The Board of Directors and Stockholders Presidential Brokerage, Inc. Greenwood Village, Colorado

We have audited the accompanying statement of financial condition of Presidential Brokerage, Inc. (an S-Corporation) as of December 31, 2015, and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of Presidential Brokerage, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluation the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Presidential Brokerage, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplementary information contained in Schedules I and II has been subjected to audit procedures performed in conjunction with the audit of Presidential Brokerage Inc.'s financial statements. The supplementary information contained in Schedules I and II is the responsibility of Presidential Brokerage, Inc.'s management. Our audit procedures included determining whether the supplementary information contained in Schedules I and II reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information contained in Schedules I and II. In forming our opinion on the supplementary information contained in Schedules I and II, we evaluated whether the supplementary information contained in Schedules I and II, including its form and content is presented in conformity with 17 C.F.R. Section 240.17a-5. In our opinion, the supplementary information contained in Schedules I and II is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

1. Summary of Significant Accounting Policies

Organization

Presidential Brokerage, Inc. (an S corporation) (the "Company") was incorporated in the state of California on June 25, 1991. The Company is a registered broker-dealer with the Securities and Exchange Commission and with the Financial Industry Regulatory Authority. The Company is also a member of the Securities Investor Protection Corporation (SIPC). The Company's securities business is limited to introducing and forwarding securities on a fully disclosed basis to a carrying broker-dealer. The Company as a matter of policy does not hold funds or securities for customers or owe money or securities to customers.

Revenue Recognition

Securities transactions and the related revenues and expenses are reflected in the financial statements on a settlement date basis, which is generally three business days after the trade date. Revenues and expenses on a trade date basis are not materially different from revenues and expenses on a settlement date basis.

Cash and Cash Equivalents

Investments with original maturities of three months or less are classified as cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Depreciation is calculated principally by the straight-line method over a useful life of five to seven years. Leasehold improvements are amortized over a seven year life. Maintenance and repairs are expensed as incurred. Major betterments are capitalized. The Company takes advantage of Internal Revenue Code Section 179 allowing depreciation write-offs of up to \$500,000 in year of acquisition. This method of writing off up to \$500,000 in the year of acquisition is not a generally accepted accounting principle; however, the GAAP calculated depreciation did not vary materially from the tax method considering the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

1. Summary of Significant Accounting Policies (Continued)

Income Taxes

The Company, with consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements. However, the Company operates in California which imposes a minimum franchise tax of \$800.

Uncertain Tax Positions

The Company records a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained if examined by the taxing authority. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Company's evaluation on December 31, 2015 revealed no uncertain tax positions that would have a material impact on the financial statements. The 2012 through 2014 tax years remain subject to examination by the IRS. The Company does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist primarily of temporary cash investments. The Company restricts temporary cash investments to financial institutions with high credit standing. Such temporary cash investments are often in excess of the FDIC insurance limit.

Advertising Costs

Advertising costs are expensed as incurred.
