To the Board of Directors and Shareholders
of Cardinal Investments, Inc.
Belleville, IL

We have audited the accompanying statement of financial condition of Cardinal Investments, Inc. as of December 31, 2015, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of Cardinal Investment, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cardinal Investment, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information located on pages 12-13 has been subjected to audit procedures performed in conjunction with the audit of Cardinal Investment, Inc.'s financial statements. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information located on pages 12-13 is fairly stated, in all material respects, in relation to the financial statements as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Cardinal Investments, Inc.
Belleville, IL

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Cardinal Investments, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Cardinal Investments, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (2) (ii) (the "exemption provisions") and (2) Cardinal Investments, Inc. stated that Cardinal Investments, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Cardinal Investments Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Cardinal Investments Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

CARDINAL INVESTMENTS, INC.
Notes to the Financial Statements
For the Year Ended December 31, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The accompanying financial statements are presented in accordance with the accrual basis of accounting.

Concentrations of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include banks and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

At times throughout the year, the Company may maintain certain bank accounts in excess of the FDIC insured limits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – RECEIVABLE FROM AND PAYABLE TO CUSTOMERS

Accounts receivable from and payable to customers include amounts due on cash and margin transactions. Securities owned by customers are held as collateral for receivables. Such collateral is not reflected in the financial statements.

The Company has elected to use the reserve method in accounting for bad debts. Under this method, all uncollectible accounts are charged to the allowance account and the bad debt expense is determined by adjusting the balance in the allowance account to a reserve considered reasonable by management. No allowance for doubtful accounts was considered necessary at December 31, 2015. The bad debt expense at December 31, 2015 was \$0.

NOTE 3 – INCOME TAXES

The Company implemented FASB Accounting Standards Codification 740-10, Income Taxes. Included in this is a requirement under Accounting for Uncertainty in Income Taxes that realization of an uncertain income tax position must be "more likely than not" (i.e. greater than 50% likelihood of receiving a benefit or expense) before it should be recognized in the financial statements as the amount most likely to be realized assuming a review by the authorities having all relevant information and applying current conventions. The code section also clarifies the financial statement classification of potential tax-related penalties and interest and sets forth new disclosures regarding unrecognized tax benefits or expenses. The Company

CARDINAL INVESTMENTS, INC.
Notes to the Financial Statements
For the Year Ended December 31, 2015

assessed its federal and state tax positions and determined there were no uncertainties or possible related effects that need to be recorded as of and for the years ended December 31, 2015.

The federal and state income tax returns for the Corporation for 2011, 2012, 2013 and 2014 are subject to examination by respective taxing authorities generally for three years after they are filed.

The Company's policy for reporting interest and penalties related to income taxes is to expense as they are incurred. The Company feels there is a more likely than not chance that all tax positions will be fully recognized; therefore, no provision for potential interest or penalties on these tax positions have been made. The total penalties and interest the Company paid for 2015 and 2014 was \$-0- in each year.

NOTE 4 – DEFERRED TAXES

The Company has adopted ASC 740-10, Accounting for Income Taxes, to account for deferred income taxes. Deferred taxes are computed based on the tax liability or benefit in future years of the reversal of temporary differences in the recognition of income or deduction of expenses between financial and tax reporting purposes. The difference between tax expense and taxes currently payable is reflected in the balance sheet as deferred taxes. The items resulting in deferred taxes are as follows:

	2015
Depreciation	\$ 0
Contributions (Expires 2016)	2316
Contributions (Expires 2017)	1127
	<hr/>
	\$ 3,343

NOTE 5 – RELATED PARTY TRANSACTIONS

CARDINAL INVESTMENTS, INC.
Notes to the Financial Statements
