ii of the rule.

Note 4 – Fixed Assets:

Fixed assets are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Depreciation expense for the year ended December 31, 2015 was \$6,166.

Note 5 – Clearing Deposit:

In accordance with the Company's clearing contract, the company is required to keep a deposit of \$50,000 in a clearing deposit account with First Southwest Securities. The Company also has a \$100,000 clearing deposit at Apex Clearing, Inc.

Note 6 – Advertising:

The Company does not advertise or incur any such advertising expenditures directly. All advertising expenses are incurred by Tradier, Inc. See Note 7 (Related Party Transactions) for more details.

Note 7 – Related Party Transactions:

The Company operates under two agreements with its parent corporation TI:

The first agreement known as an Outsource Hosted Platform, Services, an Support Agreement ("Service Agreement"), was executed on April 30, 2013. The service agreement sets forth the specific terms and conditions under which TI shall supply certain services to the Company. The agreement is effective (valid) and services held under the agreement include but are not limited to: Hosted platform, support and maintenance, and has a term starting on the execution date for an initial term of one (1) year. Under the event TI does not provide one hundred (100) day notice before the completion of the one (1) year contract term, the agreement automatically renews for an additional one year term. The agreement calls for monthly payments due to Tradier, Inc. of \$6,500. During the year ended December 31, 2015, the Company paid TI a total of \$78,000. For a listing of future minimum commitments under this agreement, see Note 9 (Commitments).

TRADIER BROKERAGE, INC.
(a QSSS Subsidiary of Tradier, Inc.)
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 7 – Related Party Transactions (continued):

The second agreement known as an Expense Sharing Agreement ("Expense Agreement") was executed on October 14, 2013 and updated throughout the year. The expense agreement identifies expenses incurred by the Company and the method of payment by TI. The agreement identifies indirect shared expenses such as: office space, telecommunication and internet services, payroll processing fees, and bond (insurance) coverage costs to be shared at 40% by the Company, and identifies direct costs such as employee compensation which are to be shared 5% by the Company payable in total monthly payments due to TI. Prior to the execution of this agreement, management calculated the monthly fee utilizing the same percentages based upon actual expenses incurred. Total payments to the parent for costs related to the expense agreement amount to \$492,657 for the year ended December 31, 2015. These expenses have been reflected on the Statement of Operations in the appropriate categories. The agreement is considered month-to-month.

Note 8 – Concentrations:

The Company has entered into a fully disclosed clearing agreement ("Clearing Agreement") with First Southwest Company ("FSWC"). The clearing agreement is effective April 30, 2013 and remains in force for an initial term of three (3) years from the effective date. At any time during the forty-five (45) day period immediately preceding the conclusion of the initial three-year term, either party may terminate the agreement by providing forty-five (45) days written notice. In the event no written notice of termination is given or received by either party, the agreement automatically renews for an additional one-year period and may continue to be renewed for subsequent one-year periods until terminated.

The agreement provides for FSWC to serve as the introducing broker, where the Company will refer current and future customers of the Company to FSWC who will serve as the sole outside company engaged in securities brokerage business transactions for the Company. The Company does not custody customer funds, and does not clear investment orders/transactions for its customers. As a result, the Company does not feel they have any credit risk with regard to the transactions. However, the Company can have credit risk exposure associated with the possible nonperformance of FSWC. Accordingly, it is the Company's policy to review as necessary, the credit standing of FSWC.

Pursuant to the clearing agreement, the Company is to pay minimum monthly clearing charges as follows: months 0-4 (2014) - Waived, months 4-8 (2014) - \$10,000 Months 9 (2014) and thereafter \$10,000. Due to launching delays by the clearing company during 2013, FSWC agreed to delay the minimum until October of 2014. The minimum includes clearing fees only, other ancillary charges such as system charges, and other fees are not included in the minimum fees.

During 2015, the Company entered into a clearing agreement with Apex Clearing Corporation. Pursuant to the clearing agreement, the Company is to pay minimum monthly clearing charges as follows: \$10,000 per month, or Assets Under Management tier, or Customer transactions per month priced at \$0.01 per share

Note 9 – Commitments:

Minimum future payments due for all commitments of the Company are as follows:

	Non-Related Party	Related Party	Totals
2016	240,000	492,657	732,657
Totals	\$ 240,000	\$ 492,657	\$ 732,657

Note 10 – Fair Value Disclosure:

The Company has adopted FASB ASC topic 820, which requires among other things, enhanced disclosures about investments are measured and reported at fair value. FASB ASC topic 820 establishes a hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that a transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability, or in the absence of a principal market, the most advantageous market. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 Inputs - quoted prices in active markets for identical assets or liabilities at the reporting date

Level 2 Inputs - other than quoted prices included in Level 1 that are observable for substantially the full term of the asset or liability, either directly or indirectly. Level 2 assets include quoted prices that are observable, such as models or other valuation methodologies

Level 3 Inputs - unobservable inputs for the valuation of the asset or liability. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or evaluations.

TRADIER BROKERAGE, INC.
(a QSSS Subsidiary of Tradier, Inc.)
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 10 – Fair Value Disclosure (continued):

At December 31, 2015, the Company's assets and liabilities fall into Level 1 and require no adjustments to arrive at fair value. The Company held no Level 2 or Level 3 assets or liabilities during the year.

Note 11 – Capital Requirement:

The Company is subject to the net capital requirements of the SEC and FINRA, and as such, is required to maintain a net capital of \$5,000 (as defined by FINRA). Net capital of the Corporation, as defined by FINRA, as of December 31, 2015 was \$157,301, see Schedule 1 (Computation of Net Capital and Minimum Capital Requirements Under Rule 15c-1 of the Securities and Exchange Commission) for more details.

Note 12 – Additional Paid-in-Capital:

During the year, the Company received capital infusions from TI and from the former shareholder for operational purposes in the amount of \$440,000. Management has classified this cash infusion as an increase to paid-in-capital on the Statement of Changes in Stockholders' Equity as of December 31, 2015.

Note 13 – Common Stock:

Effective April 9, 2013 100% of the common stock of Robbins Securities, Inc. ("Robbins") was purchased by TI. At the time of the acquisition, common stock consisted of 1,000 shares, no par value stock, with 1,000,000 shares authorized, and 1,000 shares outstanding. The stock was purchased under the terms of a stock purchase agreement ("Stock Agreement"), where 100% of the issued and authorized shares were purchased by TI for a sale price of \$95,000.

TRADIER BROKERAGE, INC.
(a QSSS Subsidiary of Tradier, Inc.)
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 14 – Indemnifications:

In normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connections with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

Note 15 – Subsequent Events:

Management has evaluated subsequent events as of February 25, 2016, which is the date the financial statements were issued, and has noted no items requiring disclosure.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders
of Tradier Brokerage, Inc.

We have reviewed management's statements, included in the accompanying Assertions Regarding Exemption Provisions, in which (1) Tradier Brokerage, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Tradier Brokerage, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) Tradier Brokerage, Inc. stated that Tradier Brokerage, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Tradier Brokerage, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Tradier Brokerage, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Assertions Regarding Exemption Provisions

We, as members of management of Tradier Brokerage, Inc. ("the Company"), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

Identified Exemption Provision:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, Paragraph (k)(2)(ii).

Statement Regarding Meeting Exemption Provision:

The Company met the identified exemption provision without exception throughout the period ending January 1, 2015 through December 31, 2015.
