NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2015

---

**NOTE A - Nature of Business and Summary of Significant Accounting Policies**

Nature of business - **GLP Investment Services, LLC** (the "Company") is a Michigan limited liability company that is registered with the Securities and Exchange Commission, for the purpose of conducting business as a broker-dealer in securities.

The Company operates under the provisions of Paragraph (k)(1) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule.

Revenue recognition - The Company recognizes commissions revenue on a trade-date basis as securities transactions occur. Commission expense payable to independent agents is accrued at the time the corresponding revenue is accrued.

Income taxes - As a limited liability Company, any income or loss realized is taxed to the individual members. Accordingly, no provisions for federal income taxes appear in the financial statements. The federal and state income tax returns are subject to examinations by the taxing authorities, generally for a period of three years after the returns are filed. Therefore, federal tax returns after 2011 and state returns after 2010 are still subject to review by tax authorities.

Cash and cash equivalents - For financial statement purposes, the Company considers all liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The beginning cash balance on the Statement of Cash Flows is consistent with this treatment.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates primarily relate to the collectability of accounts receivable and estimates of future cash flows used to evaluate whether conditions are present that would require asset impairment charges to be recognized. Actual results could differ from those estimates.

NASD membership - The NASD membership is recorded at cost or, if any other than temporary impairment in value has occurred, at a value that reflects management's estimate of the impairment. Management believes that such impairment has not occurred in 2015. The NASD membership was being amortized over a period of forty years prior to adoption of FASB ASC Topic 350 on goodwill and other intangibles (see Note B).

Fixed assets - Fixed assets are recorded at cost and depreciated using accelerated methods over their estimated useful lives ranging from five to seven years. Depreciation expense totaled \$458 for the year ended December 31, 2015.

Concentration of credit risk - Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of receivables from broker-dealers and clearing organizations. The Company may be subject to credit risk to its cash, which is placed with a credit-quality financial institution. The Federal Deposit Insurance Corporation ("FDIC") covers up to \$250,000 for substantially all depository accounts. From time to time, the Company may have amounts on deposit in excess of FDIC limits. Management believes the Company is not exposed to any significant credit risk on cash.

Accounts receivable - Accounts receivable represents amounts due from broker-dealers and are stated at the amount management expects to collect from the outstanding balances. The Company does not require collateral or any other security to support the amounts due. Management believes that all accounts receivable as of December 31, 2015 are fully collectible. Accordingly, no reserve for bad debt exists as of December 31, 2015.

**GLP INVESTMENT SERVICES, LLC**  
(a Michigan limited liability company)

NOTES TO THE FINANCIAL STATEMENTS  
(continued)  
December 31, 2015

---

NOTE B - Adoption of FASB ASC Topic 350

In 2002, the Company adopted FASB ASC Topic 350 on goodwill and other intangibles. This established new accounting and reporting standards for goodwill and other intangible assets whereas intangible assets with indefinite lives are no longer amortized, but rather tested annually for impairment. The Company's NASD membership is deemed to have an indefinite useful life; therefore, the Company ceased amortization effective January 1, 2002. The Company determined that the carrying amount of its NASD membership did not exceed its fair market value and that no impairment loss had been realized during the year ended December 31, 2015.

NOTE C - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Rule also provides that equity capital may not be withdrawn or cash dividends paid if resulting net capital ratio would exceed 10 to 1. At December 31, 2015, the Company had net capital of approximately \$125,256, which was \$120,256 in excess of its required net capital of \$5,000.

There is no material difference between the computation of net capital as presented on Schedule I which follows the notes to the financial statements and the Company's Filing included in the FOCUS Report – Part IIA as of December 31, 2015.

NOTE D - Related Party Transactions

Companies related through common ownership and management share office space and support. Pursuant to an agreement with related companies, **GLP Investment Services, LLC** pays for support services and for its allocated use of its office space and office equipment. Rent expense paid or accrued to the related entity for the year ended December 31, 2015 was \$10,934. Support service fees paid during the December 31, 2015 year ended were \$34,620. The amount due the related party at December 31, 2015 was \$1,682.

NOTE E - Subsequent Events

The Company has evaluated subsequent events through February 25, 2016, the date on which the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE F - Simple IRA Plan

The Company established during the year ended December 31, 2015, a Simple IRA plan. Employees are allowed elective deferrals limited to \$12,500 (additional \$3,000 if age 50 or older as of the end of the year). The employer is required to match elective deferrals dollar for dollar up to 1% of wages in any two of five years (3% in the other years). The Company matching contribution for the year ending December 31, 2015 is approximately \$4,291.

## INDEPENDENT ACCOUNTANT'S AGREED-UPON PROCEDURES REPORT ON SCHEDULE OF ASSESSMENT AND PAYMENTS (FORM SIPC-7)

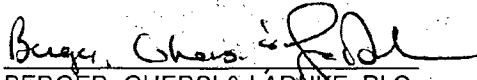

To the Members  
**GLP Investment Services, LLC**  
37000 Twelve Mile Road, Suite 101  
Farmington Hills, Michigan 48331

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2015, which were agreed to by GLP Investments Services, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and other designated examining authority, solely to assist you and the other specified parties in evaluating GLP Investments Services, LLC's compliance with the applicable instructions of Form SIPC-7. GLP Investment Services, LLC's management is responsible for GLP Investment Services, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payment required per Form SIPC-7 with respective cash disbursements records entries, noting no differences.
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts in Form SIPC-7 for the year ended December 31, 2015, noting no differences.
3. Compared the adjustments reported in Form SIPC-7 with supporting schedules, workpapers and general ledger noting differences relating only to reclassifications of expense amounts (from audit adjustments) in revenue to the balance sheet (during the fourth quarter) to avoid presentation of negative expenses.
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and workpapers supporting the adjustments, noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
