INDEPENDENT AUDITORS' REPORT

To the Members of
Global Direct Equities, LLC
c/o Buttonwood Business Solutions, LLC
14 Wall Street, 20th Floor
New York, NY 10005

We have audited the accompanying statement of financial condition of Global Direct Equities, LLC. (the Company) as of **December 31, 2015**. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

We conducted our audit in accordance with the standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Global Direct Equities, LLC. as of **December 31, 2015** in conformity with accounting principles generally accepted in the United States.

ORGANIZATION AND NATURE OF BUSINESS

Global Direct Equities, LLC (the Company) is a limited liability company organized in the state of New York to be active in various aspects of the securities industry and is registered to be a broker-dealer with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company is a non-clearing brokerage firm and does not handle any customer funds or securities.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Cash and Equivalents

For the purpose of the statement of cash flows, the Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Securities Transactions, Commissions and Revenue Recognition

Securities transactions are recorded on a trade date basis. Commissions and related clearing charges are recorded on a trade date basis as securities transactions occur.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to credit risk consist primarily of cash and cash equivalents and trade accounts receivables. The Company maintains cash balances with commercial banks and other major institutions. At times, such amounts may exceed Federal Deposit Insurance Corporation limits.

The responsibility for processing customer activity rests with the Company's clearing firm, Wedbush Securities, Inc. The Company's clearing and execution agreement provides that the clearing firm's credit losses relating to unsecured margin accounts receivable of the Company's customers are charged back to the Company in the event of customer non-performance.

In accordance with industry practice, the clearing firm records customer transactions on a settlement date basis, which is generally three business days after the trade date. The clearing firm is therefore exposed to risk of loss on these transactions in the event of the customer's inability to meet the terms of its contracts, in which case the clearing firm may have to purchase or sell the underlying financial instruments at prevailing market prices in order to satisfy its customer-related obligations. Any loss incurred by the clearing firm is charged back to the Company.

The Company, in conjunction with the clearing firm, controls off-balance sheet risk by monitoring the market value and marking securities to market on a daily basis and by requiring adjustments of collateral levels. The clearing firm established margin requirements and overall credit limits for such activities and monitors compliance with the applicable limits and industry regulations on a daily basis.

Global Direct Equities, LLC
Notes to the Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

The Company is taxed as a partnership for federal and state income tax purposes and, thus, no provision has been recorded for income tax expense in the financial statements. Taxable income of the Company is passed through to the members and reported on their individual tax returns. The Company is subject to New York City unincorporated business taxes.

In accordance with ASC 740-10-50, "Income Taxes," the Company is required to disclose unrecognized tax benefits resulting from uncertain tax positions. At December 31, 2015, the Company did not have any unrecognized tax benefits or liabilities. The Company operates in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

Fair Value of Financial Instruments

The fair values of cash, receivables, accounts payable and accrued expenses and other short-term obligations approximate their carrying values because of the short maturity of these financial instruments. In accordance with FASB ASC 825-10-50, "Disclosure About Fair Value of Financial Instruments," rates available to the Company at the balance sheet date are used to estimate the fair value of existing balance sheet amounts.

Limitations

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial statement. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Subsequent events

Management has evaluated subsequent events through February 4, 2016, the date the financial statements were available to be issued.

COMMISSIONS RECEIVABLE

The Company has outstanding receivables consisting of commissions earned for performing execution services for customer broker-dealers. The Company considers the amounts due from its customers to be fully collectible, and accordingly, no allowance for doubtful accounts has been established. However, any receivables over thirty days old are considered non-allowable assets for the Company's net capital computation purposes. As of December 31, 2015, \$16,430 of total accounts receivables were considered non-allowable.

SUBORDINATED BORROWINGS

Subordinated liabilities consist of a subordinated loan agreement which was approved by FINRA. The \$150,000 loan bears interest at 6% per annum, renewable annually, and is currently due August 31, 2016. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, the loan may not be repaid. The borrowings are from one of the Company's members. Interest paid on the loan during the year ended December 31, 2015 amounted to \$9,000.

Global Direct Equities, LLC
Notes to the Financial Statement

NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015 the Company had net capital of \$203,884, which was \$196,204 in excess of its required net capital. The Company's net capital ratio was .5650 to 1.

COMMITMENTS AND CONTINGENCIES

The Company had no significant contingent liabilities requiring disclosure in the financial statements.

EXEMPTION FROM RULE 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 pursuant to the exemptive provision under subparagraph (k)(2)(ii) as all customer transactions are cleared through another broker-dealer on a fully disclosed basis.
