Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders Foothill Securities, Inc.

We have audited the accompanying statement of financial condition of Foothill Securities, Inc. (the "Company") as of December 31, 2015, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foothill Securities, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Schedules I and II have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, Schedules I and II are fairly stated, in all material respects, in relation to the financial statements as a whole.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Purpose and Organization

Foothill Securities, Inc. (the Company) is a fully disclosed broker-dealer, registered with the Financial Industry Regulatory Authority (FINRA), and licensed by the Securities and Exchange Commission (SEC) and the California Department of Corporations.

The Company was incorporated in California on October 11, 1962, is registered in all 50 states and the District of Columbia, and operating from 135 offices located in the states of California, Arizona, Hawaii, Colorado, New Mexico, Tennessee, Texas, Michigan, Nevada, Montana, Ohio and Florida.

Basis of Presentation

The financial statements of the Company have been prepared on the accrual basis. The significant accounting policies which follow are described to enhance the usefulness of the financial statements to the reader.

Estimates

The preparation of the Company's financial statements in conformity with generally accepted accounting principles requires and includes management estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and could be material to the financial statements.

Cash and Cash Equivalents

The Company considers all cash and short-term investments with original maturities of three months or less, to be cash equivalents.

Commissions receivable and payable

Commissions receivable are uncollateralized commissions due to the Company from sales of mutual funds, stock trades, variable and fixed products, real estate investment trusts and direct participation programs. When orders are placed, the Company records an estimated receivable for commissions and an estimate of the related commissions payable to the registered representatives based on historical averages.

Securities owned and securities sold, not yet purchased

Securities owned and securities sold, not yet purchased consist of equity securities and are stated at market value with related changes in unrealized appreciation or depreciation reflected in trading profit. Securities sold, not yet purchased represent obligations of the Company to deliver specified securities at predetermined price. The Company is obligated to acquire the securities sold short at prevailing market prices in the future to satisfy these obligations.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and equipment

Property and equipment are carried at cost. Assets acquired by capital leases are carried at their present values on their acquisition dates. Depreciation is calculated using the straight-line method based upon estimated useful lives ranging from 3 to 10 years. Maintenance and repairs are charged to expense as incurred, major renewals and betterments costing \$5,000 or more are capitalized. The cost and accumulated depreciation of assets sold or retired are removed from the respective accounts and any gain or loss is reflected in earnings.

Long-lived assets

Long-lived assets held and used are tested for recoverability whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets held and used are measured based on the fair value of the asset, and long-lived assets to be disposed of by sale are reported at the lower of the carrying amount or fair value, less cost to sell. Long-lived assets were evaluated for impairment and no adjustments were deemed necessary during the year ended December 31, 2015.

Commissions

The Company receives revenue generated from concessions and commissions related to sales of mutual funds, stock trades, variable products, fixed products, real estate investment trusts and direct participation programs. Revenue is recorded when earned on a trade date basis.

Investment advisory fees

Revenue from asset management and financial planning fees are generally billed to clients quarterly in advance or arrears, and based on either the period ending balance or average balance of total assets held. Investment advisory fees are received quarterly, but are recognized as earned on a pro-rata basis over the term of the underlying advisory agreements or when services are provided.

Advertising costs

Advertising costs are charged to operations when incurred as a component of administrative expenses as reported on the "Statement of Operations". There were no advertising costs for the year ended December 31, 2015.

December 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes

The Company is taxed as a corporation. The provision for income taxes includes federal income and various state income and franchise taxes currently payable, and those deferred because of temporary differences between the financial statement and tax basis of assets and liabilities. Deferred income taxes are provided based on the estimated future tax effects of differences between financial statement carrying amounts and the tax basis of existing assets and liabilities. Deferred income taxes result primarily from deductions and income recorded on the financial statements but not yet allowable or reportable for income tax purposes.

The Company uses the asset and liability method to account for deferred income taxes. The asset and liability method requires the recognition of deferred income tax liabilities and assets for the expected future tax consequences of temporary differences between tax basis and financial reporting basis of assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company accounts for uncertain tax positions in accordance with generally accepted accounting principles. The Company has elected to recognize interest and penalties related to tax uncertainties as operating expenses. At December 31, 2015, management has determined that there are no uncertain tax positions requiring recognition in its financial statements.

Stock-based compensation

The Company measures the fair value and recognizes compensation expense for all stock-based payment awards made to employees, unless the fair value was deemed de minimus, in which case, no expense is recognized. Stock-based compensation expense recognized is based on the value of the portion of stock-based payment awards as they are awarded in each year of the service period, defined by agreement. There was no stock-based compensation expense incurred during the year ended December 31, 2015.

