Board of Directors and Shareholders of
Avalon Investment & Securities Group, Inc.

We have audited the accompanying financial statements of Avalon Investment & Securities Group, Inc. (an Alabama corporation), which comprise the statement of financial condition as of March 31, 2016, and the related statements of income, changes in shareholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Avalon Investment & Securities Group, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Avalon Investment & Securities Group, Inc. as of March 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Computation of Net Capital Under Rule 15c3-1 (Schedule I), Computation for Determination of Reserve Requirements Under Rule 15c3-3 (Schedule II), and the Information for Possession or Control Requirements Under Rule 15c3-3 (Schedule III) has been subjected to audit procedures performed in conjunction with the audit of Avalon Investment & Securities Group, Inc.'s financial statements. The supplemental information is the responsibility of Avalon Investment & Securities Group, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statement or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 ORGANIZATION AND NATURE OF BUSINESS

The Company is an Alabama corporation operating as a broker/dealer licensed to sell mutual funds and various insurance products (including variable annuities, variable universal life, etc.) and direct participation programs. The Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Company prepares its financial statements using U.S. generally accepted accounting principles on the accrual basis.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition: The Company earns commissions from the purchase of investment products by its customers. It also receives additional compensation, on an annual, quarterly, or monthly basis, for continuing management of the assets.

Cash and Cash Equivalents: For the purposes of cash flows, the Company considers all short-term investments with a maturity of three months or less to be cash equivalents.

Income Taxes: The amount of current or deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits, if material, are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ACS 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Three years of tax returns are open for review by the Internal Revenue Service.

Advertising: The Company follows the policy of charging the costs of advertising to expense as incurred.

NOTE 5 FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (FASC) Section 820-10 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASC Section 820-10, are used to measure fair value.

Avalon Investment & Securities Group, Inc.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 FAIR VALUE MEASUREMENTS (Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

The following tables present the Company's fair value hierarchy for those assets and

Description	3/31/2016	Quoted	Significant	Significant	Total Gains (losses)
		Prices in Active Markets <u>Level 1</u>	Other Observable Inputs <u>Level 2</u>	Unobservable Inputs <u>Level 3</u>	
Recurring fair value measurements					
Available for sale securities:					
Equity securities	19,917	19,917	-	-	11,814

NOTE 6 FINANCIAL INSTRUMENTS AND CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of trade accounts receivable. The Company's revenues are dependent upon the fluctuations of the stock market. Consequently, the ability of the Company to collect the amounts due from its customers is affected by economic fluctuations related to this industry.

The company maintains bank balances at financial institutions located in Muscle Shoals and Florence, Alabama. The Federal Deposit Insurance Company (FDIC) insures accounts up to \$250,000 at each institution. At March 31, 2016, the company had no uninsured balances.

NOTE 7 INCOME TAXES

The Company generated a Net Operating Profit at the end of the year for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly increase or decrease within twelve months of the reporting date.

The Company's federal and state income tax returns are subject to audit, generally for a period of three years from the date they were filed.

Avalon Investment & Securities Group, Inc.

NOTE 11 CONTINGENCIES AND RISK

The Company remains self-insured. As a result, any judgment against the Company from litigation arising subsequent to date of occurrence could adversely affect the Company's results of operations. There is an Arbitration Case pending, in which a Motion to Dismiss has been filed on the grounds that the Statute of Limitations has expired.
