These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of GW & Wade Asset Management Company, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

GW & WADE ASSET MANAGEMENT COMPANY, LLC
(A LIMITED LIABILITY COMPANY)

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

1. Organization and summary of significant accounting policies:

GW & Wade Asset Management Company, LLC (a Limited Liability Company) (the Company) is a wholly-owned subsidiary of Focus Operating, LLC (the Member), which is a subsidiary of Focus Financial Partners, LLC (Focus).

The Company is an introducing broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company provides brokerage services to customers of an affiliated company, GW & Wade, LLC (also a subsidiary of the Member), operating as an investment advisory company registered with the SEC and various state securities and other agencies providing financial advisory services to affluent individuals and their families residing throughout the United States (principally in Massachusetts).

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer, and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

Recent accounting pronouncement:

Effective for the year ending December 31, 2019, the Company will adopt the provisions of ASU 2014-09, "*Revenue from Contracts with Customers*," which will replace the current revenue recognition guidance pertaining to contracts with customers contained in accounting principles generally accepted in the United States of America. The effect of adopting ASU 2014-09 on the Company's financial statements has not yet been determined.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates included in the accompanying financial statements relate to commissions receivable and the resulting management fee expense.

YEAR ENDED DECEMBER 31, 2015

1. Organization and summary of significant accounting policies (continued):

Fair value measurements:

Accounting guidance pertaining to fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3: Unobservable inputs that are not corroborated by market data

Cash and cash equivalents:

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. At December 31, 2015, the Company had \$10,888 of cash equivalents, consisting of money market mutual funds which are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Receivables:

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to the allowance for doubtful accounts based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance for doubtful accounts and a credit to accounts receivable. At December 31, 2015, management has determined that no allowance for doubtful accounts is necessary. The Company does not require collateral from others for its receivables.

YEAR ENDED DECEMBER 31, 2015

1. Organization and summary of significant accounting policies (continued):

Goodwill and intangible assets:

Goodwill is tested at least annually for impairment, and is tested for impairment more frequently if events and circumstances (for example, financial losses and adverse business conditions) indicate that it might be impaired. A two-step impairment test is performed on goodwill. In the first step, the Company compares its fair value to the carrying value of its net assets. Fair value is determined using a discounted cash flow approach. Under this approach, management uses certain assumptions in its discounted cash flow analysis. These assumptions include but are not limited to: a risk adjusted rate that is estimated to be commensurate with the risk associated with the underlying cash flows, cash flow trends from prior periods, current-period cash flow, and management's expectation of future cash flow based on projections or forecasts derived from its understanding of the relevant business prospects, economic or market trends and regulatory or legislative changes which may occur.

If the Company's fair value exceeds the carrying value of its net assets, no further testing is performed. If the carrying value exceeds the fair value, then the Company performs the second step in order to determine the implied fair value of goodwill and compares it to the carrying value of goodwill for impairment loss assessment. The results of the Company's impairment test for the year ended December 31, 2015 did not indicate that the Company's goodwill is impaired.

Amortization of intangible assets is provided using the straight-line method over a 10-year estimated useful life for the customer list and a 20-year estimated useful life for the management contract. The Company evaluates the remaining useful lives assigned to intangible assets annually to determine whether events or circumstances require the Company to revise the remaining period of amortization. The Company also evaluates intangible assets for impairment whenever events or changes in circumstances indicate that the intangible asset might be impaired. Recoverability of an asset is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by an asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount, based on discounted cash flows, by which the carrying amount of the asset exceeds the fair value of the asset. The Company did not record an impairment loss during the year ended December 31, 2015.

(A LIMITED LIABILITY COMPANY)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2015

1. Organization and summary of significant accounting policies (continued):

Deferred credit from clearing broker-dealer:

The Company has an agreement with the clearing broker-dealer that pays an annual credit to the Company upon each anniversary date of the contract provided that the Company is at all times in material compliance with the terms and conditions of the agreement. The Company records the payment to be received as a receivable at each anniversary date and amortizes the annual credit on a straight-line basis over the contract year, as a reduction of clearing and execution expenses.

Securities transactions:

The Company buys and sells securities for customers of GW & Wade, LLC by introducing transactions for execution, clearance, and settlement to another broker-dealer on a fully disclosed basis.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing by the clearing broker-dealer of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss. The Company's policy is ordinarily not to execute security transactions unless the customer is able to fulfill its contracted obligations.

Commissions:

Commissions, including front-end fees received related to mutual fund transactions introduced and related clearing expenses, are recorded on a trade-date basis as securities transactions occur. 12b-1 distribution fees based on a percentage of a fund's daily net asset levels are recorded as commissions in the period to which they relate. Other commissions are recognized when earned.

Income taxes:

The Company is a limited liability company and files consolidated tax returns with the Member. The Member has elected to be treated as a partnership for federal and state income tax reporting purposes. Accordingly, no income tax liability or asset has been recorded in the accompanying financial statements since the Member will include the Company's income or loss, whether or not distributed, in its income tax returns.

(A LIMITED LIABILITY COMPANY)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2015

1. Organization and summary of significant accounting policies (continued):

Liability of the Member:

The Member is not liable for obligations or liabilities of the Company, except to the extent provided for in the Delaware Limited Liability Company Act.

2. Related party transactions:

The Company maintains an expense-sharing arrangement with GW & Wade, LLC (the Affiliate) under which the Company is required to reimburse the Affiliate for its allocable share of expenses, including management fees payable under a contractual arrangement entered into by the Affiliate and Focus, as determined by the Affiliate. For the year ended December 31, 2015, the Affiliate allocated to the Company \$6,527,156 of expenses, including management fees. Such amounts are reported as management fee, Affiliate and administrative fee, Affiliate in the accompanying statement of income. Amounts allocated by the Affiliate and charged to the Company as an administrative fee principally relate to employee compensation and benefits and occupancy costs, and have not been classified in the accompanying statement of income based on their natural classification.

3. Regulatory requirements:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2015, the Company had net capital of \$726,021, which was \$476,021 in excess of its required net capital of \$250,000. The Company's ratio of aggregate indebtedness to net capital was .39 to 1.

The Company is also subject to other rules and regulations of the SEC, as well as rules and regulations of FINRA and the various state securities and other agencies in the states in which it is licensed to conduct business. Compliance with such laws and regulations is subject to possible government review and interpretation.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (a) GW & Wade Asset Management Company, LLC (a Limited Liability Company) (the Company) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (2)(ii) (the "exemption provisions") and (b) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
