REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders  
of Gold Coast Securities, Inc.

We have audited the accompanying financial statements of Gold Coast Securities, Inc. (the "Company"), which comprise the statement of financial condition as of December 31, 2015, and the related statements of income, changes in shareholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Gold Coast Securities, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Schedule I, Computation of Net Capital Under Rule 15c3-1, Schedule II, Computation of Determining Reserve Under Rule 15c3-3, and Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 Schedule IV, Schedule of Segregation Requirements and Funds, have been subjected to audit procedures performed in conjunction with the audit of Gold Coast Securities, Inc.'s financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**1. Organization and Nature of Business**

Gold Coast Securities, Inc. (a C-corporation) (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a Delaware corporation, headquartered in California, and began operations in January 2001.

**2. Significant Accounting Policies**

*Basis of Presentation*

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including both principal and agency transactions involving retailing corporate equity securities and mutual funds; selling corporate debt, municipal bonds, and U.S. government securities; selling life insurance and annuities; and providing investment advisory and management services.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Cash and Cash Equivalents*

Cash and cash equivalents include cash on hand and certificates of deposits. The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

*Commissions*

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions clear.

*Investment Advisory Income*

Investment advisory and management fees are received quarterly in advance, but are recognized as earned on a pro rata basis over the term of the contract. The unearned portion is recorded as deferred revenue, net of associated fees and expenses.

*Property and Equipment*

Property and equipment are stated at cost. Depreciation has been provided using the straight-line method over the useful lives of the assets, which range from three to seven years.

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**2. Significant Accounting Policies (continued)**

*Income Taxes*

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of depreciation and realization of net operating losses for financial and income tax reporting. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

*Fair Value of Financial Instruments*

Carrying values of cash and cash equivalents, accounts receivable and accounts payable approximate fair values due to the short maturities of such instruments.

*Concentration of Credit Risk*

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and cash equivalents and clearing organization accounts receivable. The Company places substantially all of its cash deposits with one high-quality financial institution.

*Advertising Costs*

The Company expenses the cost of advertising in the year incurred. During the year ended December 31, 2015, such advertising expenses (included as part of "other" expenses) was under \$1,000.

*Subsequent Events*

The Company evaluated subsequent events through February 22, 2016, the date the financial statements were issued.

**3. Recently Issued Accounting Standards**

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**3. Recently Issued Accounting Standards (continued)**

For the year ending December 31, 2015, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

**4. Guarantees**

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2015, or during the year then ended.

**5. Cash Segregated Under Federal and Other Regulations**

Cash of \$25,000 has been segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the SEC on agreements for proprietary accounts of introducing brokers.

**6. Receivable From and Payable Clearing Organizations**

Amounts receivable from and payable to clearing organizations were as follows for the year ending December 31, 2015:

<i>December 31, 2015</i>	<u><i>Receivable</i></u>	<u><i>Payable</i></u>
Receivable from clearing organization	\$ 131,618	\$ --
Fees and commissions receivable/payable	<u>48,420</u>	<u>76,099</u>
	<u>\$ 180,038</u>	<u>\$ 76,099</u>

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**6. Receivable From and Payable Clearing Organizations (continued)**

The Company has an agreement to clear substantially all of its proprietary and customer transactions through another broker-dealer (Pershing LLC) on a fully disclosed basis. Pershing LLC is responsible for handling and monitoring all securities lending activities (collateralized financings) related to securities borrowed and securities loaned transactions.

**7. Related Party Activities**

On June 8, 2015, a shareholder sold back to the Company his 49 shares of Series A common voting stock and 257.68 shares of Series B common non-voting stock, for an aggregate amount of \$100. Currently, the Company has no plans to reissue the repurchased shares.

In connection with the buy back of the shares from the shareholder, the shareholders agreed to terminate the buy-sell partnership agreement between them, which stated that in the event of the death of any one of the three shareholders, the insurance proceeds would be utilized (as a down or full payment thereon) to repurchase the shareholder's interest in the Company from the shareholder's heirs, at a price as defined in the agreement.

