Note 1 - The Company and Summary of Significant Accounting Policies

The Company

The Company is a Financial Industry Regulatory Authority Registered Broker and Dealer. Commission revenues are generated predominantly from the sale of private placement securities.

Revenue Recognition

The Company recognizes commission revenue on a trade date basis upon receipt of notification from sponsors of the commission earned. Commission revenue also includes 12b-1 fees, considered as trailing fees, which are recurring in nature. These trailing fees are earned by the company based on a percentage of the current market value of clients' investment holding in trail eligible assets.

Commissions Receivable

Commissions receivable are stated at their principal balances. The Company uses the allowance method to recognize bad debts. Generally, any receivables over 90 days old are considered delinquent. At December 31, 2015, no allowance was considered necessary. If an allowance was established, any bad debts would be written off against it when determined to be uncollectible.

Fair Value of Financial Instruments

The carrying value of cash, receivables and accounts payable approximate fair value due to the short maturity of these instruments (Level 1 within the fair value hierarchy). None of the financial instruments are held for trading purposes.

Income Taxes

The Company has elected "S" corporation status, effective since 2001. Under these provisions, the Company generally does not pay Federal corporate income taxes on its taxable income. Instead, the stockholder is liable for individual Federal income taxes based upon the Company's taxable income.

The Company's tax returns are subject to possible examination by the taxing authorities. For Federal income tax purposes the returns essentially remain open to possible examination for a period of three years after the respective filing deadlines of those returns. For state and local tax purposes the period may extend to five years. As of December 31, 2015, management has determined the Company had no uncertain tax positions that require recognition or disclosure in the financial statements.

Note 1 - The Company and Summary of Significant Accounting Policies (Continued)

Related Parties

The Company and an affiliate have separate employees that perform functions for both companies. These shared employees' wages and benefits expenses cannot be allocated cost-effectively; therefore the Company records all expenses incurred for its employees.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers cash and cash equivalents to include cash and those short-term, highly liquid investments with original maturities of three months or less. The Company maintains its cash accounts in one commercial bank located in Seattle, Washington. The total cash balances are secured by the Federal Deposit Insurance Corporation up to \$250,000.

Advertising

The Company expenses advertising as incurred. Advertising expense totaled \$423 in 2015.

Note 2 - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2015, the Company had net capital of \$54,190 and net capital required under the Rule was \$5,000. The aggregate indebtedness to net capital ratio was .262 to 1.

The net capital rules may effectively restrict the payment of cash distributions.

**NOTES TO FINANCIAL STATEMENTS**

Note 3 - Contingencies

In the ordinary course of business the Company may be named as a respondent in litigation, arbitration or regulatory proceedings and may be subject to unasserted claims primarily in connection with its activities as a securities broker-dealer. When the Company believes that it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated, the Company accrues such amount. At December 31, 2015, the Company believes no such accrual is required.

Note 4 - Commitments

The Company leases office premises under an operating lease. The Company shares the lease with other entities and is not expected to make the required minimum payments, but is obligated to do so in the event the other entities fail to make rental payments. The maximum amount due under the lease for future years is as follows:

Year ending December 31, 2016	\$ 22,467
-------------------------------	-----------

The Company's rental expense under operating leases was \$15,150 during 2015.

Note 5 - Employee Profit Sharing Plan

The Company's employees are participants in a profit sharing plan. The plan covers substantially all of the Company's employees.

The plan is a simplified employee pension plan. The Company is not obligated for minimum contributions but may elect to make discretionary contributions determined by the Board of Directors. Contributions cannot exceed twenty five percent of compensation. Contributions of \$1,750 were authorized by the Board of Directors for 2015. The Company funds plan contributions as incurred.

Note 6 - Subsequent Events

Management has evaluated subsequent events through March 8, 2016, the date that the financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment of or disclosure in the accompanying financial statements.

Prepaid expenses	(37)
Accounts payable	9,133

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
ON INTERNAL CONTROL REQUIRED BY RULE 17a-5 OF THE  
SECURITIES AND EXCHANGE COMMISSION

To the Board of Directors and Shareholder  
of Heritage Benefits Financial Services, Inc.

In planning and performing our audit of the financial statements of Heritage Benefits Financial Services, Inc. (the Company) as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
ON INTERNAL CONTROL REQUIRED BY RULE 17a-5 OF THE  
SECURITIES AND EXCHANGE COMMISSION

(Continued)

---

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2015, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
