#### A. Organization

Lincoln Douglas Investments, LLC (the Company) was formed as a limited liability company in the State of Ohio in December 2010 and began operations in July 2011. The Company has been operating as a broker-dealer registered with the Securities and Exchange Commission (SEC) and the State of Ohio Securities Division; it is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

#### B. Management's Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### C. Cash

The Company maintains cash balances at one bank and in one money market account. The cash balance in the bank was under the federally insured limit of \$250,000 as of December 31, 2015. For purposes of the statement of cash flows, the Company considers all cash in checking accounts and money market accounts to be cash equivalents.

### D. Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and commissions receivable. The Company places its cash with high credit quality financial institutions, which at times may be in excess of FDIC insurance limits. The Company's receivables represent commissions from completed securities trades. All customer transactions are cleared through another broker-dealer on a fully disclosed basis.
