REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder of
GWFS Equities, Inc.
Greenwood Village, Colorado

We have audited the accompanying statement of financial condition of GWFS Equities, Inc. (the "Company") (a wholly-owned subsidiary of Great-West Life & Annuity Insurance Company) as of December 31, 2015, and the related statements of operations, stockholder's equity, cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of GWFS Equities, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 3 to the financial statements, the accompanying financial statements have been prepared from the separate records maintained by the Company and may not necessarily be indicative of the conditions that would have existed or the results of operations if the Company had been operated as an unaffiliated company, as portions of certain expenses represent allocations made from affiliates.

The supplemental schedules g, h, and i listed in the accompanying table of contents have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental schedules are the responsibility of the Company's management. Our audit procedures included determining whether the supplemental schedules reconcile to the consolidated financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in compliance with Rule 17a-5 under the Securities Exchange Act of 1934. In our opinion, such schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

1. Organization, Basis of Presentation and Significant Accounting Policies

Organization

GWFS Equities, Inc. (the "Company" or "GWFS") is a wholly-owned subsidiary of Great-West Life & Annuity Insurance Company ("GWL&A"). GWL&A is a direct wholly-owned subsidiary of GWL&A Financial Inc. ("GWL&A Financial"), a holding company formed in 1998. GWL&A Financial is a direct wholly-owned subsidiary of Great-West Lifeco U.S. Inc. ("Lifeco U.S.") and an indirect wholly-owned subsidiary of Great-West Lifeco Inc. ("Lifeco"), a Canadian holding company. The Company is registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA").

The Company acts as a non-clearing broker-dealer and offers and sells mutual funds and variable annuities to its customers. Beginning in 2015, the Company registered as a General Securities firm and acts as an introducing brokerage firm in the offer and sale of debt and equity securities, which are cleared on a fully disclosed basis through a third party broker-dealer. The Company is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934 (the "Rule"), as the Company satisfies the conditions for exemption appearing in paragraphs (k)(2)(i) and (k)(2)(ii) of the Rule.

Basis of Presentation

The financial statements include the accounts of the Company and are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Summary of significant accounting policies

Cash

Cash includes only amounts in demand deposit accounts.

Cash segregated under federal regulations

At December 31, 2015, the Company had on deposit \$155,184 in an account for the exclusive benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission.

Short-term investments

Short-term investments include securities purchased with investment intent and with initial maturities of one year or less. They include securities carried at fair value which is approximated from amortized cost as well as highly liquid money market securities that are traded in an active market and are carried at fair value.

Fixed maturity investments

The Company holds fixed maturity investments consisting of U.S. agency mortgage-backed securities which are carried at fair value with changes in fair value reported in investment income. Included in investment income are unrealized losses of \$68,765 on fixed maturity investments still held at December 31, 2015. Premiums and discounts are recognized as a component of investment income using the effective interest method.

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

The recognition of income on certain investments is dependent upon market conditions, which may result in prepayments and changes in the amounts to be earned. Prepayments on all mortgage-backed securities are monitored monthly and amortization of the premium and/or the accretion of the discount associated with the purchase of such securities are adjusted by such prepayments.

Fees receivable

Fees receivable include earned mutual fund service fees and fees for other asset-based financial services that were provided to individual and institutional clients by the Company on behalf of the funds. It also includes earned commission income on trades executed on behalf of clients.

Fair value

Certain assets are recorded at fair value on the Company's statement of financial condition. The Company defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. The Company categorizes its assets measured at fair value on a recurring basis into a three-level hierarchy, based on the priority of the inputs to the respective valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Company's assets recorded at fair value on a recurring basis have been categorized based upon the following fair value hierarchy:

- Level 1 inputs utilize observable, quoted prices (unadjusted) in active markets for identical assets that the Company has the ability to access at the measurement date. Financial assets utilizing Level 1 inputs include certain money market funds.
- Level 2 inputs utilize other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly. Level 2 inputs include quoted prices for similar assets in active markets and inputs other than quoted prices that are observable for the asset, such as interest rates and yield curves that are observable at commonly quoted intervals. The fair values for some Level 2 securities are obtained from pricing services. The inputs used by the pricing services are reviewed at least quarterly or when the pricing vendor issues updates to its pricing methodology. For fixed maturity investments, inputs include benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, evaluated bids, offers and reference data including market research publications. Additional inputs utilized for assets classified as Level 2 are:
 - Short-term investments - valued based on amortized cost with consideration of issuer credit quality.
 - U.S. Agency Pools - FINRA reported trades, To Be Announced ("TBA") prices and monthly payment information.
- Level 3 inputs are unobservable and include situations where there is little, if any, market activity for the asset.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset.

