Notes to Financial Statements
December 31, 2015

1. Nature of the Business and Significant Accounting Policies

Nature of Business

Weitz Securities, Inc. (the "Company") is registered as a broker-dealer in securities under the Securities Exchange Act of 1934 and is subject to the examining authority of the Securities and Exchange Commission (the "SEC") and the Financial Industry Regulatory Authority. The Company is the principal underwriter of the Weitz Funds, a family of mutual funds whose investment adviser is Weitz Investment Management, Inc. ("Weitz Inc.") an affiliate under common control with the Company. Since the Company's business is limited to the distribution of mutual funds, the Company claims exemption from SEC Rule 15c3-3, under subparagraph k(1).

The following is a summary of significant accounting policies employed by the Company in the preparation of its financial statements:

Cash and Cash Equivalents

The Company classifies as cash equivalents those highly liquid investments that are both readily convertible into cash and present insignificant risk of changes in value because of changes in interest rates.

At December 31, 2015, cash equivalents included investments in a government money market mutual fund of \$278,569 valued at reported net asset value for which Weitz Inc. acts as investment adviser and transfer agent.

Various inputs can be used in determining the value of the Company's financial instruments. These inputs are used in determining the value of the Company's cash equivalents and are summarized in the following fair value hierarchy:

Level 1 - quoted prices in active markets for identical securities,

Level 2 - other significant observable inputs (including quoted prices for similar securities),

Level 3 - significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments).

Accordingly, the Company's cash equivalents are classified as Level 1. There were no transfers between levels during 2015 and no level 3 securities during the year.

Weitz Securities, Inc.

Notes to Financial Statements (continued)

Advertising and Promotion

The Company expenses all advertising and promotion costs as incurred.

Income Taxes

The sole shareholder of the Company has elected to have the Company taxed for Federal and Nebraska income tax purposes as an S corporation under Section 1361 of the Internal Revenue Code and a corresponding section of the state income tax code. Under these provisions, the stockholder's share of the Company's net income or loss for the year is reported on the stockholder's individual tax returns. Accordingly, no provision has been made in the accompanying financial statements for Federal or state income tax expense.

The Company has reviewed its tax positions taken on its income tax returns for each of the three open tax years and as of December 31, 2015 and has determined that no provision for income taxes is required in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital rule ("Rule 15c3-1"), which requires the maintenance of a minimum amount of net capital equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting aggregate indebtedness to net capital ratio would exceed 10 to 1. At December 31, 2015, the Company had net capital of \$231,358, which was \$226,358 in excess of its required net capital. At December 31, 2015, the Company's aggregate indebtedness percentage to net capital was 18.00%.

3. Related Party Transactions

The Company acts as principal underwriter of the Weitz Funds under a distribution agreement that provides for no compensation.

Direct and allocated expenses, including compensation, benefits and rent, related to the Company's operations, totaling \$3,921,451 were paid by Weitz Inc. on behalf of the Company pursuant to an expense reimbursement agreement. At December 31, 2015,

Weitz Securities, Inc.

Notes to Financial Statements (continued)

\$41,640 of such expenses were not yet reimbursed and reflected as "Due to affiliate" on the Statement of Financial Condition. The Company is economically dependent on Weitz Inc. continuing this practice of paying expenses of the Company. Weitz Inc. has represented that it will continue to support the operations of the Company.

4. Indemnifications

In the normal course of business, the Company enters into contracts that contain a variety of representations which provide general indemnifications. The Company's maximum exposure under these agreements is unknown as this would involve future claims that may be made against the Company that have not yet occurred. However, based on experience, the Company expects the risk of loss to be remote.

5. Subsequent Events

Management has evaluated the impact of all subsequent events on the Company and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.
