ESL INVESTMENT SERVICES, LLC
(A Wholly-Owned Subsidiary of ESL Federal Credit Union)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

1. THE ORGANIZATION

ESL Investment Services, LLC (the Company) is a limited-purpose securities broker-dealer, registered with the Securities and Exchange Commission pursuant to Section 15 of the Securities Exchange Act of 1934. The Company is a wholly-owned subsidiary of ESL Federal Credit Union (the Credit Union). The Company was originally incorporated in 1996 with operations beginning on January 1, 1997. The Company was established by the Credit Union to provide investment management, financial planning, and insurance solutions primarily to Credit Union members in the Rochester, New York area.

The Company does not carry securities accounts for customers or perform custodial functions related to customer securities. It operates under the provisions of subparagraph (k)(2)(i) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is, accordingly, exempt from the operating provisions of Rule 15c3-3.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Cash and Equivalents

Cash and equivalents include deposits with the Credit Union, and other highly liquid investments with original maturities of less than three months, that are not held for sale in the ordinary course of business. Balances with these financial institutions exceeded federally insured limits on December 31, 2015. The Company has not experienced any losses related to cash and equivalents, and believes it is not exposed to any significant credit risk with respect to these balances.

Investments

The Company has classified its investments as available-for-sale. Available-for-sale securities are recorded at fair value, with unrealized gains and losses excluded from earnings and reported in accumulated other comprehensive income. Gains and losses on the sale of securities are recorded on the trade date and determined using the specific identification method.

Investment Risk

The Company invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change, could affect the amounts reported in the accompanying financial statements.

Fair Value Measurement

GAAP establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs, as follows:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Level 2 Inputs – Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.
- Level 3 Inputs – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Property and Equipment

Property and equipment are stated at cost and depreciated over useful lives ranging from three to ten years using the straight-line method. Leasehold improvements are amortized using the straight-line method over the period of the lease or the estimated life of the property, whichever is shorter.

Commission and Fee Revenue

Commission revenue relates primarily to the sale of mutual funds, annuities, and other security products. These products are offered to customers through LPL Financial, an unaffiliated entity and a registered clearing broker-dealer, which compensates the Company for each sale based upon a contractual commission schedule. Fee revenue is earned in the form of management fees assessed on managed accounts offered through LPL's advisory platform. Revenues are recorded on a settlement date basis which does not differ materially from a trade date basis.

Income Taxes

The Company elected to be taxed as a Limited Liability Corporation (LLC), which provides that the LLC passes on all income and expenses to its sole member, the Credit Union, to be taxed at the member level. The Credit Union is a federally chartered credit union with the National Credit Union Administration, and as such, is not subject to taxes under state or federal laws.

Comprehensive Income

Comprehensive income consists of net income and other comprehensive income. Other comprehensive income includes unrealized gains and losses on securities available-for-sale.

Statement of Cash Flow

For purposes of the statement of cash flow, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held-for-sale in the ordinary course of business.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Advertising Costs

Advertising costs are expensed as incurred by the Company.

February 24, 2016

To the Policy Committee:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) ESL Investment Services, LLC (the Company) identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3:(2)(i) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

ON SCHEDULE OF ASSESSMENT AND PAYMENTS (FORM SIPC-7)**

February 24, 2016

To the Policy Committee:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2015, which were agreed to by ESL Investment Services, LLC (the Company), and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of Form SIPC-7. The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2015, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers (the Company's December 31, 2015 general ledger trial balance) noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments (the Company's December 31, 2015 general ledger trial balance and copies of cancelled checks) noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than those specified parties.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

February 24, 2016

To the Policy Committee:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) ESL Investment Services, LLC (the Company) identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3:(2)(i) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States).