**8. Commitments and Contingencies**

The Company has an operating lease for 1,782 square feet of office space in Thousand Oaks, California. The Company extended the lease for an additional twelve month period to be terminated on November 30, 2016. Current monthly rental payments are approximately \$3,400. In addition, the Company executed a two year lease extension for the rental of 1,802 square feet of office space in Gold River, California, terminating on November 30, 2017. Current monthly rental payments are approximately \$3,300.

Future minimum lease payments under the operating leases are as follows:

Year ending December 31,:	
2016	\$ 76,167
2017	35,680

2019	0
2020	0
	<u>\$ 111,847</u>

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**8. Commitments and Contingencies (continued)**

Lease payments for the year ended December 31, 2015 was \$78,631, which is included in occupancy expense.

**9. Property and Equipment**

Property and equipment consists of the following as of December 31, 2015:

Computer, Phone & Equipment	\$ 32,378
Equipment Leases	9,570
Furniture	16,590
Software	2,182
Less: Accumulated Depreciation	<u>(54,526)</u>
Total Property and Equipment	<u><u>\$ 6,194</u></u>

Depreciation expense for the year ended December 31, 2015 was \$1,262.

**10. Retirement Plan**

In August 2003, the Company established a 401(k) Profit Sharing Plan administered by Retirement Systems of California, Inc. The 401(k) Profit Sharing plan, as adopted, allows for employee contributions through salary reductions ranging from 0% to 15% of employee salary, capped at \$18,000 in 2015 (plus catch-up provisions).

All employees who are at least 21 years of age and have been employed by the Company for at least six months are eligible to participate. Plan contributions are self-directed. No employer matching contributions were made for the year ending December 31, 2015, however, the Company made a safe-harbor contribution of approximately \$6,016 for the year ending December 31, 2015.

**11. Major Revenue Concentration**

For the year ended December 31, 2015 variable annuity, management fee, and mutual fund revenue were approximately 47%, 21% and 18%, of total revenue, respectively. The Company expects that most of this revenue will be recurring. In addition, approximately 37% of total revenues were generated from one insurance company.

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**11. Major Revenue Concentration (continued)**

With respect to clearing organization receivables, such receivables normally arise from fees generated through clearing and execution services performed for the Company's numerous customers. The Company has contractual arrangements with highly-rated broker-dealers, mutual fund companies, and insurance companies as the source of these revenues. As of December 31, 2015, two product providers had balances of roughly 30% and 16% of total receivables, respectively.

The Company maintains reserves for potential credit losses, as applicable and such losses, in the aggregate, have not exceeded management's expectations. The Company had a bad debt expense of \$2,137 for December 31, 2015.

**12. Income Tax**

The primary timing differences between book and tax expense reporting are depreciation expense and the utilization of the Net Operating Loss (NOL) carryforward. At December 31, 2015, the Company had a state and federal NOL carryforward of approximately \$100,000 and \$1,500, respectively, which will expire by 2032. As of December 31, 2015, there are no assurances the Company will be able to utilize such losses. As such, it did not recognize any tax expenses, other than the minimum state franchise tax of \$800, for the year 2015.

The Company recognizes and measures its unrecognized tax benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The Company does not have any tax positions at the end of the year for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly increase or decrease within twelve months of the reporting date.

The Company is generally not subject to federal, state, or local tax examinations by taxing authorities for years before 2012. As of December 31, 2015, no taxing authority has proposed any adjustments to the Company's tax position.

GOLD COAST SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2015

**13. Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital (i.e., \$50,000) and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2015, the Company’s net capital measured \$77,257 and its net capital ratio was 1.98 to 1.

**14. Reconciliation of Net Capital**

There was a difference of \$41,207 between the Audited Financial Statements and the X-17A-5 as calculated by the Company as of December 31, 2015. The following describes the changes:

	<u><i>Net Capital</i></u>
Net Capital per X-17A-5	\$ 118,464
