Replex & Co., Inc.
Notes To Financial Statements
December 31, 2015

NOTE 1 – Organization and Business Activities

Replex & Co., Inc. (the "Company") is a New Jersey Corporation.

The Company is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company began operations as a broker-dealer on September 16, 1981. The Company clears all securities transactions through its clearing broker on a fully disclosed basis, and consequently operates under the exemptive provisions of S.E.C. Rule 15c3-3(k)(2)(ii).

NOTE 2 – Significant Accounting Policies

(a) Revenue Recognition and Commission Receivable

Securities transactions (and the related commission revenues and expenses) are recorded on a trade date basis, as security transactions occur. Proprietary securities transactions are reported on a trade date basis, and the related gains or losses are recorded in principal trade gains.

Rule 12 b-1 fees are recognized as earned based on the daily average net assets of the assets under management in registered investment companies.

Service fees, which are earned from a related party, are recognized based on the value of research and professionalism.

(b) Cash and Cash Equivalents – For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalent.

(c) Use of Estimates in Financial Statements – The preparation of financial statements in conformity with general accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Income Taxes – The Company has elected to be taxed as an "S" Corporation under the Internal Revenue Code. In lieu of corporate income taxes, stockholders of a Subchapter S Corporation are taxed on their proportionate share of the Company's taxable income. The Company's income tax filings are subject to audit by federal and state tax authorities.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances, and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available or when an event occurs that requires a change.

Repex & Co., Inc.
Notes To Financial Statements
December 31, 2015

NOTE 2 – Significant Accounting Policies (continued)

The Company believes that it has no uncertain tax positions, and accordingly, no liability has been recorded. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings. The 2012, 2013, and 2014 tax years of the Company remain subject to examination by U.S. Federal and certain state and local tax authorities.

No provision has been made for Federal Income taxes, since the Company has elected to be treated as an "S" Corporation according to provisions of the Internal Revenue Code.

The Company has also elected to be treated as an "S" Corporation for New Jersey income taxes, and therefore, there are no provisions for state income taxes in the financial statements.

(e) Advertising Costs – The Company expenses advertising costs as incurred.

NOTE 3 – Securities Owned

Securities owned are stated at fair value and consist of the following:

	Market Value	Cost Basis
U.S. Treasury Bills	<u>\$314,628</u>	<u>\$314,631</u>

NOTE 4 – Fair Value Measurements

The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Repex & Co., Inc.
Notes To Financial Statements
December 31, 2015

NOTE 4 – Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies use for assets measured at fair value, at December 31, 2015:

U.S. Treasury Bills: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Company's assets and liabilities at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
U.S. Treasury Bills	\$314,628	\$0	\$0	\$314,628

NOTE 5 – Lease Commitment

The Company occupies office space in which an affiliate company of Repex & Co., Inc. has liability for the lease. Therefore, the Company has no lease commitment.

As of December 31, 2015, the Company had no rent expense.

NOTE 6 – Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires that the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 15 times net capital, as defined. At December 31, 2015, the Company's net capital ratio was 0.233%:1.0 and its net capital was \$418,502 as compared with required net capital of \$100,000.

NOTE 7 – Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Corporation is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Corporation's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The Corporation introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

Repex & Co., Inc.
Notes To Financial Statements
December 31, 2015

Note 7 – Financial Instruments with Off-Balance Sheet Credit Risk (continued)

The Corporation's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Corporation and the Corporation's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Corporation and its clearing broker provides that the Corporation is obligated to assume any exposure related to such nonperformance by its customers.

The Corporation seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Corporation monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

Note 8 – Indemnifications

In the normal course of business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees, and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates.

The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated.

However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statement for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company also believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.
