Independent Auditors' Report

Board of Directors
Jack V. Butterfield Investment Company

We have audited the accompanying statement of financial condition of Jack V. Butterfield Investment Company as of December 31, 2015, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of Jack V. Butterfield Investment Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Jack V. Butterfield Investment Company as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conforming with accounting principles generally accepted in the United States.

The supplementary information as listed in the table of contents has been subjected to audit procedures performed in conjunction with the audit of Jack V. Butterfield Investment Company's financial statements. The supplementary information is the responsibility of Jack V. Butterfield Investment Company's management. Our audit procedures included determining whether the supplementary information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Jack V. Butterfield Investment Company
Notes to Financial Statements

Note 1 - Summary of Significant Accounting Policies

Nature of Business

The Company is a securities broker-dealer registered with the Securities and Exchange Commission and is a member of the NASDAQ stock market and the National Association of Securities Dealers (NASD). The company is also a licensed member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation. The Company operates one office and serves primarily the Jackson, Michigan and surrounding area.

Basis of Accounting

The Company's policy is to prepare its financial statements in accordance with accounting principles generally accepted in the United States of America under the accrual basis of accounting. The accrual basis of accounting records revenue in the period in which it is earned rather than received and records expenses in the period in which incurred rather than when paid.

Security transactions (and related commission revenue and expense) are recorded on a settlement date basis. There was no material difference between trade and settlement date basis.

Cash Equivalents

The Company considers all highly-liquid investments purchased with an initial maturity of three months or less to be cash equivalents. The Company maintains its deposits at financial institutions, which at times may exceed federally insured limits.

The Company maintains two reserve accounts for the benefit of its customers pursuant to the regulations of the Commissioner of the SEC. The funds in these accounts may not be used as a security for a loan and are not subject to any right, charge, security interest, lien, or claim of any kind by the bank.

Commissions Receivable

Receivables arising from commissions earned are accounted for on the accrual basis and become past due after 30 days. Management provides for probable uncollectible amounts, if needed, through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. No allowance for doubtful accounts is considered necessary at this time.

Property, Equipment, and Depreciation

Property and equipment is recorded at cost. Major improvements and renewals are capitalized while ordinary maintenance and repairs are expensed. Depreciation is computed using the straight-line method over the useful lives of the related assets.

Management annually reviews these assets to determine whether carrying values have been impaired. The following useful lives are being used to depreciate property and equipment:

Furniture and equipment	5-7 years
Leasehold improvements	40 years

Depreciation expense for the year was \$13,360.

Jack V. Butterfield Investment Company
Notes to Financial Statements

Note 1 –Summary of Significant Accounting Policies (Continued)

Advertising

The Company expenses advertising costs as they are incurred. Advertising expenses for the year ended December 31, 2015 were \$25,444.

Minimum Capital Requirements

As a registered broker-dealer and member of the FINRA, the Company is subject to the SEC Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum regulatory net capital and requires that the ratio of aggregate indebtedness to regulatory net capital, both as defined, shall not exceed 15 to 1. As of the current year-end, the ratio of aggregate indebtedness to net capital was approximately 2.51 to 1. The Company had adjusted net capital at that date of \$342,867 which exceeds the required net capital of \$250,000.

Commission Income

Commission income on client trades is recorded on a settlement date basis and normally settled within 30 days. Commission rates earned are a maximum of 5%.

Application way mutual fund commission income is earned when the deposit is received at the mutual fund company. Insurance product commission income (including annuities) is paid to the Company upon receipt of the premium by the insurance company. The Company records the income from mutual fund commissions and insurance product commissions as revenue when received as the time difference between when it is earned and when it is received is minimal.

The Company also receives service fees (trails) which are paid based on the balances customers leave in their mutual fund accounts at a rate of .25%. The funds are received on a quarterly basis and are recorded when received.

Income Taxes

The Company, with the consent of its shareholder, has elected under the Internal Revenue Code to be an S Corporation. In lieu of federal corporate income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements. It is expected the Company will declare Subchapter S distributions to the shareholder in an amount sufficient to pay the income taxes assessed at the shareholder level that are a result of the pass-through income from the Company.

In the preparation of tax returns, tax positions are taken based on interpretation of federal, state and local income tax laws. Management periodically reviews and evaluates the status of uncertain tax positions and makes estimates of amounts, including interest and penalties, ultimately due or owed. No amounts have been identified or recorded as uncertain tax positions. Federal, state, and local tax returns generally remain open for examination by the various taxing authorities for a period of three to four years.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Jack V. Butterfield Investment Company
Notes to Financial Statements

Note 1 – Summary of Significant Accounting Policies (Continued)

Subsequent Events

Management has evaluated subsequent events through the auditors' opinion date which is the date the financial statements were available to be issued.

Note 2 - Rents and Related-Party Transactions

The Company leased its Jackson, Michigan office facility from a related party on a month-to-month basis at a cost of approximately \$2,040 per month. The sole stockholder of the Company is a member of the related party that owns the building. Rent expense for the year ended December 31, 2015 was \$24,487.

The Company owed the stockholder \$765,560 as of year-end. The amount is payable on demand and bears no interest. It is anticipated that this amount will be paid over the course of the coming year.

Note 3 - Fair Value of Financial Instruments and Credit Risk.

The carrying amount of cash and cash equivalents, receivables and accounts payable approximates fair value due to the short-term maturities of those instruments.

The Company is required to disclose significant concentrations of credit risk regardless of the degree of such risk. Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and receivables. Although cash balances may exceed the federally insured limits at times, in the opinion of management, they are subject to minimal risk. Likewise, receivables are considered subject to minimal risk as they were substantially collected subsequent to year-end.

Note 4 - Securities and Exchange Commission Report

Part IIA of the Company's December 31, 2015, Securities and Exchange Commission Report, Form X-17A-5, is available for examination and copying at 100 S. Jackson Street, Suite 100, Jackson, Michigan or at the Chicago, Illinois office of the Securities and Exchange Commission.

Note 5 – Profit Sharing Plan

The Company has a defined contribution profit sharing plan covering all full time employees who have completed three months of service. The profit sharing plan provides for the employer to contribute a discretionary amount out of its current profits, as defined in the plan agreement. For the year ended December 31, 2015, the Company contributed \$125,000 to the plan.

Independent Accountants' Report on Applying Agreed-Upon Procedures Related to An Entity's SIPC Assessment Reconciliation

To the Shareholder:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2015, which were agreed to by Jack V. Butterfield Investment Company and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC solely to assist you and the other specified parties in evaluating Jack V. Butterfield Investment Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Jack V. Butterfield Investment Company's management is responsible for the compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries and copies of cancelled checks noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in form SIPC-7 for the year ended December 31, 2015, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers including client prepared financial statements noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers and client prepared financial statements supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