Other receivables

Other receivables include notes receivable with registered representatives that are included at the lower of their carrying value or fair value. As of December 31, 2015, the carrying value of notes receivable approximates fair value.

2. CASH CLEARING DEPOSIT ACCOUNTS

In the event that a registered representative incurs a market action error, the Company has available a clearing deposit with Pershing, LLC to cover such errors up to \$100,000. When a registered representative is responsible for such a loss, the representative is contractually obligated to reimburse the Company.

The Company also has a \$10,000 clearing fund deposit with The Depository Trust & Clearing Corporation, which is required by the National Securities Clearing Corporation as a condition for utilizing the Fund/SERV and Insurance Processing Services.

December 31, 2015

3. PREPAID EXPENSES

Prepaid expenses consist of the following as of December 31, 2015:

Prepaid insurance	\$	471,426
Prepaid regulatory fees		49,045

	\$ 95.679

For the year ended December 31, 2015, depreciation expense was \$29,554.

5. ACCOUNTS PAYABLE AND OTHER ACCRUED EXPENSES

Accounts payable and other accrued expenses consist of the following as of December 31, 2015:

Accounts payable	\$	177,289
Accrued payroll and compensated absences		35,851
Other accrued expenses		90,200
	<u>\$</u>	303,340

6. NOTE PAYABLE

The Company has financed insurance premiums through First Insurance of California Funding. The financed portions are secured by the underlying insurance policy. The initial financed portion bears interest at 3.74% per annum and requires monthly payments of \$48,839 of principal and interest through February 2016. The Company obtained an extension on the policy and the financed portion bears interest at 3.74% per annum and requires monthly payments of \$22,743 of principal and interest through July 2016. At December 31, 2015, the amount due under the agreement was \$250,554. Interest expense was \$8,361 during the year ended December 31, 2015. Future minimum principal payments of \$250,554 are due in 2016.

7. RELATED PARTY TRANSACTIONS

Due to shareholders of \$56,931 consists of expense reimbursements due to the President and various Board members.

December 31, 2015

8. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission (SEC) Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital equal to the greater of six and two-thirds percent (6-2/3%) of aggregated indebtedness or \$50,000. The rule also defines the minimum required ratio of aggregate indebtedness to net capital of 15 to 1, both as defined. At December 31, 2015, the Company has net capital of \$298,467 which was \$94,770 in excess of its required net capital of \$203,697. The Company's aggregate indebtedness to net capital ratio was 10.24 to 1.00.

9. STOCKHOLDERS' EQUITY

Compensatory stock bonus awards

The Company's current employment agreement with its President, (due to expire on February 28, 2016), includes a compensatory stock bonus provision, which awards the President common stock shares based upon performance and is evaluated on an annual basis by the Board of Directors. The shares awarded are issued in the ensuing year following successful employment, and the compensation expense is based upon the number of shares awarded. The Company has determined that the book value equals the fair value of the shares. The amount of awarded shares made annually is to be equivalent to 1% of the Company's then issued and outstanding common stock as of December 31st for the year such services were rendered. While employed, and based upon the current agreement, the President is to maintain a specified ownership percentage in the Company. No shares shall be issued in the event that the President is not employed on each anniversary date of the employment agreement, without regard to the reason for the termination of employment. During the year ended December 31, 2015, the President earned no shares.

Stock Option and Restricted Stock Plan

The Company has adopted a stock option and restricted stock plan (the Plan) which authorized the Board of Directors to issue up to 600,000 shares of common stock upon exercise of non-qualified stock options, restricted stock awards, and stock appreciation rights (SAR). These types of option grants and awards can be made to key employees, officers and directors, registered representatives, independent contractors, and third party consultants. As of December 31, 2015, no option grants or awards have been made under the Plan as defined.

10. PROVISION FOR INCOME TAXES

The provision for income taxes consists of the following as of December 31, 2015:

	<u>Federal</u>		States		Total
Current state taxes	\$	\$	2,607	\$	2,607
Benefit from net operating loss					
Carryback	(91,277	')			(91,277)
Deferred tax benefit	(290,013	<u> </u>	(70,335)		(360,348)
Total provision for income taxes	\$ (381,290	<u>\$</u>	(67,728)	<u>\$</u>	(449,018)

December 31, 2015

10. PROVISION FOR INCOME TAXES (CONTINUED)

The income tax expense differs from the expected that would result from applying federal statutory rates to the pre-tax income due to the following:

- The tax benefits of the federal tax graduated rate structure, as applied to taxable income and those differences between the financial statements and the tax returns (as described in Note 1), and when they are expected to become taxable or deductible.
- Certain nontaxable income and expense items also referred to as permanent differences.
- Minimum franchise taxes imposed by the states in which the Company operates.

