REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder
of Spoonhill Asset Management, Inc.

We have audited the accompanying statement of financial condition of Spoonhill Asset Management, Inc. as of December 31, 2015 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement. Spoonhill Asset Management, Inc.'s management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statements of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Spoonhill Asset Management, Inc. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of the Company's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

RECEIVABLES

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of the individual receivables. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables. No allowance for doubtful accounts was considered necessary at December 31, 2015.

The Company records equipment at cost and provides for depreciation on a straight-line basis over the estimated useful lives of the respective assets.

The measurement of unrecognized tax positions is adjusted when new information is available, or when an event occurs that requires a change. The Company has not identified any uncertain tax positions at December 31, 2015.
