## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders of Anovest Financial Services, Inc.

We have audited the accompanying financial statements of Anovest Financial Services, Inc. which comprise the statement of financial condition as of December 31, 2015, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Anovest Financial Services, Inc. management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis of our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Anovest Financial Services, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of Anovest Financial Services, Inc. financial statements. The information is the responsibility of Anovest Financial Services, Inc. management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity Rule17a-5 of the Securities Exchange Act of 1934. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Organization and Description of Business</u>: The Company is a registered broker dealer organized under the laws of the state of Georgia in June 2004. The Company is registered with the Securities and Exchange Commission, the Financial Industry Regulatory Authority and the securities commissions of appropriate states. The Company's primary business is brokerage of publicly traded securities. Most of the Company's customers are located in Georgia.

<u>Cash and Cash Equivalents</u>: The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

The Company maintains its demand deposits in a high credit quality financial institution. Balances at times may exceed federally insured limits.

Income Taxes: Income taxes are accounted for by the asset/liability approach in accordance with FAS-109 (Accounting for Income Taxes). Deferred taxes represent the expected future tax consequences when the reported amounts of assets and liabilities are recovered or paid. They arise from differences between the financial reporting and tax bases of assets and liabilities and are adjusted for changes in tax laws and tax rates when those changes are enacted. The provision for income taxes represents the total of income taxes paid or payable for the current year, plus the change in deferred taxes during the year. The Company provides deferred taxes for differences in the timing of deductions for book and tax reporting purposes principally related to a net operating loss carryforward and the use of the cash basis accounting for income tax purposes.

Under the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

The Company, which files income tax returns in the U.S. federal jurisdiction and states of Georgia and New York jurisdictions, is no longer subject to U.S. federal income tax examination by tax authorities for years before 2012.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

#### NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Revenue Recognition</u>: Customers' securities transactions are reported on a settlement date basis which does not differ significantly from trade date basis.

<u>Accounts Receivable:</u> The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all delinquent accounts receivable balances and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Generally, receivables are believed to be fully collectible; accordingly, no allowance for doubtful accounts is reflected in the accompanying financial statements.

<u>Date of Management's Review:</u> Subsequent events were evaluated through the date the financial statements were issued.

#### NOTE B — LEASES

<u>Operating leases:</u> The Company occupies office premises owned by its stockholders (See Note G). In addition, the Company leases a vehicle from a stockholder under a month-to-month rental agreement.

Rent expense for the year ended December 31, 2015 under the related party premises and vehicle leases was approximately \$34,000.

#### NOTE C — NET CAPITAL

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$17,117 which was \$12,117 in excess of its required net capital of \$5,000 and the ratio of aggregate indebtedness to net capital was .96 to 1.0.

#### NOTE D — INCOME TAXES

The provision for income taxes is summarized as follows:

Current income tax expense (benefit)	\$(	200)
Deferred income tax expense (benefit)	(	<u>3,300)</u>
Income tax expense (benefit)	<u>\$(</u>	3,500)

#### NOTE D — INCOME TAXES (CONTINUED)

The Company's current income tax benefit differs from the amounts computed by applying the combined federal and state income tax rates to the income before income taxes due to use of cash basis reporting for income tax purposes and non-deductible expenses.

Deferred income taxes are recognized for temporary differences between the basis of assets and liabilities for financial and income tax purposes. The differences at December 31, 2015 relate primarily to a net operating loss carryforward and use of the cash basis of accounting for income tax reporting.

Deferred tax assets and liabilities as of December 31, 2015 consisted of the following:

Deferred tax asset arising from net operating loss carryforward	\$(	2,700)
Deferred tax liability arising from accrual to cash timing difference		3,400
Net deferred tax liability	\$	700

At December 31, 2015, the Company has a net operating loss carryforward for income tax purposes that may be used to reduce taxable income arising in future years of approximately \$9,000 that begins to expire in 2030.

#### NOTE E — OFF BALANCE SHEET RISK

In the normal course of business, the Company executes securities transactions for the accounts of its customers. These activities may expose the Company to off balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

#### NOTE F — CONTINGENCIES

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at December 31, 2015.

#### NOTE G — RELATED PARTIES

The Company has a rental agreement with its stockholders. The rental agreement, which may be cancelled at any time, requires that the Company pay the stockholders for the use of office premises and 60% of utilities, insurance, real estate taxes and assessments. The amount paid pursuant to the office space rental agreement for 2015 was approximately \$17,000.

#### NOTE G --- RELATED PARTIES (CONTINUED)

In addition, the Company leases a vehicle from a stockholder under the terms of a month to month rental agreement. (See Note B).

#### NOTE H-RETIREMENT PLAN

The Company has a profit sharing plan with a 401(k), salary reduction plan feature, covering substantially all full-time employees. Company contributions are discretionary. Employer contributions accrued and expensed for 2015 were \$5,000.

#### NOTE I --- CLEARING BROKER-DEALER

The Company clears all of its proprietary and customer transactions through another brokerdealer on a fully disclosed basis. The fully disclosed correspondent/clearing agreement requires a deposit with the clearing firm of \$15,000. Provided that the Company is not in default of its obligations or liabilities to the clearing firm, the clearing firm will return the security deposit following termination of the fully disclosed correspondent/clearing agreement.