The Company has federal net operating loss carryforwards of \$833,203 and California net operating loss carryforwards of \$1,113,656, which begin to expire in 2035. Losses were utilized during their two year carryback period, resulting in refundable taxes of approximately \$91,277.

Deferred tax assets and liabilities consist of the following:

Deferred tax assets		
Accrued paid time off	\$	12,453
Contribution carryfoward		4,382
Capital loss carryforward		7
Federal and state benefit of net operating loss carryforward		351,157
Deferred tax assets, net	<u>\$</u>	367,999

In assessing the realizability of deferred tax assets and liabilities, management considers whether it is more likely than not that some portion or all of the deferred tax assets and liabilities will not be realized. The ultimate realization of deferred tax assets and liabilities is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management has determined that a valuation allowance against the deferred tax asset is not required in light of anticipated future taxable income. The Company's federal and state tax returns from 2011 through 2015 are subject to audit and adjustment by the taxing authorities.

11. 401(K) AND PROFIT SHARING PLAN AND TRUST

Effective January 1, 2004, the Company adopted a 401(k) profit sharing plan for all eligible employees. Eligible employees are defined as full-time employees who have attained age 21, and who have been employed at least one year and have completed at least 1,000 hours of service annually. Employees may elect to defer 1% to 25% of their salary, up to the federal limit, and are 100% vested upon entering the plan. The Company annually matches the participants' contribution up to 4% of participants' gross wages. The Company may also elect to make a discretionary contribution annually to the profit sharing plan and trust. In 2015, the Company contributed a total of \$38,414 under these arrangements, which represents 401(k) matching contributions and no profit sharing plan and trust contributions.

December 31, 2015

12. RISK CONCENTRATION

The Company's cash and cash equivalents consist of cash held at financial institutions where they each may exceed government insurance limits during the year. At December 31, 2015, the Company's uninsured cash balances totaled \$179,275.

13. FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET CREDIT RISK

As a securities broker, the Company executes transactions with and on the behalf of customers. The Company introduces these transactions for clearance to a clearing firm on a fully disclosed basis. In the normal course of business, the Company's customer activities involve the execution of securities transactions and settlement by its clearing broker. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to nonperformance by its customers. These activities may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at the prevailing market price in order to fulfill the customer's obligation. The Company seeks to control off-the-balance-sheet credit risk by monitoring its customer transaction and reviewing information it receives from its clearing broker on a daily basis and reserving for doubtful accounts when necessary.

14. COMMITMENTS

Facility lease

The Company has a lease agreement for their corporate office in Santa Clara, California. The lease commenced on July 15, 2014. Under the terms of the lease, the Company pays a monthly base rent of \$11,199, and its share of utilities, taxes and common area maintenance expenses, with a \$0.08 per square foot annual increase in the base rent. The lease expires on August 14, 2017 and has an option to renew for three years.

Rent expense, plus utilities and taxes, was \$142,778 for the year ended December 31, 2015.

Equipment lease

The Company pays quarterly rent of \$902 for the use of a postage meter, or a total of \$3,608, and the lease expires on April 3, 2016.

The future obligations on leases in effect at December 31, are as follows:

Year Ended December 31,	Amount
2016	\$ 141,205
2017	<u>89,063</u>
Total	<u>\$ 230,268</u>

December 31, 2015

15. CONTINGENCIES

Litigation

In the normal course of operations, the Company is involved with certain claims and disputes, and is subject to periodic examinations by regulatory agencies. Based on consultation with legal counsel, it is the opinion of the Company's management that liabilities, if any, arising from such claims, disputes, or examinations would not have a material effect on the Company's financial position.

16. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through March 9, 2016, the date the financial statements were available to be issued.

Review Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders Foothill Securities, Inc.

We have reviewed management's statements, included in the accompanying SEA 15c3-3 Exemption Report, in which (1) Foothill Securities, Inc. (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Independent Accountant's Agreed-Upon Procedures Report on Schedule of Assessment and Payments (Form SIPC-7)

To the Board of Directors and Stockholders Foothill Securities, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2015, which were agreed to by Foothill Securities, Inc. (the "Company"), and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of Form SIPC-7. The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2015, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences (if applicable).

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
