1. Nature of Operations and Summary of Significant Accounting Policies**1.1 Nature of Operations**

DriveWealth, LLC (the "Company") was formed in New Jersey on May 24, 2012. The Company is wholly owned by DriveWealth Holdings, Inc. (the "Parent"). Effective December 2, 2013, the Company became a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is also registered with 53 U.S. states and territories and with the Commodity Futures Trading Commission and the National Futures Association as an introducing broker.

The Company operates as an agency business retailing corporate equity securities as well as providing an online application that will allow its user customer base to trade equity securities and exchange traded funds. The Company clears its business on an omnibus basis with its clearing broker. The Company is subject to the provisions of SEC Rule 15c3-1 and SEC Rule 15c3-3.

1.2 Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as detailed in the Financial Accounting Standards Board's Accounting Standards Codification.

1.3 Commission Income

Commission and related clearing expenses are recorded on a trade date basis as securities transactions occur.

1.4 Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

1.5 Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the double-declining method over the estimated useful lives (3-5 years) of the related assets. Leasehold improvements are amortized over the remaining life of the lease.

1.6 Segregated Cash

In accordance with FINRA Customer Protection Rule 15c3-3, the Company calculates weekly, as of the close of the last business day of the week, and deposits no later than one hour after the opening of banking business on the second following business day, the Special Reserve Requirement for the Exclusive Benefit of Customers.

1.7 Income Taxes and Deferred Income Taxes

The Company is not a taxpaying entity for Federal or State income tax purposes. The loss of the Company is reported on the Parent's tax returns. The Company is subject to taxation in local jurisdictions. As of December 31, 2015, the Company's reporting of operations for tax years 2013 and 2014 are subject to examination by the tax authorities.

1. Nature of Operations and Summary of Significant Accounting Policies (Continued)**1.7 Income Taxes and Deferred Income Taxes (Continued)**

In accordance with GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority based on the technical merits of the position. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authorities. Based on its analysis, the Company has determined that it has not incurred any liability for unrecognized tax benefits as of December 31, 2015. The Company does not expect that its assessment regarding unrecognized tax benefits will materially change over the next twelve months. However, the Company's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions, compliance with U.S. federal, U.S. state and foreign tax laws, and changes in the administrative practices and precedents of the relevant taxing authorities.

The Company recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of and for the year ended December 31, 2015.

1.8 Advertising

The Company expenses advertising costs as incurred.

1.9 Cash and Cash Equivalents

The Company considers short-term highly liquid investments of sufficient credit quality that are readily convertible to known amounts of cash and have original maturities of three months or less, to be cash equivalent.

2. Concentrations of Business Risk and Credit Risk and Uncertainties

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash balances which at times may be in excess of insured amounts. It is the Company's policy to review, as necessary, the credit standing of its counterparties.

The Company's security transactions are cleared by one registered broker-dealer pursuant to a clearing broker agreement. The Company is subject to credit risk to the extent its clearing broker-dealer (ICBC Financial Services, LLC, or "ICBCFS") with whom it conducts business is unable to fulfill contractual obligations on its behalf. The Company bears the risk of financial failure by its clearing broker-dealer. If the clearing broker-dealer should cease doing business, the Company's receivables from such clearing broker-dealer could be subject to forfeitures. Notwithstanding the foregoing, the Clearing broker-dealer, as well as the Company, are members of the Securities Investor Protection Corporation ("SIPC"). SIPC protects the accounts of customers up to \$500,000 for securities and cash (including a \$250,000 limit for cash only). In addition to SIPC coverage, the clearing broker-dealer provides additional protection for shortfalls above the SIPC limits by having an excess-SIPC policy through a Lloyd's of London syndicate. Such excess-SIPC policy provides total aggregate firm limit coverage up to \$100 million.

3. Property and Equipment

Leasehold improvements	\$ 772
Furniture and fixtures	13,755
Office equipment	5,109
	<u>19,636</u>
Less: Accumulated depreciation and amortization	(13,124)
	<u>\$ 6,512</u>

Depreciation expense for the year ended December 31, 2015 was \$4,827.

4. Regulatory Requirement

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1(a)(1)(ii)). It computes its net capital under the alternative method, which requires the Company to maintain a minimum net capital of the greater of 2% of aggregate debit items or \$250,000 minimum net capital. At December 31, 2015, the Company has net capital of \$2,549,721, which was \$2,299,721 in excess of its required net capital of \$250,000.

The Company is subject to Rule 15c3-3 of the SEC which requires segregation of funds in a special reserve account for the exclusive benefit of customers (Rule 15c3-3). At December 31, 2015, the Company had segregated cash of \$112,995, which was \$83,600 in excess of the deposit requirement of \$29,395.

5. Operating Leases – See Note 7**6. Segregated Cash and Deposit with Clearing Organization**

Segregated cash represents cash held in a Special Reserve Account for the Exclusive Benefit of Customers at the Industrial and Commercial Bank of China (USA) NA ("ICBC").

The Company maintains a \$250,000 deposit with its clearing broker, ICBCFS.

7. Related Party Transactions

The Company has three agreements with related parties in place in 2015. One is with an affiliate under common control with the Company, DriveWealth Technologies, LLC, ("Technologies") and the other two with the Company's parent, DriveWealth Holdings, Inc. ("Holdings" or the "Parent").

Under a Service Level Agreement, the Company pays Technologies a monthly lease fee for the trading platform and app equal to \$2.25 for each new live investing account opened by customers on the app during the preceding month. In addition, the Company pays Technologies an on-going maintenance support fee of 30¢/month for each live investing account at the end of the preceding month. For 2015, the Company incurred \$60,531 of technology service fee charges under this agreement. This amount is included in Technology and Communications in the Statement of Operations.

Under an Expense Sharing Agreement, Holdings incurs certain expenses (such as office supplies, insurance, and other general overhead costs) on behalf of its wholly-owned subsidiaries, the Company and Technologies. Such costs are charged back to the Company and Technologies either on a specific identification basis, or 50 / 50 in cases where specific identification is not feasible. For 2015, the Company incurred \$129,582 of health insurance and \$20,481 of other general overhead under this agreement. The former amount is included in Employee compensation and the latter in Other Expenses in the Statement of Operations.

Under a Sub-Lease Agreement, Holdings leased 2,806 square feet of office space at 16 Washington Street, Morristown, NJ from 09/01/2012 through 08/31/2015. Under sub-lease agreement with Holdings, the Company sub-leased 50% of said space through June 8, 2014. (From June 2014 through August 2015, an unaffiliated firm assumed the Company's sublease and space at 16 Washington Street.) Effective June 9, 2014 through January 8, 2022, Holdings leased 7,748 square feet of office space at 97 Main Street, Chatham, NJ. Under a separate sub-lease agreement, the Company subleases 55% of the 97 Main Street space. Lease costs are accounted for on a straight-line basis over the life of the lease. For 2015, the Company incurred expenses of \$102,232 for rent and utilities under this agreement. This amount is included in Occupancy and Equipment Costs in the Statement of Operations.

7. Related Party Transactions (Continued)

The Company's future minimum lease obligation under the sub-lease agreement with Holdings, is as follows:

<u>Year</u>	<u>\$ Amount</u>
2016	\$92,308
2017	103,087
2018	115,012
2019	117,143
2020	119,273
2021	121,404
2022	2,612
	<u>\$670,839</u>

8. Subsequent Events
