REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Management Committee of Aviate Global US LLP:

We have audited the accompanying Statement of Financial Condition of Aviate Global US LLP ("the Company"), as of March 31, 2016, and the related statements of income, changes in partners' capital, and cash flows for the year then ended. These financial statements are the responsibility of Aviate Global US LLP's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluation the overall financial statement presentation. We believe that our audit provides a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Aviate Global US LLP as of March 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplementary information contained in pages 12 to 13 following the financial statements has been subjected to audit procedures performed in conjunction with the audit of Aviate Global LLP's financial statements. The supplemental information is the responsibility of Aviate Global US LLP's management. Our audit procedures include determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17 C.F.R. §240.17a-5 of the Securities Exchange Act of 1934.

In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

AVIATE GLOBAL US LLP NOTES TO FINANCIAL STATEMENTS

[1] Organization and Nature of Business

Aviate Global LLC (the "LLC") was organized in the State of Delaware on August 10, 2009. On March 26, 2010, the LLC converted to a limited partnership, Aviate Global LP (the "LP"). On October 12, 2012, the LP converted to a limited liability partnership, Aviate Global US LLP (the "Company"). The Company is 79% owned by Aviate Global Holdings Ltd with the remaining 21% split between its US resident partners. Aviate Global Holdings Ltd is 100% owned by Aviate Global LLP, a company organized in the United Kingdom ("UK").

The Company has two classes of partners' interests and the rights, preferences, and privileges are as defined in the operating agreement. The Company's partners are not liable for any of the losses or liabilities of the Company beyond the amount of the Capital Contribution of such partner. The initial Capital of such partner is determined by the Management Committee and agreed by such partner on admission to the Company. The Company's partners are not required to contribute any further capital to the Company. The term of the Company will continue indefinitely unless sooner terminated by determination of the partners.

The rights, preferences and obligations are all the same for Class A and Class B units except the following two clauses:

Available cash shall be distributed first to each of the Holders of Class B units and second to each of the holders of Class A units.

Available cash from a sale of the Company's assets shall be distributed first to each of the Holders of Class B units and second to each of the holders of Class A units.

No profit share shall be allocable to Class B units, except to the extent any profits are distributed in respect of Class B units in respect of the above two clauses.

The Company is a broker dealer registered with the Financial Industry Regulatory Authority, Inc. ("FINRA") and was organized principally to engage in research and trade execution for institutional investors. (See Note 8.) The Company ceased to be a member of National Futures Association in the year ended March 2015. The Company's main office is in New York executing US domestic market trades on behalf of US and European clients and it has an administrative support office in London, United Kingdom.

The Company does not carry securities accounts for customers or perform custodial services and, accordingly, claims exemption from Rule 15c3-3 of the Securities Exchange Act of 1934.

[2] Summary of Significant Accounting Policies

[A] Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

[B] Fair Value Measurements - ASC Topic 825, Financial Instruments, requires disclosing fair value to the extent practicable for financial instruments which are recognized or unrecognized in the Statement of Financial Condition. The fair values of the financial instruments are not necessarily representative of the amount that could be realized or settled, nor does the fair value amount consider the tax consequences of realization or settlement. For certain financial instruments, including cash, commissions receivables from broker-dealer, deposit – clearing organization and prepaid expenses, accounts payable and accrued expenses, income taxes payable, amounts due to related parties and commission sharing payable to partners, the fair values were determined based on the near term maturities of such obligations.

- **[C]** Receivables and Deposits with Broker Receivables and deposits with broker represent payments receivable from customers for research services provided by the Company and cash balances on deposit with, and commissions and interest receivable from, the Company's clearing broker.
- [D] Allowance for Doubtful Accounts The Company estimates the allowance for doubtful accounts based upon a review of outstanding receivables and historical collection information by customer. Normally accounts receivable are due within 30 days after the date of the invoice. Receivables more than 90 days old are considered past due. Accounts receivable are written off when they are determined to be uncollectible. The Company considers all accounts receivable at March 31, 2016 to be collectible and no allowance for doubtful accounts is deemed necessary at March 31, 2016.
- [E] Income Taxes No provision for federal and state income taxes has been made in the accompanying financial statements as the Company is a partnership whereby payment of these income taxes is the responsibility of the partners. For New York City purposes, the Company is liable for the unincorporated business tax ("UBT"), which is imposed at 4% of income as determined by New York City tax law. The UBT returns are subject to examination for three years from the date filed or the due date, whichever is later. The tax returns for fiscal years ended March 31, 2011 through 2015 are open for examination as of the date of these financial statements. If any, the Company records interest and penalties in the other administrative expense caption of the Statement of Income.

Deferred income taxes are provided for the estimated income tax effect of temporary differences between financial and tax bases in assets and liabilities. A valuation allowance to reduce deferred tax assets is established when deemed appropriate. There are no deferred taxes and valuation allowance at March 31, 2016.

- **[F]** Commissions –Commissions and related clearing expenses thereon relating to securities transactions are recorded on a trade date basis.
- [G] Investment Advisory Income Investment advisory fees are recognized as earned in the period to which they relate.

(the "exemption provisions") and (2) Aviate Global US LLP stated that Aviate Global US LLP met the identified exemption provisions throughout the most recent fiscal year without exception.
