The financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stanford Investment Group, Inc. as of December 31, 2015 and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

1. Business and Summary of Significant Accounting Policies

Business

Stanford Investment Group, Inc. (Company) was incorporated in the state of California in 1981. It was registered with the Securities and Exchange Commission (SEC) as an introducing broker-dealer and was a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company is also registered with the SEC under the Investment Advisory Act of 1940.

Effective December 31, 2015, the Company withdrew its membership registration with the Financial Industry Regulatory Authority, Inc. (FINRA), the Municipal Securities Rulemaking Board (MSRB) and with the Securities Investor Protection Corporation (SIPC). FINRA accepted the Company's withdrawal from membership on February 2, 2016.

The Company will continue operations as an SEC Registered Investment Adviser.

Method of Accounting

The Company has prepared these financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). The Company uses the cash method of accounting for income tax purposes.

Cash and Cash Equivalents

The Company maintains its cash in bank deposit accounts with commercial banks, which at times may exceed federally insured limits. It also maintains its cash in money market accounts which are not federally insured. The Company has not experienced any losses in such accounts.

Revenue

Investment advisory fees are billed at the beginning of each quarter and recognized monthly as earned in accordance with the terms of the investment advisory contracts. Commission revenue is recorded on a trade-date basis as securities transactions occur. Insurance and planning service fees are recognized when earned in accordance with terms of the contracts.

1. Business and Summary of Significant Accounting Policies (continued)

Income Taxes

The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company is not subject to Federal income taxes, nor is it allowed a net operating loss carry-over or carry-back deduction. Accordingly, no provisions have been made for Federal income taxes. Instead, stockholders are taxed on their proportionate share of the Company's taxable income. The Company is subject to California franchise tax of 1.5% on taxable income, subject to an annual minimum of $800. Any temporary differences arising from recording state taxes are immaterial and accordingly, do not generate any deferred tax asset or liability. The Company could also be subject to the built-in gains tax during the first ten years of the S election if certain events occur.

Office Equipment and Leasehold Improvements

Office equipment and leasehold improvements are recorded at cost. Depreciation on office equipment is computed under the straight-line method using estimated useful lives of 5 to 7 years. Amortization on leasehold improvements is computed under the straight-line method using the remaining life of the lease at the time the improvements are placed in service.

Deferred Lease Incentives

Lease incentives are amortized over the life of the lease.

Use of Estimates

Financial statements prepared in accordance with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

2. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of $720,110 which was $685,841 in excess of its required net capital of $34,269. The Company's ratio of aggregate indebtedness to net capital was .714 to 1.

3. Retirement Plan

The Company has a 401(k) retirement plan covering all eligible employees. An employee's eligibility begins immediately and the employer contributions to the plan consist of matching the employee's contributions as well as an option to make a discretionary company contribution to be allocated in proportion to compensation. Employer contributions made to the plan totaled $103,498 for the year.

4. Lease Commitments

The Company leases its office facilities under a long term operating lease. On, and effective, January 1, 2011, the Company negotiated new lease terms with the landlord that will expire on December 31, 2016. Included in lease expense is an estimate of the Company's pro-rata share of the building's operating and maintenance expenses. As a result of scheduled changes to rent payments over the term of the lease, the total amount to be paid under the lease for its entire term is recognized on a straight-line basis. Future minimum payments under the operating lease are as follows:

Year Ending December 31,	
2016	$ 207,000

5. Supplemental Disclosure of Cash Flow Information
