Stout Causey Capital Corporation

Notes to Financial Statements For the Year Ended December 31, 2015

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Stout Causey Capital Corporation (the Company) was incorporated in the State of Maryland and is a broker/dealer registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company is a wholly owned subsidiary of SC&H Group, Inc. (the Parent).

Revenue Recognition

The Company provides consulting services related to mergers and acquisitions and business performance enhancement to organizations. The Company works on both a contingent fee and hourly fee basis. For contingent fee services, revenue is recognized upon settlement of a transaction. Hourly fees are billed on a monthly basis and revenue is recognized upon issuance of an invoice.

Cash and Credit Risk

The Company defines cash equivalents as cash held in checking accounts.

Cash held in banks may at times be in excess of the Federal Deposit Insurance Corporation insurance limit and management considers those circumstances to be a normal business risk.

Accounts Receivable

Accounts receivable represents hourly fees earned on activities that occurred prior to and to be paid after December 31, 2015.

The Company provides credit in the normal course of business to its customers and performs ongoing credit evaluations of those customers. Receivables are generally due thirty days after they are billed. The Company considers allowances for doubtful accounts based on factors surrounding the credit risk of specific customers, historical trends, projection of trends, and other information. Management of the Company periodically reviews the collectability of accounts receivable, and those accounts which are considered not collectable are written off as bad debts. Based on management's review, an allowance for doubtful accounts of \$39,505 has been recorded as of December 31, 2015.

Income Taxes

The Company is a Qualified Sub-Chapter S-Corporation, thus income is passed through to the Parent. The Parent is an S-Corporation for Federal and State income tax purposes. In lieu of corporation income taxes, the stockholders of the S-Corporation are taxed on their proportionate share of the Company's taxable income or loss. Therefore, no provision or liability for Federal or State income taxes has been provided in these financial statements.

Stout Causey Capital Corporation

Notes to Financial Statements For the Year Ended December 31, 2015

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Income Taxes – cont'd.

The Company follows the FASB Accounting Standards Codification, which provides guidance on accounting for uncertainty in income taxes recognized in an enterprise's financial statements. The guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of December 31, 2015, the Company had no uncertain tax positions that require either recognition or disclosure in the Company's financial statements. Generally, the tax years before 2011 are no longer subject to examination by Federal, State or local taxing authorities.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. REGULATORY REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and a maximum ratio of aggregate indebtedness to net capital. The Rule provides that minimum net capital shall exceed the greater of \$5,000 or 6.67% (1/15th) of aggregated indebtedness and that aggregate indebtedness shall not exceed 15 times "net capital" as these terms are defined by the Rule. As of December 31, 2015, net capital is \$45,991 and aggregate indebtedness is \$208,087. Therefore, 6.67% of aggregate indebtedness, or \$13,879, is greater than \$5,000 and the Company has excess net capital of \$32,112. Additionally, the Company's aggregated indebtedness of \$208,087 is less than the maximum allowed of \$689,865, or 15 times net capital. As of December 31, 2015, the Company is in compliance with these rules.

Stout Causey Capital Corporation

Notes to Financial Statements For the Year Ended December 31, 2015

3. RELATED PARTY TRANSACTIONS

The Company shares office space and personnel with affiliated companies. Certain personnel expenses are charged to the Company. During the year ended December 31, 2015, personnel costs of \$1,276,589, a corporate allocation of \$378,581, and a service line allocation of \$18,170 were charged to the Company.

The Parent pays all indirect expenses of the Company, which are then reimbursed by the Company. The Company maintains an intercompany balance with the Parent and is responsible for settling all liabilities to the Parent for the Company's portion of such costs. This agreement affects the Company's financial position and operating results in a manner that differs from those that might have been achieved if the Company was autonomous.

The Company maintains an operating cash account from which all direct expenses of the Company are paid. From time to time, the Company will advance cash to the Parent company.

At December 31, 2015, the Company owed \$158,087 for reimbursement of various shared services. The payable is reported as "Due to affiliate" in the Company's statement of financial condition and is expected to be paid in full in 2016.

4. SUBSEQUENT EVENTS

The Company has evaluated events and transactions subsequent to December 31, 2015 through February 25, 2016, the date these financial statements were issued. Based on the definitions and requirements of generally accepted accounting principles, management has not identified any events that have occurred subsequent to December 31, 2015 and through February 25, 2016, that require recognition or disclosure in the financial statements.
