REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of the Firm
Moreton Capital Markets, LLC
Salt Lake City, Utah

We have audited the accompanying statement of financial condition of Moreton Capital Markets, LLC (the Company) as of December 31, 2015, and the related statements of operations, changes in members' equity and cash flows for the year then ended, and the related notes to the financial statements. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Moreton Capital Markets, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplementary information contained in Schedules I, II, and III (the Supplemental Information) has been subjected to audit procedures performed in conjunction with the audit of Moreton Capital Markets, LLC's financial statements. The Supplemental Information is the responsibility of Moreton Capital Markets, LLC's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its

form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information contained in Schedules I, II, and III is fairly stated, in all material respects, in relation to the financial statements as a whole.

MORETON CAPITAL MARKETS, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

a. Business

Moreton Capital Markets, LLC (a Utah Limited Liability Company) was formed in 2004 under the laws of the state of Utah. The Company is governed by the Operating Agreement of Moreton Capital Markets, LLC dated July 19, 2004. The Operating Agreement provides that the Company is to terminate on December 31, 2054 unless terminated earlier in accordance with the terms of the Operating Agreement.

According to the terms of the Operating Agreement, after the initial contributions are made, members have no further obligation to contribute additional amounts of capital to the Company, unless otherwise approved by the members. In addition, the liability of the members of the Company is limited to the members' equity.

The Company began operations as a securities broker dealer in January, 2005. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's business is principally limited to sharing commissions with two other FINRA member firms for the referral of customers for mutual funds and variable annuity insurance products. In December of 2015 the Company was approved to be a trading broker dealer. The Company operates in the state of Utah and has securities transactions with customers within Utah and numerous other states where the Company is registered.

b. Revenue Recognition

Commission revenue is recorded in the accounts on a trade date basis, which is the day the transaction is executed. Fees are recorded when earned and transactions have been fully consummated.

c. Customer Security Transactions

The Company does not handle customer funds or securities and is exempt from the provisions of the Customer Protection Rule (Rule 15c3-3).

d. Cash and Cash Equivalents

For purposes of reporting cash flows, the Company considers all highly liquid cash investments with an original maturity of three months or less to be cash equivalents. During 2015, the Company entered into an agreement with RBC Correspondent Services as a clearing firm for future trading activity. The agreement requires a minimum clearing deposit balance of \$50,000. As of December 31, 2015 a balance of \$49,969 was classified as restricted cash.

e. Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles and prevailing industry practices requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

Notes to the Financial Statements - continued

f. Income Taxes

The Company is taxed as a partnership for federal and state income tax purposes, and therefore no provision for income taxes has been recognized in the financial statements. Income of the Company is allocated to the members based upon their ownership percentage and reported on their respective individual income tax returns. Interest and penalties would also be shared by the members based on their ownership percentage.

Management has evaluated the tax positions by the Company and concluded that the Company has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of ASC 740. With few exceptions, the Company is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the tax years prior to 2012.

g. Fair Value of Financial Instruments

The carrying amount reflected in the statement of financial condition for cash and cash equivalents approximate fair value due to the short maturities of those instruments.

2. COMMISSIONS RECEIVABLE

Commissions receivable represent amounts due from other broker dealers, for commissions and fees earned through December 31, 2015. Amounts received after year end, for services of the prior year were classified as commissions receivable. Amounts classified as commissions receivable were received in the subsequent month, therefore, an allowance for doubtful accounts was not considered necessary.

3. RELATED PARTY TRANSACTIONS

In August of 2004, the Company entered into an *Office and Administrative Services Agreement* with another company with common ownership. Under the terms of this agreement, the Company is provided with office space, furnishings, administrative personnel, and access to the equipment and supplies necessary to operate the business. Office rent and administrative services of \$9,793 was charged to operations during the year ended December 31, 2015. The future minimum payments required by the *Office and Administrative Services Agreement* at December 31, 2015 are \$9,793 through December 2016.

During 2015, the lone employee of the Company also performed services for Moreton & Company, and affiliate. The Company was reimbursed \$34,705 throughout the year for those services.

4. NET CAPITAL REQUIREMENTS

As a broker dealer, the Company is subject to the uniform net capital rule adopted and administered by the Securities and Exchange Commission. The rule requires maintenance of minimum net capital and prohibits a broker dealer from engaging in securities transactions at a time when its net capital is less than the required minimum, as those terms are defined by the rule. At December 31, 2015, the Company's net capital was \$502,116 which was \$497,116 in excess of the \$5,000 minimum required.

5. RISK MANAGEMENT

Transactions involving financial instruments involve varying degrees of market, credit and operating risk. The Company monitors its exposure to risk on a regular basis.

Notes to the Financial Statements - continued

Market Risk

The Company does not invest in securities for its own account and, therefore is not directly subject to market risk.

Credit Risk

Concentrations of credit risk that arise from financial instruments exist for groups of counterparties when they have similar economic characteristics that would cause their ability to meet obligations to be similarly affected by economic, industry or geographic factors.

Operating Risk

Operating risk focuses on the Company's ability to accumulate, process, and communicate information necessary to conduct its daily operations. Deficiencies in technology, financial systems and controls, and losses attributed to operational problems all pose potential operating risks. In order to mitigate these risks, the Company has established and maintains an internal control environment which incorporates various control mechanisms throughout the organization. In addition, the Company periodically monitors its technological needs and makes changes as deemed appropriate.

6. CONCENTRATION OF CREDIT RISK

The Company currently maintains its bank accounts at one financial institution. Accounts at an institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2015, the Company had two accounts that together exceed the FDIC insured amount by \$203,595.

7. SIGNIFICANT BUSINESS RELATIONSHIPS

As discussed in note 1, the Company's business is principally limited to sharing commissions with two other FINRA member firms for the referral of customers for mutual funds and variable annuity insurance products. Loss or impairment to any of those business relationships may negatively impact the Company's results of operations.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 26, 2016, the date on which the financial statements were available to be issued, and has determined there are no additional subsequent events to be reported.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the members of the Firm

Salt Lake City, Utah

We have reviewed management's statements, included in the accompanying Schedule III, in which (a) Moreton Capital Markets, LLC identified the following provisions of 17 C.F.R. § 240.15c3-3(k) under which Moreton Capital Markets claimed an exemption from 17 C.F.R. § 240.15c3-3: (2)(i) (the "exemption provisions") and (b) Moreton Capital Markets, LLC stated that Moreton Capital Markets, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Moreton Capital Markets, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Moreton Capital Markets, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of 17 C.F.R. § 240.15c3-3.
