KENMAR SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015

Note 1. GENERAL DESCRIPTION OF THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES

A. General

Kenmar Securities, LLC (the "Company") is a Delaware limited liability company, and the sole member of the company is Kenmar Olympia, LLC.

The Company is a broker-dealer registered with the Securities and Exchange Commission, a member of the Financial Industry Regulatory Authority (FINRA), and an Independent Introducing Broker, registered with the Commodity Futures Trading Commission. The Company is in the business of offering and selling securities of commodity pools operated by affiliated companies and introducing and referring investors to affiliated and unaffiliated managers and other private placements. The Company does not carry customer accounts, hold funds or securities for, or owe money to, customers.

B. Method of Reporting

The Company's financial statements are presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board Accounting Standards Codification (the Codification) is the single source of U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates, and such differences may be material to the financial statements.

C. Cash

The Company maintains its cash with Wells Fargo. In the event of the financial institution's insolvency, the Company's recovery of the cash balance on deposit may be limited to account insurance or other protection afforded such deposits.

D. Revenue Recognition

Commission and fee revenue is recognized as income when earned in accordance with the terms of the applicable agreement.

E. Securities Owned

The Company holds shares of Nasdaq Inc. stock and values the stock at the last reported sales price on the valuation date. Any change in net unrealized gain or loss from the preceding period is reported in the statement of operations. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2015

Note 1. GENERAL DESCRIPTION OF THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Income Taxes

The Company as a Single Member LLC is a disregarded entity for tax purposes, pursuant to which the Company does not pay U.S. corporate or state income tax on its taxable income. Accordingly, the Company does not provide for income tax expense or income tax liability on its net income.

The Company applies the provisions of Codification Topic 740, *Income Taxes*, which prescribe the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity before being measured and recognized in the financial statements. This accounting standard requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's financial statements to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions with respect to tax at the Company level not deemed to meet the "more-likely-than-not" threshold would be recorded as an expense in the current year. The Company has elected an accounting policy to classify interest and penalties, if any, as interest expense. The Company has concluded that there is no tax expense or interest expense related to uncertainties in income tax positions for the year ended December 31, 2015. The 2012 through 2015 tax years generally remain subject to examination by U.S. federal and most state tax authorities.

G. Allocation of Income and Loss

The Company's income or loss is allocated to the sole member of the Company.

Note 2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company is also subject to the net capital provisions of regulation 1.17 under the Commodity Exchange Act, which requires that the Company maintain minimum net capital of \$45,000. At December 31, 2015, the Company had adjusted net capital of \$77,113, which was in excess of its required net capital by \$32,113. The Company's ratio of aggregate indebtedness to net capital was .4512 to 1.

Note 3. SALES COMMISSIONS AND INTRODUCTORY FEES

The Company acts as the Selling Agent for World Monitor Trust III (the "Trust"). The Managing Owner of the Trust is Kenmar Preferred Investments, LLC, ("Preferred"), an affiliate of the Company. The Company receives from the Trust a monthly sales commission equal to 1/12 of 1% (1% annually) of the Net Asset Value of the outstanding units as of the beginning of each month. Sales commissions earned by the Company were \$137,854 for the year ended December 31, 2015, of which \$0 remains receivable as of December 31, 2015.

The Company has entered into several introduction agreements with private placement issuers where the Company agreed to seek to introduce or refer prospective clients to such private placement issuers in return for a fixed retainer amount and or a percentage of any fees earned resulting from the introductions. The Company received introductory fees of \$105,000 (\$10,500 net of payments to registered representatives) pursuant to these agreements during the year ended December 31, 2015.

KENMAR SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2015

Note 4. RELATED PARTY TRANSACTIONS

The Company has selling agreements with affiliated commodity pools pursuant to which the Company earns selling agent fees. The Company did not receive any selling agent fees pursuant to such agreements during the year ended December 31, 2015.

The Company has a Services, Space Sharing and Expense Agreement ("Expense Agreement") with Kenmar Olympia, LLC ("KOL"). Under the terms of such Expense Agreement, KOL agreed to make available to the Company Support Services and Support Personnel (as defined in the agreement). KOL pays the associated costs of the Support Personnel and any related Support Services costs including but not limited to salaries and employee benefits of the Support Personnel, rent and utilities related to the Company, travel and entertainment expenses and any other operating expense not directly related to the Company. The Company will pay all expenses related directly to its operations including but not limited to sales commissions to registered personnel, licensing, examination fees, continuing education costs, audit fees, legal fees and any expense to an outside vendor with which the Company has contracted directly.

Commissions paid to a former officer of the Company amounted to \$ 2,382 for the year ended December 31, 2015.

The Company also calculates, collects and remits fees from an affiliate of KOL to compensate a sales representative who was employed by KOL until April 30, 2014. The fees are calculated as a percentage of fees earned by such affiliate from business introduced by the sales representative. 100% of the fees collected pursuant to this arrangement are remitted to KOL and paid by KOL to the sales representative. The Company's liability is limited solely to the fees that it receives from the affiliate. No income or expenses are recorded by the Company pursuant to this arrangement. During the year ended December 31, 2015, the Company received and paid \$43,994 pursuant to this arrangement, and \$0 remains receivable and payable at December 31, 2015.

Note 5. FAIR VALUE

The Company accounts for its holdings of Nasdaq Inc. stock at fair value. Fair value, as defined in the *Fair Value Measurement* Topic of the Codification, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy, as set forth in the *Fair Value Measurement* Topic of the Codification, prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: quoted market prices in active markets for identical assets or liabilities (Level 1); inputs other than quoted market prices that are observable for the asset or liability, either directly or indirectly (Level 2); and unobservable inputs for an asset or liability (Level 3). The Company categorizes the stock held as a Level 1 fair value measurement.

FOR THE YEAR ENDED DECEMBER 31, 2015

Note 6. INDEMNIFICATIONS

In the normal course of business, the Company enters into contracts and agreements that contain a variety of representations and warranties and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of any future obligation under these indemnifications to be remote.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Kenmar Securities, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Kenmar Securities, LLC (the Company), identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (2)(i) (the exemption provisions); and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in the paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

To the Member of
Kenmar Securities, LLC

In planning and performing our audit of the financial statements of Kenmar Securities, LLC (the Company) as of and for the year ended December 31, 2015, in accordance with the standards of the Public Company Accounting Oversight Board (United States), we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Regulation 1.16 of the Commodity Futures Trading Commission (CFTC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding firm assets. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Regulation 1.16 in making the periodic computations of minimum financial requirements pursuant to Regulation 1.17.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the CFTC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Regulation 1.16(d)(2) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding firm assets that are considered to be material weaknesses, as defined above.

Kenmar Securities, LLC

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the CFTC to be adequate for its purposes in accordance with the Commodity Exchange Act, and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2015, to meet the CFTC's objectives.

This report is intended solely for the information and use of the Member, management, the CFTC, the National Futures Association, and other regulatory agencies that rely on Regulation 1.16 of the CFTC in its regulation of introducing brokers, and is not intended to be and should not be used by anyone other than these specified parties.
