FGC SECURITIES, LLC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015

1. Organization and Nature of Business

FGC Securities, LLC (the "Company") is a Limited Liability Company formed in the State of Delaware. The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is wholly-owned by FGC Holdings LLC (the "Member").

The Company received its FINRA approval for membership on November 21, 2012. The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that rule. The Company has agreed to limit its business to brokering corporate securities over-the-counter and engaging as a put and call broker solely on behalf of institutional investors.

2. Summary of Significant Accounting Policies

A. Revenue Recognition

Commission income (and the recognition of related income and expenses) is recorded on a settlement date basis, generally the third business day following the transaction date. Any receivable for such transactions is evaluated by management for collectability. There is no material difference from trade date basis as required by generally accepted accounting principles ("GAAP").

B. Cash and Cash Equivalents

The Company considers its investments in financial instruments with original maturities of less than ninety 90 days when issued to be cash equivalents. The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk related to cash.

C. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets

and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

3. Income Taxes

No provision for federal and state income taxes has been made since the Company is not a taxable entity. As a single member limited liability company, the member is individually liable for the taxes on the Company's income or loss. However the company is subject to New York City Unincorporated Business Tax and, when applicable, a provision is included in the statement of operations.

The Company complies with Financial Account Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes which required an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

ASC 740 provided guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions take nor expected to be taken in the course of preparing the Company's tax returns to determine whether the positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-than-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. The tax years that remain subject to examination are 2014, 2013 and 2012. The Company determined that there are no uncertain tax positions which would require adjustments or disclosures on the financial statements.

4. Commitments and Contingencies

The Company currently is leasing its premises on a three year, three month term beginning March 2014. Rent expense for the year ended December 31, 2015 amounted to \$184,258 and is reported as occupancy on the statement of operations.

FGC SECURITIES, LLC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015

Future lease commitments	Year	Amount
	2016	\$186,060
	2017	<u>\$77,525</u>
	Total	<u>\$263,585</u>

The Company had no other lease or equipment rental commitments, no underwriting commitments, and no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2015 or during the year then ended.

5. Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities broker, the Company is engaged in arranging for the buying and selling of securities for a diverse group of institutional investors. The Company's transactions are introduced to a clearing broker/dealer.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customers' ability to satisfy its obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount.

The Company seeks to control the aforementioned risks by monitoring all transactions entered into on a daily basis and insuring that no incorrect trades are recorded.

6. Net Capital Requirement

The Company is subject to the SEC's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company's net capital of \$1,183,035 was \$1,151,524 in excess of its required net capital of \$31,511. The Company's aggregate indebtedness to net capital ratio was .39 to 1.

8. Fixed Assets

Fixed assets consist of the following:

Furniture and fixtures	\$44,842
Less: Accumulated depreciation	<u>(13,590)</u>
Net fixed assets	\$31,252

Depreciation expense for the year ended December 31, 2015 was \$8,319.

9. Subsequent Events

The Company has evaluated events and transactions subsequent to year end and no events have been identified which require disclosure.
