REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member Raptor Partners LLC Pittsburgh, Pennsylvania

We have audited the financial statement of **Raptor Partners LLC** ("Company"), which is comprised of the statement of financial condition as of December 31, 2015, and the related notes to the financial statement. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of the Company as of December 31, 2015, in conformity with U.S. generally accepted accounting principles.

Pittsburgh, Pennsylvania

RAPTOR PARTNERS LLC STATEMENT OF FINANCIAL CONDITION DECEMBER 31, 2015

ASSETS

Cash and Cash Equivalents Accounts Receivable Prepaid Expenses and Other Assets Securities Owned - Not Readily Marketable Cash - Restricted	\$ 524,630 97,554 21,893 50,000
Property and Equipment - At Cost, Less Accumulated Depreciation of \$178,220	 60,887
Total Assets	 754,964
LIABILITIES AND MEMBER'S EQUITY	
Liabilities Accounts Payable and Accrued Expenses	\$ 27,252
Member's Equity	 727,712
Total Liabilities and Member's Equity	\$ 754,964

1 - ORGANIZATION

Raptor Partners LLC was organized in 2006, as a limited liability company, under the laws of the Commonwealth of Pennsylvania and is headquartered in Pittsburgh, Pennsylvania. As a limited liability company, a member is not liable for obligations of the Company.

The Company began operations in 2007 and is registered as a broker-dealer with the Financial Industry Regulatory Authority ("FINRA") in order to provide advisory services on mergers, acquisitions, capital structure, and private financing.

The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities. As such, the Company operates under the (k)(2)(i) exemptive provisions of the Securities and Exchange Commission ("SEC") Rule 15c3-3.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company are presented on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Financial Accounting Standards Board ("FASB") Accounting Standards codification ("ASC").

Use of Estimates

The Company uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions may affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Securities Transactions

Proprietary securities transactions in regular way trades are recorded on the trade date. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis.

Securities are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurement.

Cash and Cash Equivalents

The Company maintains balances on deposit with banks in southwestern Pennsylvania. The accounts maintained at the bank are insured by the Federal Deposit Insurance Corporation ("FDIC"). At certain times during the year, the Company's cash balance may exceed those limits. The Company has not experienced any losses associated with these accounts.

2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

The Company extends credit to its customers and generally does not require collateral. In the opinion of management, all receivables are fully collectible, and therefore no allowance for doubtful accounts is required as of December 31, 2015.

Property and Equipment

The Company's policy is to record property and equipment at cost. Depreciation is recorded using both straight-line and accelerated methods over the estimated useful lives of the assets ranging from three to seven years. Maintenance and repairs are expensed as incurred. Replacements and betterments are capitalized and depreciated over the remaining estimated useful life of the asset.

Revenue Recognition

The Company recognizes advisory fee revenue as professional services are performed, or upon the occurrence of a specified triggering event.

Income Taxes

The Company is a limited liability company and is not subject to income taxes. Accordingly, taxes are the responsibility of the member, and are calculated according to their individual income circumstances.

GAAP prescribes rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Company's tax return. Management has determined that the company does not have any uncertain tax positions and associated unrecognized tax benefits that materially impact the financial statements or disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the company's tax returns will not be challenged by the taxing authorities and that the Company will not be subject to additional tax, penalties, and interest as a result of such challenge. Generally, the Company's federal and state tax returns remain open for the income tax examination for three years from the date of filing.

Subsequent Events Evaluation

The accompanying financial statement includes an evaluation of events or transactions that have occurred after December 31, 2015 and through February 19, 2016, the date the financial statements were issued.

3 - FAIR VALUE

Fair Value Hierarchy

FASB ASC topic on Fair Value Measurements defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by the FASB ASC topic, are used to measure fair value.

3 - FAIR VALUE (CONTINUED)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the company has the ability to access.
- Level 2: inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3: are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data).

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Processes and Structure

Management is responsible for the Company's fair value valuation policies, processes, and procedures. These control processes are designed to assure that the values used for financial reporting are based on observable inputs wherever possible. In the event that observable inputs are not available, the control processes are designed to assure that the valuation approach utilized is appropriate and consistently applied and that the assumptions are reasonable.

Fair Value Measurements

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that the Company believes market participants would use in pricing the asset or liability at the measurement date.

A description of the valuation techniques applied to the company's major categories of assets and liabilities measured at fair value on a recurring basis follows.

There have been no changes in the methodologies used at December 31, 2015.

Equity securities are valued at management's estimate.

3 - FAIR VALUE (CONTINUED)

The following table summarizes the valuation of the assets by the fair value hierarchy as described above as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Equity Securities	<u>s -</u>	\$	\$ 50,000	\$ 50,000

There were no transfers between Level 1 and Level 2 during the years.

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2015.

	Balance	Unrealized	Purchases	Balance
	January I,	Gains	and	December 31,
	2015	(Losses)	Sales	2015
Equity Securities	\$ 50,000	\$	<u>\$</u>	\$ 50,000

4 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at December 31, 2015:

Vehicle	\$ 62,309
Furniture and Fixtures	76,571
Office Equipment	93,624
Capitalized Website Costs	 6,600
•	239,107
Accumulated Depreciation and Amortization	 178,220)
	\$ 60,887

5 - EMPLOYEE BENEFIT PLANS

The Company sponsors a SIMPLE IRA Plan benefiting substantially all employees, as defined. Employees are eligible to participate if they are expected to receive compensation in excess of a predetermined amount for the current year.

The Company also sponsors a cafeteria plan under Section 125 of the Internal Revenue Code. The plan provides health care benefits for full time employees. Pretax salary reductions from employees are contributed to the plan.

6 - LEASING ARRANGEMENTS

The Company leases office space under a long-term agreement that has been renewed as of June 14, 2014 and expires on April 30, 2021. In addition, the Company leases office equipment under several short-term operating lease agreements. The Company's office lease agreement calls for a base rent plus a proportionate share of the property's taxes and operating costs. For the year ended December 31, 2015, rent expense under operating leases was \$70,860.

Minimum future rental payments under non-cancelable operating leases having remaining lease terms in excess of one year as of December 31, 2015, for each of the next six years and in total are:

Year Ending December 31 ,	
2016	\$ 69,684
2017	71,088
2018	72,492
2019	73,896
2020	75,292
2021	25,252
	<u>\$ 387,704</u>

7 - NET CAPITAL REQUIREMENTS

The Company, as a registered broker-dealer in securities, is subject to the net capital rule adopted by the Securities and Exchange Commission and administered by the Financial Industry Regulatory Authority. This rule requires that the Company's "aggregate indebtedness" not exceed fifteen times its "net capital," as defined. The Financial Industry Regulatory Authority may require a broker-dealer to reduce its business activity if the capital ratio should exceed 12 to 1 and may prohibit a broker-dealer from expanding business if the ratio exceeds 10 to 1. At December 31, 2015, the Company's net capital under the uniform net capital rule was approximately \$497,175 which exceeded the minimum capital requirements by approximately \$492,195. The Company's ratio of aggregate indebtedness to net capital at December 31, 2015 was .055 to 1.

8 - CONTINGENCIES

In the normal course of business, the Company is subject to proceedings, lawsuits, and other claims. However, in the opinion of management no claims presently exist, which after final disposition would have a resulting financial impact that would be material to the annual financial statements.
