### NOTES TO STATEMENT OF FINANCIAL CONDITION

### AS AT DECEMBER 31, 2015

### ORGANIZATION AND NATURE OF BUSINESS:

Brownstone Investment Group, LLC (the "Company") is organized under the laws of the State of New York. The Company is registered as a broker-dealer in securities with the Securities and Exchange Commission ("SEC") and Municipal Securities Rulemaking Board ('MSRB") and is also a member of Financial Industry Regulatory Authority, Inc. ("FINRA") and the New York Stock Exchange ("NYSE"). The Company operates primarily to engage in fixed income securities transactions solely for its own account. Revenue is derived principally from trading profits executed for the Company's own account.

### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

METHOD OF ACCOUNTING - The accompanying financial statements have been prepared on the accrual basis of accounting. The accrual basis of accounting recognizes revenues in the accounting period in which revenues are earned regardless of when cash is received, and recognizes expenses in the accounting period in which expenses are incurred regardless of when cash is disbursed.

MANAGEMENT'S USE OF ESTIMATES AND ASSUMPTIONS – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

REVENUE RECOGNITION - Securities transactions and the related revenue are recorded on a trade date basis, which is the day the transaction is executed.

CASH AND CASH EQUIVALENTS – Cash equivalents consist of highly liquid investments with original maturities of three months or less.

SECURITIES – Securities owned and securities sold short are recorded on trade date and are valued at fair value in accordance with FASB ASC 820 as described below. Realized and unrealized gains and losses from securities traded in the normal course of business and applicable interest and dividends are reflected in net gain from principal transactions on the statement of income.

FURNITURE, FIXTURES, SOFTWARE, EQUIPMENT AND DEPRECIATION - Furniture, fixtures, software and equipment are recorded at cost. Depreciation for financial accounting purposes is computed on the straight-line method over their estimated useful lives of 3 to 7 years.

LEASEHOLD IMPROVEMENTS AND AMORTIZATION - Leasehold improvements are recorded at cost. Amortization is computed over the life of the lease including the renewable option years.

INCOME TAXES – The Company is a single member limited liability company and was structured as a disregarded entity for U.S. Federal, state and local income tax purposes. Accordingly, no provision for income taxes is made in these financial statements.

AS AT DECEMBER 31, 2015

### MARKETABLE SECURITIES MEASURED AT FAIR VALUE ON A RECURRING BASIS:

The Company uses FASB ASC 820, Fair Value Measurements and Disclosures, for fair value measurements and disclosures. FASB ASC 820 defines fair value and establishes a framework for measuring fair value. It also expands the disclosure about the use of fair value to measure assets and liabilities.

The Company has categorized its financial instruments, based on priority of inputs to the valuation technique, into a three-level fair value hierarchy. The fair value gives the highest priority to quoted prices in active markets for identical assets or liabilities (level 1), then to quoted prices for similar assets or liabilities and other observable inputs (level 2) and the lowest priority to unobservable inputs (level 3). If the inputs used to measure financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Securities owned and securities sold short are measured at fair value on a recurring basis. At December 31, 2015, the amounts consist of:

### **Securities Owned**

Level 3 values reference performance measures of comparable marketable assets.