Overall, transfers between levels are attributable to a change in the observability of inputs. Assets and liabilities are transferred to a lower level in the hierarchy when a significant input cannot be corroborated with market observable data. This may occur when market activity decreases and underlying inputs cannot be observed, current prices are not available, and/or when there are significant variances in quoted prices, thereby affecting transparency. Assets and liabilities are transferred to a higher level in the hierarchy when circumstances change such that a significant input can be corroborated

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

with market observable data. This may be due to a significant increase in market activity including recent trades, a specific event, or one or more significant input(s) becoming observable. All transfers between levels are recognized at the beginning of the reporting period in which the transfer occurred.

The policies and procedures utilized to review, account for, and report on the value and level of the Company's securities were determined and implemented by the Finance division. The Investments division is responsible for the processes related to security purchases and sales and provides valuation and leveling input to the Finance division when necessary. Both divisions within the Company have worked in conjunction to establish thorough pricing, review, approval, accounting, and reporting policies and procedures around the securities valuation process.

Due to/from affiliates

Due to affiliates includes non-interest bearing amounts which are limited to proceeds of administration fees collected and due upon receipt of such fees. Additionally, due from affiliates includes non-interest bearing amounts related to income taxes and are due on demand.

Software

Capitalized software is recorded at cost, net of amortization. Amortization expense is recorded on the straight-line method based on estimated useful lives of five years.

Administration fees

Administration fees are recognized when earned and include mutual fund service fees and fees for other asset-based financial services provided to individual and institutional clients by the Company on behalf of the funds. The Company earns mutual fund service fees for shareholder and administration services based upon the daily balances of client assets invested in the funds or participant counts. Administration fees may vary with changes in the balances of client assets due to market fluctuations or client activity.

Commission income

The Company recognizes commission income on a trade-date basis.

Investment income

Interest income from fixed maturities and short-term investments is recognized when earned. Realized investment gains and losses are reported as a component of investment income and are determined on a specific identification basis.

Income taxes

The Company is included in a consolidated income tax return filed by Lifeco U.S. ("US Consolidated group"). Income taxes are recorded using an asset and liability approach that, among other provisions, requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences in amounts that have been recognized in the Company's financial statements and tax returns. In estimating future tax consequences, all expected future events (other than the enactments or changes in the tax laws or rules) are considered. A valuation allowance is provided to the extent that it is more likely than not that deferred tax assets will not be realized. The effect on deferred taxes from a change in tax rates is recognized in income in the period that includes the enactment date.

The Company is consolidated in the financial statements included within Form 10-K which is filed by its parent company, GWL&A, and includes GWL&A's subsidiaries ("10K Group"). For financial reporting purposes, the 10K Group accounts for income taxes based on the separate return method. Under this method, current and deferred income tax expense or benefit for the period is determined on a stand-alone basis. The Company accounts for income taxes on the modified separate return method on its separate company financial statements. Under this method, current and deferred tax expense

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

or benefit is determined on a separate return basis but consideration is given to taxable income or losses from other members of the Non-life Subgroup in evaluating the realizability of its deferred tax assets.

The method of settling income tax payables and receivables among the US consolidated group is subject to a written agreement ("Tax Sharing Agreement") approved by the Board of Directors, whereby settlement is made on a separate return basis (i.e. the amount that would be due to or from the jurisdiction had an actual separate company return been filed) except for the current utilization of any net operating losses and other tax attributes by members of the Non-life Subgroup which can lead to receiving a payment when none would be received from the jurisdiction had a real separate company return been required. As such, the Company recognizes a current tax benefit to the extent that net operating losses off-set taxable income of affiliates. Losses that are not utilized create a deferred tax asset which has a full valuation allowance on current and prior year unused losses.

2. Application of Recent Accounting Pronouncements

Future adoption of new accounting pronouncements

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The update outlines a comprehensive model for accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the model requires that an entity should recognize revenue for the transfer of goods or services equal to the amount that it expects to be entitled to receive for those goods or services. The update also requires increased disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts. In adopting ASU No. 2014-09, the Company may use either a full retrospective or a modified retrospective approach. The update is effective for public business entities for interim and annual periods beginning after December 15, 2017. Early adoption is not permitted. The Company is currently evaluating the impact of this update on its financial statements.

