#### Report of Independent Registered Public Accounting Firm

To the Member USRP Equities, LLC

COHN DREZNICK ACCOUNTING • TAX • ADVISORY

We have audited the accompanying statement of financial condition of USRP Equities, LLC as of December 31, 2015 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of USRP Equities, LLC's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of USRP Equities, LLC as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

The supplementary information contained in Schedule I has been subjected to audit procedures performed in conjunction with the audit of USRP Equities, LLC's statement of financial condition. The supplemental information is the responsibility of USRP Equities, LLC's management. Our audit procedures included determining whether the supplemental information reconciles to the statement of financial condition or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the statement of financial condition as a whole.

#### NOTES TO STATEMENT OF FINANCIAL CONDITION

### Note 2 - Summary of significant accounting policies (continued): Revenue recognition (concluded):

The Company earns commissions related to the sale of securities and certain investment related insurance products. Commissions consist of two primary forms. The first are transactional, which are typically paid on a specific investment. The second are recurring, that consist of commissions paid for ongoing deposits into investment accounts, asset-based fees determined by the size of the client's account and/or investment advisory fees also linked to the size of a client's account. Transaction-based fees, including performance fees, are recognized when all contractual obligations have been satisfied. Securities and mutual fund commission income and related expenses are recorded on a trade-date basis.

On a periodic basis, the Company evaluates its receivables and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current considerations. At December 31, 2015, no allowance for doubtful accounts was deemed necessary.

#### Major customers:

During 2015, the Company earned all of its revenue from five clients with approximately 88% of the revenue being earned from two of these clients. At December 31, 2015, approximately 92% of the Company's commissions receivable are due from these same clients.

#### Income taxes:

The Company is a limited liability company and is considered a disregarded entity for Federal and state income tax purposes; hence, the Company files no income tax returns. Any income or loss generated is passed through to the member.

#### Use of estimates:

The preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition and the reported amounts of revenue and expenses during the period. Actual results could differ from those amounts.

The Company has a management agreement with its Parent and its subsidiaries that provides space, staff support and various other general and administrative functions which help generate and support the commissions paid to the Company.

The Company has also entered into commission sharing arrangements with external broker-dealers in order to receive the commissions generated by the salesforce of its Parent and its subsidiaries.

#### Note 7 - Indemnifications:

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the statement of financial condition for these indemnifications.

#### Report of Independent Registered Public Accounting Firm

To the Member USRP Equities, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) USRP Equities, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which USRP Equities, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(i) (the "exemption provisions") and (2) USRP Equities, LLC stated that USRP Equities, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. USRP Equities, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about USRP Equities, LLC's compliance with the exemption provisions. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
