REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Inner Circle Sports LLC

We have audited the accompanying financial statements of Inner Circle Sports LLC, (the "Company") (a Delaware Limited Liability Company), which comprise the statement of financial condition as of December 31, 2015 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Inner Circle Sports LLC as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

As a limited liability company, the Company's taxable income or loss is allocated to the members, except for New York City income taxes.

Accounts Receivable

Accounts receivable are recorded at the invoiced amount and do not bear interest. The Company records an allowance for doubtful accounts, which is the Company's best estimate of the amount of probable credit losses on the existing trade accounts receivable balance. This allowance is determined based on the Company's historical write-off experience, age of accounts, general economic conditions, and client specific knowledge. The allowance for doubtful accounts is reviewed on a monthly basis. Past due balances over 90 days and over a specified amount are reviewed individually each month for collectability and specific bad debt reserves are recorded as deemed necessary. Exchange gains and losses arising from re-measurement of foreign currency-denominated monetary assets and liabilities are included in income in the period in which they occur.