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern (Subtopic 205-40)*. The update will require management to evaluate whether there is substantial doubt about the Company's ability to continue as a going concern. If there is substantial doubt about the Company's ability to continue as a going concern, the Company will be required to disclose that fact, along with managements' evaluation of the effectiveness of its plan to alleviate that doubt. The update defines substantial doubt as when it is probable that the Company will be unable to meet its obligations as they become due within one year of the date the financial statements are issued. The assessment and disclosure requirements, if applicable, will be required quarterly. The update is effective for the annual period ending after December 15, 2016, and for interim and annual periods thereafter. The Company does not expect this update to have an impact on the Company's financial statements.

In April 2015, the FASB issued ASU 2015-05, *Customer's Accounting for Fees Paid in a Cloud Computing Arrangement (Subtopic 350-40)*. The update requires the Company to determine if the cloud computing arrangement contains a software license and if so, apply the accounting requirements for other intangible assets. The update also supersedes the requirement to apply lease accounting requirements by analogy for lease classification. If the arrangement is not a software license, then the Company applies accounting requirements for a service requirement. The update is effective for annual periods beginning after December 15, 2015, with early adoption permitted. The Company is currently evaluating the impact of this update on its financial statements.

GWFS Equities, Inc.

(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)

Notes to Financial Statements

3. Related Party Transactions

In November 2015, the Company entered into a revolving credit facility agreement with GWL&A in the amount of \$50 million to cover cash deficiencies due to the simultaneous sale and purchase of assets by plan participants. Either party may terminate this credit facility upon 30 days written notice. Interest accrues at a fixed per annum rate equal to the three month LIBOR on the date an advance is funded plus 35 basis points. The Company also pays a commitment fee of 10 basis points per year on the daily unused portion of the credit facility. At December 31, 2015, there were no borrowings or outstanding amounts related to this facility.

The Company provides recordkeeping and administrative services for certain affiliates and receives corporate support and administrative services from certain affiliates as outlined in the table below:

Description	Related Party	Year ended December 31, 2015	Statement of Operations Location
Provided trading services to certain underlying funds and/or mutual funds of and on behalf of its affiliates and earned administration fees. Passed revenue through to affiliates and did not retain any payment for these services.	GWL&A Great-West Life & Annuity Insurance Company of New York ("GWNYS") ⁽¹⁾ Great-West Trust Company, LLC ⁽¹⁾ Great-West Financial Retirement Plan Services ("RPS") ⁽¹⁾ FASCore, LLC ⁽¹⁾ Emjay Corporation ⁽¹⁾	\$409,967,722	Service level agreement expenses
Provided shareholder and administration services. At December 31, 2015, the Company had an outstanding accounts receivable balance from Great-West Funds for \$657,061 included in fees receivable on the balance sheet.	Great-West Funds, Inc. ⁽²⁾	7,276,613	Administration fees
Provided shareholder and administration services. At December 31, 2015, the Company had an outstanding accounts receivable balance from Putnam for \$1,954,772 included in fees receivable on the balance sheet.	Putnam Investments, LLC ⁽³⁾	7,171,824	Administration fees

⁽¹⁾ A wholly-owned subsidiary of GWL&A

⁽²⁾ An open-end management investment company, which is an affiliate of GWL&A

⁽³⁾ A wholly-owned subsidiary of Lifeco U.S.

Additionally, in accordance with the administrative services agreement, GWL&A incurred \$11,462,574 in general expenses on behalf of the Company, primarily related to salaries and benefits, investment expenses, and legal fees. These expenses were not allocated to the Company but were retained by GWL&A in accordance with the administrative services agreement.

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

The following table summarizes amounts due from affiliates:

Related party	Indebtedness	Due date	December 31, 2015
Lifeco U.S.	On account	On demand	\$ 9,329

The following table summarizes amounts due to affiliates:

Related party	Indebtedness	Due date	December 31, 2015
GWNY	On account	Upon receipt ⁽¹⁾	\$ 1,602,452
GWL&A	On account	Upon receipt ⁽¹⁾	43,712,174
FASCore, LLC	On account	Upon receipt ⁽¹⁾	32,514,381
RPS	On account	Upon receipt ⁽¹⁾	11,432,290
Emjay Corporation	On account	Upon receipt ⁽¹⁾	857,530
Total			<u>\$ 90,118,827</u>

⁽¹⁾ Due to affiliates includes non-interest bearing amounts which are limited to proceeds of administration fees collected and due upon receipt of such fees.

Based on the relationships discussed above, the accompanying financial statements are not necessarily indicative of the conditions that would exist or the results of operations that would prevail if the Company were operated as an unaffiliated entity.

