To the Stockholders
of TM Capital Corp.

We have audited the accompanying statement of financial condition of TM Capital Corp. (an S corporation) (the "Company"), as of December 31, 2015, and the related notes to the financial statement. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the statement of financial position. TM CAPITAL CORP.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2015

Note A

Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations:

TM Capital Corp. (the "Company"), an S Corporation, was formed on July 26, 1989. The Company provides investment banking services to clients. The Company is a registered broker/dealer under the Securities Exchange Act of 1934, and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company provides merger and acquisition advisory services to domestic and international companies and assists its clients in analyzing capitalization alternatives and arranging private placements of debt, equity, and equity-related securities.

The Company does not maintain customer accounts.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Concentration of Credit Risk Arising From Cash Deposits in Excess of Insured Limits:

The Company maintains cash balances at a financial institution that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant risks on cash.

Accounts Receivable:

The Company extends credit to customers located primarily throughout North America based on the size of the customer, its payment history, and other factors. The Company generally does not require collateral to support customer receivables. The Company provides an allowance for doubtful accounts based upon a review of the outstanding accounts receivable, historical collection information and existing economic conditions. The Company determines if receivables are past due based on days outstanding, and amounts are written off when determined to be uncollectible by management. The maximum accounting loss from the credit risk associated with accounts receivable is the amount of the receivable recorded, which is the face amount of the receivable net of the allowance for doubtful accounts.

Note A

Nature of Operations and Summary of Significant Accounting Policies (Continued)

Property and Equipment:

Property and equipment are stated at cost. Expenditures for maintenance and repairs are expensed currently, while renewals and betterments that materially extend the life of an asset are capitalized. The cost of assets sold, retired, or otherwise disposed of, and the related allowance for depreciation are eliminated from the accounts, and any resulting gain or loss is recognized.

Depreciation of property and equipment is provided using the straight-line method over the estimated useful lives of the assets, which are as follows:

Software		3 years
Furniture and fixtures		7 years
Leasehold improvements	Lesser of estimated useful life or life of the lease	
Computers and equipment		5 years

Impairment of Long-Lived Assets:

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be fully recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the assets to the discounted future net cash flows expected to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount that the carrying amount of the assets exceeds the fair value of the assets.

Income Taxes:

The Company, with the consent of its stockholders, has elected under the Internal Revenue Code and similar state statutes to be an S corporation. In lieu of corporate income taxes, the stockholders of an S corporation are taxed on their proportionate share of the Company's taxable income. The Company pays local income taxes; therefore, a provision for income taxes has been included in the financial statements.

The applicable accounting standards for uncertain income tax positions state that a tax benefit arising from an uncertain tax position can only be recognized for financial reporting purposes if, and to the extent that, the position is more likely than not to be sustained in an audit by the applicable taxing authority. There were no unrecognized tax benefits and related tax liabilities at December 31, 2015.

The Company is no longer subject to income tax examinations for calendar years up to and including 2011.

TM CAPITAL CORP.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2015

Note A

Nature of Operations and Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments:

The Company's financial instruments, including cash, accounts receivable, prepaid expenses, accounts payable, and accrued liabilities are carried at cost, which approximates their fair value because of the short term nature of these assets and liabilities.

Litigation:

In the normal course of business, the Company is at times subject to pending and threatened legal actions and proceedings. It is the Company's policy to routinely assess the likelihood of any material adverse judgments or outcomes related to legal or regulatory matters, as well as ranges of probable losses. A determination of the amount of the reserves required, if any, for these contingencies is made after analysis of each known issue and consultation with the Company's legal counsel. The Company records reserves related to certain legal matters for which it is probable that a material loss will be incurred and the range of such loss can be reasonably estimated. Management discloses facts regarding material matters assessed as reasonably possible and the associated potential exposure, if estimable. The Company expenses legal costs as incurred. No reserve for potential losses has been recorded as of December 31, 2015. As additional information becomes available, any potential liability is assessed and the loss estimates are revised as needed.

Note B

Net Capital

The Company, as a registered broker/dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires that minimum net capital, as defined, shall not be less than the greater of 6 2/3% of aggregate indebtedness, as defined, or \$5,000, and the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$1,491,496 which was \$1,441,155 in excess of its required net capital of \$50,341. The Company's ratio of aggregate indebtedness to net capital was 0.51 to 1.

Note C

Exemption from Rule 15c3-3

The Company is exempt from rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is not required to maintain a reserve account for the exclusive benefit of customers.

Note D

During the year the Company issued a note receivable to an employee. The note has an interest rate of 1.72% per annum and matures on May 31, 2018. The principal and interest are due in full at maturity. However, upon maturity the unpaid principal and interest will be forgiven if the employee is still employed by the Company at that time. If the employee is terminated prior to maturity, the principal and accrued interest are immediately due and payable.

Note G
Subsequent Events

The Company evaluated subsequent events through February 17, 2016, the date when these financial statements were available to be issued. The Company is not aware of any significant events that occurred subsequent to the balance sheet date but prior to the filing of this report that would have a material impact on the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders of TM Capital Corp.

We have reviewed management's statements, included in the accompanying exemption letter, in which (1) TM Capital Corp. ("the Company") identified the following provision of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provision set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
