1. Nature of Business and Summary of Accounting Policies

Nature of business

Accord Capital Partners LLC (the "Company") is a Delaware limited liability company formed on October 31, 2012. The Company was a single member limited liability company wholly owned by Milagro Group LLC ("Milagro"). On May 13, 2014, Accord Group Holdings LLC ("AGH") acquired Milagro's 100% interest in the Company. The Company is registered with the Securities and Exchange Commission as a fully disclosed broker-dealer and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company provides private placement and advisory services.

The Company receives support from AGH, an affiliated company, for such items as personnel salaries and benefits, accounting and information technology services, office equipment, and other miscellaneous overhead expenses (see Note 4). The financial results of the Company may have been significantly different absent this relationship with the affiliated company.

Accounts receivable

Accounts receivable consist of consulting, advisory fees as well as sales commissions receivable and reimbursements for out-of-pocket expenses receivable from clients. The Company uses the allowance method to account for uncollectible accounts. Based on historical write-offs, overall economic conditions, and an evaluation of the current aging status of its receivables, the Company has established an allowance for doubtful accounts at a level considered to be adequate to cover anticipated credit losses on outstanding client receivables. Accounts are monitored by management on an ongoing basis and are written off by the Company when it has been determined that all available collection avenues have been exhausted. Bad debt recoveries are included in income as realized. At December 31, 2015, management did not consider an allowance necessary as all balances were considered collectible.

Cash and cash equivalents

The Company classifies highly liquid investments with original maturities of three months or less as cash and cash equivalents. Cash and cash equivalents are held in major financial institutions. Periodically, such deposits may be in excess of federally insured limits.

1. Nature of Business and Summary of Accounting Policies (continued)

Income taxes

The Company is a limited liability company for federal and state income tax purposes. Under laws pertaining to income taxation of limited liability companies, no federal income tax is paid by the Company. The income or loss of the Company is taxed to the member in its respective return.

The Company evaluates its tax positions taken or expected to be taken in the course of preparing tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the "more-likely-than-not" threshold are recorded as an expense in the applicable year. As of December 31, 2015, the Company does not have any significant uncertain tax positions for which a reserve would be necessary.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Company has evaluated subsequent events through February 23, 2016, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Company's financial statements.

2. Net Capital Requirements

Pursuant to the net capital provisions of the U.S. Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), the Company is required to maintain minimum net capital of the greater of \$5,000 or the ratio of aggregate indebtedness to net capital, as defined. The ratio of aggregate indebtedness (as defined) to net capital shall not exceed 15 to 1. The rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and the related ratio of aggregate indebtedness to net capital may fluctuate on a daily basis. At December 31, 2015, the Company has net capital of \$257,380, which is \$252,380 in excess of its required net capital of \$5,000. Assets totaling \$200,933 were excluded from the calculation of the Company's net capital as they are classified as non-allowable assets. The Company's ratio of aggregate indebtedness to net capital is 9.02% as of December 31, 2015.

3. Exemption from Rule 15c3-3

The Company operates pursuant to the exemption provisions of (k)(2)(i) under Rule 15c3-3 of the Securities Exchange Commission Act of 1934 (reserve requirements for brokers and dealers) in that the Company does not hold funds or securities for customers and it promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer.

4. Expense Sharing Agreement

The Company receives support from an affiliated company for such items as personnel salaries and benefits, accounting and information technology services, office equipment and other miscellaneous overhead expenses. The Company is charged a monthly fee that is dependent upon the level of personnel support required by the Company; monthly fees were \$60,000 for the Company's share of operating expenses under the expense sharing agreement during the year ended December 31, 2015, which totaled \$720,000 for the year ended December 31, 2015.

5. Commitments and Contingencies

Leases

The Company leases office space in San Francisco under a cancelable operating lease with 60 day notice, which will expire on December 31, 2016. The Company has an agreement with an affiliated company to charge that entity for 50% of the cost of the use of the office space for the year ended December 31, 2015. That charge to the affiliated company for rent expense decreased to 25% as of January 2016.

6. Concentrations

The Company had accounts receivable from one customer that accounted for approximately 81% of total accounts receivable at December 31, 2015.
