TMC BONDS, LLC
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2015

NOTE 1 - NATURE OF OPERATIONS

TMC Bonds L.L.C., (“the “Company”) was formed on June 8, 2000 and became a U.S. registered broker-dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority Inc. (FINRA). In August 2012, the Company formally changed its name to TMC Bonds L.L.C. The firm is also a member of the Municipal Securities Rulemaking Board, as well as the Securities Investor Protection Corporation.

TMC Bonds is a Delaware limited liability company (“L.L.C.”) whose sole member is TheDebtCenter, L.L.C. (“Parent”). The Parent is also a Delaware L.L.C., whose members are Merrill Lynch, Pierce, Fenner & Smith Inc., MSDW Fixed Income Ventures, Inc., Citigroup Financial Products Inc. and FSA Portfolio Management Inc. (collectively, the “Members”).

The Company operates a trading platform for the purpose of matching buyers and sellers in the fixed income securities market. The Company acts as principal in these transactions, simultaneously executing purchases and sales with each counterparty, providing complete anonymity to both the buyer and seller. The Company clears all transactions through Pershing LLC on a fully disclosed basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company’s financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which involve the application of accrual accounting; accordingly, the financial statements reflect all material receivable, payables, and other liabilities.

Cash and cash equivalents

The company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Property and Equipment, Net

Property and equipment are stated at cost, less depreciation and amortization. The costs of additions and improvements are capitalized and expenditures for repairs and maintenance are expensed as incurred. Fully depreciated assets are retained in property and depreciation accounts until they are removed from service. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation and amortization are removed from the accounts and the resulting gains or losses are included in operations. Depreciation of property and equipment is accounted for on the straight-line method over the estimated useful lives of the assets. Amortization of leasehold improvements is calculated by the straight-line method over the shorter of the term of the related lease or the useful lives of the improvements.

Impairment of Long-Lived Assets

In accordance with FASB ASC 360, long-lived assets, including property and equipment and intangible assets subject to amortization are reviewed for impairment and written down to fair value whenever events or changes in circumstances indicate the carrying amount may not be recoverable through future undiscounted cash flows. An impairment loss is measured as the amount by which the carrying amount of a long-lived asset exceeds its fair value.

Revenue Recognition

Commission income is recognized on a trade date basis as security transactions occur and consists of contractual commission percentages and/or the marginal difference between matching the price of buying and selling the security. Other income includes subscription fees for the usage of the company's web based trading platform. Related clearing expenses are also recognized on a trade date basis as security transactions occur.

Income Taxes

As a limited liability company, the Company has elected to be treated as a partnership. The effect of this election is that taxable results of operations and tax credits generated are reportable on the individual tax returns of its member. Accordingly, no provision for federal or regular state income taxes is reflected in the financial statements. However, the Company is subject to New York Unincorporated Business Income tax and two states minimum filings fees for which provision has been made.

NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Income Taxes *(Continued)*

The member of the Company has concluded that the Company is a pass-through entity and there are no uncertain tax positions that would require recognition in the financial statements. If the Company was to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. The member's conclusion regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof as well as other factors. Generally, federal and state authorities may examine the Company's tax returns for three years from the date of filing; consequently, the respective tax returns for years prior to 2012 are no longer subject to examination by tax authorities.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Subsequent Events

Management has evaluated subsequent events or transactions through February 26, 2016, the date which the financial statements were available to be issued.

NOTE 6 - CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counter-party or issuer of the instruments. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

The office was vacated as of December 31, 2015, but the letter of credit is still in place.
