Stanley Laman Group Securities, LLC

We have audited the accompanying statement of financial condition of Stanley Laman Group Securities, LLC (the "Company") as of December 31, 2015, and the related statements of operations, changes in members' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stanley Laman Group Securities, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The information contained in Schedules I and II has been subjected to audit procedures performed in conjunction with the audit of Company's basic financial statements. Such supplementary information is the responsibility of the Company's management. Our audit procedures included determining whether the information reconciles to the basic financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and

accuracy of the information presented in Schedules I and II. In forming our opinion on the supplementary information, we evaluated whether the information, including its form and content, is presented in conformity with Rule 17a-5 under the Securities Exchange Act of 1934. In our opinion, the supplementary information referred to above is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements December 31, 2015

1. Business Activity and Organization

Stanley Laman Group Securities, LLC (the "Company") was formed in April 2002 for the purpose of providing broker-dealer services in variable life insurance. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Agency (FINRA).

The Company is affiliated with another entity under common control and ownership. All revenue generated is the result of its affiliation with this other entity.

The Company operates as a Limited Liability Company which generally limits liability to Creditors of the Company to the assets of the Company.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Company is presented to assist in understanding the Company's financial statements.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments purchased with an original maturity of three (3) months or less to be cash equivalents.

Stanley Laman Group Securities, LLC
Notes to Financial Statements December 31, 2015

Commissions Receivable

Commissions receivable are stated at their outstanding balances. The Company considers commissions receivable to be fully collectable. If collection becomes doubtful, an allowance for doubtful accounts will be established, or the accounts will be charged to expense when the determination is made by management. Unpaid balances remaining after the stated payment terms are considered past due. Recoveries of previously charged off accounts are recorded when received. The allowance for doubtful accounts receivable was \$-0- at December 31, 2015.

Revenue Recognition

Insurance commissions are recognized as revenue when (i) the policy application is substantially complete, (ii) the premium is paid and (iii) the insured party is contractually committed to the purchase of the insurance policy.

Income Taxes

In lieu of corporate income taxes, the members of a limited liability corporation are taxed on their proportionate share of the Company's taxable income. Accordingly, no provision for corporate income taxes is included in these financial statements.

The Company follows the provisions of FASB ASC 740, Income Taxes. This standard provides guidance on accounting for income taxes, including uncertain tax positions. No interest and penalties related to income taxes have been recognized in the accompanying financial statements. The Company believes there are no uncertain tax positions.

Concentrations of Credit Risk

The Company maintains cash balances at a financial institution located in the Philadelphia area. Non-interest bearing cash accounts are currently fully insured by the Federal Deposit Insurance Corporation ("FDIC") through December 31, 2015.

Statement of Changes in Liabilities Subordinated to Claims of General Creditors

The Company has no liabilities subordinated to the claims of general creditors for 2015; consequently, the financial statements have not presented the Statement of Changes in Liabilities Subordinated to Claims of General Creditors.

Subsequent Events

The Company has evaluated events and transactions occurring subsequent to the statement of financial condition date of December 31, 2015 for items that should potentially be recognized or disclosed in those financial statements. The evaluation was conducted through February 24, 2016, the date the financial statements were available to be issued.

3. Securities and Exchange Commission Rule 15c3-3 Exemption

The Company operates under the exemptive provisions of Paragraph (k)(1) of Rule 15c3-3 of the Securities Exchange Act of 1934, as the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received in connection with activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to, customers.

4. Related Party Transactions

The Company shares office space with an affiliate under common control and ownership. During 2015, the Company paid fees of \$12,000 to the affiliate for its allocated share of rent, utilities and office expenses. The fees are based on the affiliate's estimate of expenses incurred related to the resources utilized by the Company. Management believes that these estimates were made on a reasonable basis. However, the fees are not necessarily indicative of the level of expenses that might have been incurred had the Company contracted directly with third parties. Management has not made a study or any attempt to obtain quotes from third parties to determine what the cost of obtaining such services from third parties would have been.

The Company pays commissions to an officer of the Company for the work that the officer performs in securing sales of variable universal life policies for clients of the Company, generating commission revenue for the Company. Management believes that the payment of these commissions to the officer of the Company are made on a reasonable basis. For 2015, the Commissions paid to the officer totaled \$532,878. The officer of the Company is contractually required to pay that amount to the affiliated entity.

5. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2015, the Company's net capital was \$48,816, which was \$43,816 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was 0.09:1 at December 31, 2015.

The Company does not carry securities accounts for customers or perform custodial functions related to customer securities. This allows the Company to claim an exemption from SEC Rule 15c3-3 under paragraph (k)(1), which relates to the maintenance of special accounts for the exclusive benefits of customers.

6. Commitments and Contingencies

The Company is subject to claims and legal proceedings which arise in the ordinary course of its business. The Company is unable to estimate the magnitude of any future exposure at this time.

The Company is exposed to the risk of loss on unsettled customer transactions in the event customers and other counterparties are unable to fulfill contractual obligations. Transactions entered into as of December 31, 2015 settled with no adverse effect on the Company's financial condition.
