REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Hybrid Trading & Resources, LLC
Chicago, Illinois

We have audited the accompanying financial statements of Hybrid Trading & Resources, LLC ("the Company") (a Florida limited liability company), which comprise the statement of financial condition as of December 31, 2015, and the related statements of income, changes in members' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information contained on pages 9 and 10 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

HYBRID TRADING & RESOURCES, LLC
(a Florida Limited Liability Company)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

(1) NATURE OF BUSINESS

HYBRID TRADING & RESOURCES, LLC (the "Company"), a Florida Limited Liability Company, operates as an introducing broker that clears all trades on a fully disclosed basis through an outside clearing firm. The Company is registered as a broker/dealer with the Securities and Exchange Commission (SEC). In addition to the commissions it generates, the Company earns a monthly service fee for certain business introduced to and services provided to an entity affiliated by common ownership.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Policies

The Company follows the single source of authoritative U.S. generally accepted accounting principles (GAAP) set by the Financial Accounting Standards Board to be applied by nongovernmental entities, *Accounting Standards Codification* (ASC), in the preparation of their financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments

Financial instruments recorded at fair value on the Company's statement of financial condition include securities owned and securities sold, not yet purchased. Other financial instruments are recorded by the Company at contract amounts and include receivables from and payables to clearing broker. Financial instruments carried at contract amounts, which approximate fair value, have either short-term maturities, are re-priced frequently, or bear market interest rates and, accordingly, are carried at amounts approximating fair value.

Equipment

Purchased equipment is recorded at cost and depreciated over estimated useful lives using accelerated methods. All equipment has been fully depreciated.

Comprehensive Income

The Company has not presented a Statement of Comprehensive Income because it does not have any items of "other comprehensive income".

Accounting for Uncertainty in Income Taxes

ASC 740-10-50, "Accounting for Uncertainty in Income Taxes", provides guidance regarding how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740-10-50 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax return to determine whether its tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. The Company has not identified any uncertain tax positions as of December 31, 2015.

HYBRID TRADING & RESOURCES, LLC
(a Florida Limited Liability Company)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

(3) **INCOME TAXES**

No provision has been made for income taxes as the taxable income or loss of the Company is included in the respective income tax returns of the members.

Management has reviewed the Company's tax positions for all tax years open to examination which include 2014, 2013 and 2012 and concluded that a provision for income taxes is not required.

(4) **FAIR VALUE MEASUREMENTS/ INVESTMENTS IN SECURITIES AND DERIVATIVE CONTRACTS**

The Company adheres to the provisions of ASC 820-10, "Fair Value Measurements", which defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e. "exit price") in an orderly transaction between market participants at the measurement date.

ASC 820-10 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In determining fair value, the Company uses valuation approaches based on this hierarchy, categorizing them into three levels based on the inputs as follows:

Level 1 – Valuations based on unadjusted quoted price in active markets for identical assets and liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 investments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Company records its financial instruments at fair value and categorizes them based upon a fair value hierarchy in accordance with ASC 820-10. At December 31, 2015, the Company had no open financial instruments. At December 31, 2015, no valuation techniques have been applied to any nonfinancial assets or liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historic value.

HYBRID TRADING & RESOURCES, LLC
(a Florida Limited Liability Company)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

(5) CONCENTRATIONS OF CREDIT RISK

At December 31, 2015, the Company had significant concentrations of credit risk which consisted of a deposit with the Company's clearing firm, the receivable for service fees and a cash bank balance in excess of the federally-insured level. These concentrations aggregated to approximately 28%, 32% and 30% of total firm equity, respectively.

(6) REGULATORY MATTERS

As a registered broker/dealer, the Company is subject to SEC Rule 15c3-1 (the Uniform Net Capital Rule) which requires the maintenance of minimum net capital. The Company has elected to compute net capital using the alternative method, permitted by SEC Rule 15c3-1, which requires the Company to maintain minimum net capital, as defined, equal to the greater of \$250,000 or 2 percent of aggregate debit balances arising from customer transactions, as defined. At December 31, 2015, the Company had net capital and net capital requirements of \$969,272 and \$250,000, respectively, and had no customer accounts.

The Company is exempt from the provisions of the SEC's Rule 15c3-3 under paragraph (k)(2)(ii) thereof.

The Rule may effectively restrict advances to affiliates or capital withdrawals.

(7) RELATED PARTY TRANSACTIONS/REVENUE FROM MAJOR CUSTOMER

Service fee income was derived entirely from one customer, an entity affiliated by common ownership, pursuant to an agreement, and accounted for approximately 88% of the Company's total revenue for the year ended December 31, 2015.

The Company is party to an expense sharing agreement with an affiliated entity under which they share certain general and administrative services including certain salaries, rent and administrative fees. Costs allocated to the Company during 2015 totaled \$101,000.

(8) SUBSEQUENT EVENTS

The Company has evaluated subsequent events through February 22, 2016, which is the date the financial statements were available to be issued. No events have occurred from the date of the financial statement to February 22, 2016, which would require adjustments to or disclosure in the accompanying financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Hybrid Trading & Resources, LLC

We have reviewed management's statements, included in the accompanying Rule 15c3-3 Exemption Report, in which (1) Hybrid Trading & Resources, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c-3-3(k) under which the Company claimed an exemption from 17 C.F.R. §15c-3-3(k)(2)(ii) (the "exemption provisions") and (2) the Company stated that they met the identified exemption provisions throughout the most recent year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