4. Fair Value Measurements

Recurring fair value measurements

The following table presents the Company's financial assets carried at fair value on a recurring basis by fair value hierarchy category:

	Assets measured at fair value on a recurring basis			Total
	December 31, 2015			
Assets	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
Fixed maturities:				
U.S. agencies	\$ —	\$ 7,759,914	\$ —	\$ 7,759,914
Short-term investments	911,009	7,099,461	—	8,010,470
Total assets	<u>\$ 911,009</u>	<u>\$ 14,859,375</u>	<u>\$ —</u>	<u>\$ 15,770,384</u>

GWFS Equities, Inc.
(A wholly-owned subsidiary of Great-West Life & Annuity Insurance Company)
Notes to Financial Statements

The methods and assumptions used to estimate the fair value of the Company's financial assets carried at fair value on a recurring basis are as follows:

Fixed maturity investments

The fair values for fixed maturity investments are based upon market prices from independent pricing services. Fair value estimates are made at a specific point in time, based on available market information and judgments about financial instruments, including estimates of the timing and amounts of expected future cash flows and the credit standing of the issuer or counterparty.

Short-term investments

The amortized cost of short-term investments is a reasonable estimate of fair value due to their short-term nature and high credit quality of the issuers. The fair value of highly liquid money market securities, also included in short-term investments, is based upon exchange close market prices.

5. Income Taxes

The benefit for income taxes is comprised of the following for the year ending December 31, 2015:

Current	\$ 17,899
Deferred	(24,071)
Total income tax benefit	<u>\$ (6,172)</u>

The following table presents a reconciliation between the statutory federal income tax rate and the Company's effective federal income tax rate for the year ended December 31, 2015:

Statutory federal income tax rate	35.0%
Income tax effect of:	
State income taxes net of federal benefit	2.1%
Valuation allowance	5.3%
Effective federal income tax rate	<u>42.4%</u>

Deferred income taxes represent the tax effect of the differences between the book and tax bases of assets and liabilities. The income tax effect of temporary differences, which give rise to the deferred tax assets and liabilities as of December 31, 2015 are as follows:

<u>Deferred Taxes</u>	<u>Deferred tax asset</u>	<u>Deferred tax liability</u>
Investments	\$ —	\$ (972)
Net operating loss carryforward	87,006	—
Less: valuation allowance	(87,006)	—
Total deferred taxes	<u>\$ —</u>	<u>\$ (972)</u>

The Company files income tax returns in the U.S. federal jurisdiction and various states. With few exceptions, the Company is no longer subject to U.S. federal income tax examinations by tax authorities for years 2011 and prior. Tax

GWFS Equities, Inc.

Notes to Financial Statements

years 2012 through 2014 are open to federal examination by the Internal Revenue Service. The Company does not expect significant increases or decreases to unrecognized tax benefits relating to federal, state or local audits.

Included in due from affiliates at December 31, 2015 is \$9,329 of income taxes receivable from affiliates related to the consolidated income tax return filed by Lifeco U.S. and certain subsidiaries.

6. Software

The software consisted of the following at December 31, 2015:

Software	\$ 100,000
Accumulated depreciation and amortization expense	<u> —</u>
	<u>\$ 100,000</u>

7. Regulatory Requirements

The Company is subject to the Uniform Net Capital Rule ("Rule 15c3-1") of the Securities and Exchange Commission. The Company computes net capital in accordance with the Alternative standard as prescribed under Rule 15c3-1(a)(1)(ii). The Alternative standard requires minimum net capital of \$250,000 or 2% of aggregate debit items, whichever is greater. Rule 15c3-1 also prohibits withdrawals of equity or the payment of dividends if net capital would be less than 120% of the minimum requirement or if net capital would be less than 5% of aggregate debit items. At December 31, 2015, the Company had net capital of \$8,862,439 which was \$8,612,439 in excess of its required net capital of \$250,000.

8. Commitments and Contingencies

From time to time, the Company may be threatened with, or named as a defendant in, lawsuits, arbitrations, and administrative claims. Any such claims that are decided against the Company could harm the Company's business. The Company is also subject to periodic regulatory audits and inspections which could result in fines or other disciplinary actions. Unfavorable outcomes in such matters may result in a material impact on the Company's financial position, results of operations, or cash flows.

9. Subsequent Events

Management has evaluated subsequent events for potential recognition or disclosure in the Company's financial statements. No subsequent events have occurred requiring its recognition or disclosure in the Company's financial statements.
