MENTOR SECURITIES, LLC
Notes to Financial Statements
December 31, 2015

Note 1: Organization

Mentor Securities, LLC (the "Company") was organized in the State of California on April 27, 2007. The Company is currently registered as a broker-dealer under Section 15(b) of The Securities Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ["FINRA"] and the Security Investor Protection Corporation ["SIPC"].

The Company is engaged in business as a securities broker-dealer, which provides several classes of services, including private placements and merger and acquisitions.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3, the Company is required to maintain a special account for the exclusive benefit of customers, requiring brief holding of customer's funds. In 2015 no such transaction occurred.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America. The company uses accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements as well as the reported amount of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

The Company considers all highly liquid instruments with an original maturity of three months or less when purchased to be cash equivalents. As of December 31, 2015, the Company had the cash balance of \$10,057.

Revenue Recognition

The company receives fees in accordance with terms stipulated in its engagement contracts. Fees are recognized as earned. The Company also receives success fees when transactions are completed. Success fees are recognized when earned, which means the Company has no further continuing obligations and collection is reasonably assured. Retainer fees that are not subject to refund are recognized when received subject to the terms of engagement.

MENTOR SECURITIES, LLC
Notes to Financial Statements

Professional fees

As of December 31, 2015, the Company paid \$23,135 in professional fees, which included legal, accounting, analysis, and consulting services.

Note 3: Securities owned

As of the balance sheet date the company does not own any corporate stocks or debt instruments.

Note 4: Income taxes

The Company, with the consent of its members, has elected to be a California Limited Liability Company. For tax purposes the Company is treated like partnership, therefore in lieu of business income taxes for Federal and State income tax, all income or loss "flows through" to the member's individual income tax returns. However, provisions are made for the State of California's annual minimum tax and LLC fees that are reflected in these financial statements. As the tax obligations are passed through to its members, any audit or review considerations related to Internal Revenue Under section 6501(a) of the Internal Revenue Code (Tax Code) and section 301.6501(a)-1(a) of the Income Tax Regulations (Tax Regulations), the IRS is required to assess tax within 3 years after the tax return was filed with the IRS. Service assessments and statute of limitations thereof are borne by the Company's members.

Note 5: Recently issued accounting standards

The Financial Accounting Standards Board (the "FASB") issued a new professional standard in June of 2009 which resulted in a major restructuring of U.S. accounting and reporting standards. The new professional standard, issued as ASC 105 ("ASC 105"), establishes the Accounting Standards Codification ("Codification or ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") issued under authority of federal securities laws are also sources of GAAP for SEC registrants. Existing GAAP was not intended to be changed as a result of the Codification, and accordingly the change did not impact the financial statements of the Company.

Note 5: Recently issued accounting standards (con't)

For the year ending December 31, 2015, various Accounting Standard Updates ("ASU") issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

ASU No.	Title	Effective Date

MENTOR SECURITIES, LLC

Note 5: Recently issued accounting standards (con't)

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 6: Fair Value

The Company adopted Financial Accounting Standards ("SFAS") ASC 820 Measurements and Disclosures, for assets and measured at fair value on a recurring basis. The ASC 820 had no effect on the Company's financial. ASC 820 accomplishes the following key objectives:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date;
- Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value measurements;
- Requires consideration of the Company's creditworthiness when valuing liabilities; and expands disclosures about instruments measured at fair value.

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, accounts receivable, accrued expenses and other liabilities and deferred revenue.

MENTOR SECURITIES, LLC
Notes to Financial Statements
December 31, 2015

Note 7: Net capital requirements

Pursuant to the Basic Uniform Net Capital provisions of the Securities and Exchanges Commission, the Company is required to maintain a minimum net capital, as defined, in such provision. Further, the provisions require that the ratio of aggregate indebtedness, as defined, to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2015 the company had net capital and net capital requirements of approximately \$8,807 and \$5,000 respectively. The Company's aggregate indebtedness to net capital ratio was 36.90% which is less than 15:1.

Note 8: Related party transactions

The Company shares office space with an entity related by common management. The Company pays rent to one of its members for this office space. During the year December 31, 2015 the Company paid \$1,800 to its member under this agreement.

Note 9: Commitments and Contingencies

As of the audit date there are no contingencies, guarantees of debt, and the like. Rental commitment which includes administrative services is \$150.00/month or \$1,800/year.

Note 10: Subsequent Events

The Company has evaluated all material subsequent events from the balance sheet date through the date at which the financial statements were available to be issued, and determined that there are no other items to disclose, as of February 23, 2016.

We have reviewed management's statements, included in the accompanying Mentor Securities, LLC Exemption Report in which (1) Mentor Securities, LLC, identified the following provisions of 17 C.F.R. §15c3-3(k) under which Mentor Securities, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provision") and (2) Company, stated that Mentor Securities, LLC, met the identified exemption provision throughout the most recent fiscal year without exception. Mentor Securities, LLC's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
