NOTES TO FINANCIAL STATEMENTS
December 31, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by GRF Capital Investors, Inc., and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flow are summarized below:

Organization

GRF Capital Investors, Inc. (the "Company") was incorporated in June 1989 and is registered with the U.S. Securities and Exchange Commission ("SEC") as a broker and dealer pursuant to Section 15c3-3(K)(2)(ii) of the Securities Exchange Act of 1934.

The Company has adopted a fiscal year ended December 31.

Description of Business

The Company is a member of the Financial Industry Regulatory Authority (FINRA), formerly the National Association of the Securities Dealers, Inc., and the Investor Protections Corporation. The Company executes transactions on a fully disclosed basis through a clearing broker.

The Company does not hold customer funds or safe keep customer securities.

Basis of Accounting

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Accounts Receivable – Recognition of Bad Debt

Accounts Receivable are stated at the historical carrying amount net of write-off's and allowance for doubtful accounts. The Company establishes an estimated allowance for doubtful accounts received based on various factors, including revenue, historical credit loss experience, current trends, and nay specific customer collections issue that the Company has identified. Uncollectable accounts receivable are written off when a settlement is reached for an amount that is less that the outstanding historical balance or when the Company has determined the balance will not be collected. As of December 31, 2015 the Company determined that all accounts receivable were collectible, therefore, no allowance for doubtful accounts was required.

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

See accountant's audit report

Commission Revenues

The Company records customer securities transactions and the related commissions revenues and expenses on a settlement date basis, which is not materially different than if transactions had been recorded on a trade date basis. Commission revenues are recorded for tax reporting purpose using the trade date.

Commission revenues are recorded by the Company on the settlement date reported by the clearing broker RBC Capital Markets, with which it does business.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash in bank, and temporary cash investments. Temporary cash investments are all highly liquid instruments with maturities of less than three months.

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Office Equipment and Furniture

Office equipment and furniture is depreciated using the straight-line method over its estimated useful life, which ranges from 3 to 7 years. Depreciation expense for the years ended December 31, 2015 is \$0.00 and December 31, 2014 is \$178.00. December 31, 2013 and 2012 of \$970.00 and \$2,672.00 respectively, is reflected in the operating expenses in the accompanying statements of operations.

Depreciation is calculated using the straight-line method. Expenditures for major repairs and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are included in the accompanying statement of operations of the respective period.

Concentrations

The primary concentration of revenue is from sales of equities, mutual funds, option and corporate bonds.

Estimations

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

See accountant's audit report

NOTE G – STATEMENT OF EXEMPTION OF RESERVE REQUIREMENT

The Company is subject to the Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum Net Capital. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintains minimum Net Capital pursuant to a fixed dollar amount of 6-2/3% of the total aggregate indebtedness, as defined, whichever is greater, and does not therefor calculate its net capital requirement under the alternative reserve requirement method.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTIN

I have reviewed management's statements, included in the accompanying Representation Letter of Exemptions, in which (1) GRF Capital Investors, Inc. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which GRF Capital Investors, Inc. claimed an exemption from 17 C.F.R. § 15c3-3(k)(2)(ii), and (2) GRF Capital Investors, Inc. stated that GRF Capital Investors, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. GRF Capital Investors, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about GRF Capital Investors, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I'm not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
