#### Exhibit J List of Officers, Governors, and Members of Standing Committees

This information is kept up-to-date and available to the Commission and the public upon request.

#### Exhibit K List of Shareholders or Partners of the Exchange

- 1. Full legal name;
- 2. Title or Status:
- 3. Date title or status was acquired;
- 4. Approximate ownership interest; and
- 5. Whether the person has control, a term that is defined in the instructions to this Form.

The sole member of the Nasdaq Exchange within the meaning of the Delaware Limited Liability Company Act is Nasdaq, Inc. ("Nasdaq Holdco"). Accordingly, the requested information is provided with respect to the following entities that are beneficial owners of 5% or more a class of the voting securities of Nasdaq Holdco. Information is derived from filings by Nasdaq Holdco stockholders on SEC Forms 4, 13D, and 13G, and is current as of the respective dates of such filings. The calculations of approximate ownership interest below are based upon 164,370,961 shares of common stock outstanding on March 7, 2016, the record date for Nasdaq Holdco's 2016 annual meeting of stockholders. Shares of common stock underlying options, all of which are currently exercisable, were considered outstanding and beneficially owned by the person holding the options for the purpose of computing the approximate ownership interest of that person, but were not treated as outstanding for the purpose of computing the approximate ownership of any other person. Except as noted below, each stockholder is entitled to the number of votes equal to the number of shares of common stock

held by such stockholder, subject to the 5% voting limitation contained in the Nasdaq Holdco's Amended and Restated Certificate of Incorporation.

#### 1. Full legal name: Borse Dubai Limited

Title or status: The holding company for Dubai Financial Market and NASDAQ Dubai. Borse Dubai was created August 6, 2007 to consolidate the Government of Dubai's two stock exchanges as well as current investments in other exchanges.

Date title or status was acquired: As of the record date, based solely on information included in an amendment to Schedule 13D, filed March 27, 2012, Borse Dubai had shared voting and dispositive power over 29,780,515 shares. Borse Dubai is a majority-owned subsidiary of Investment Corporation of Dubai, and therefore, each of Borse Dubai and Investment Corporation of Dubai may be deemed to be the beneficial owner of the 29,780,515 shares held by Borse Dubai. Borse Dubai and Nasdaq have entered into an agreement that limits Borse Dubai's voting power to 4.35% of Nasdaq's total outstanding shares. All of the shares held by Borse Dubai are pledged as security for outstanding indebtedness.

Approximate ownership interest: Approximately 18.1% of this class of stock.

Control status: Borse Dubai does not control Nasdaq Holdco within the meaning of the definition of control in Form 1.

#### 2. Full legal name: Investor AB

Title or status: Institutional investor

Date title or status was acquired: As of the record date, based solely on information included in a Form 4, filed May 25, 2012, Innax AB, which was formerly named Patricia Holding AB, had sole voting and dispositive power over 19,394,142 shares. Innax AB is 100% owned and controlled by Investor AB, and therefore, each of Innax AB and Investor AB may be deemed to be the beneficial owner of the 19,394,142 shares held by Innax AB.

Approximate ownership interest: Approximately 11.8% of this class of stock.

Control status: Investor AB does not control Nasdaq Holdco within the meaning of the definition of control in Form 1.

3. Full legal name: Massachusetts Financial Services Company

Title or status: Institutional investor

Date title or status was acquired: As of the record date, based solely on information included in a Schedule 13G/A, filed February 11, 2016, Massachusetts Financial Services Company indicated that it has beneficial ownership of, and sole dispositive power with respect to, 15,450,971 shares and sole voting power with respect to 14,439,181 shares.

Approximate ownership interest: Approximately 9.4% of this class of stock.

Control status: Massachusetts Financial Services Company does not control Nasdaq Holdco within the meaning of the definition of control in Form 1.

4. Full legal name: BlackRock, Inc.

Title or status: Institutional investor

Date title or status was acquired: As of the record date, based solely on information included in a Schedule 13G/A, filed February 10, 2016, BlackRock, Inc. indicated that it had beneficial ownership of and sole dispositive power over 12,077,563 shares and sole voting power over 10,758,164 shares as a result of being a parent company or control person of the following subsidiaries: BlackRock (Luxembourg) S.A., BlackRock (Netherlands) B.V., BlackRock (Singapore) Limited, BlackRock Advisors (UK) Limited, BlackRock Advisors, LLC, BlackRock Asset Management Canada Limited, BlackRock Asset Management Ireland Limited, BlackRock Asset Management Schweiz AG, BlackRock Capital Management, BlackRock Financial Management, Inc., BlackRock Fund Advisors, BlackRock Institutional Trust Company, N.A., BlackRock International Limited, BlackRock Investment Management (Australia) Limited, BlackRock Investment Management (UK) Ltd, BlackRock Investment Management, LLC, BlackRock Japan Co Ltd, and BlackRock Life Limited.

Approximate ownership interest: Approximately 7.3% of this class of stock.

Control status: BlackRock, Inc. does not control Nasdaq Holdco within the meaning of the definition of control in Form 1.

5. Full legal name: The Vanguard Group, Inc.

Title or status: Institutional investor

Date title or status was acquired: As of the record date, based solely on information included in a Schedule 13G/A, filed February 10, 2016, The Vanguard Group, Inc. indicated that it has beneficial ownership of 9,887,005 shares, sole voting power with respect to 211,622 shares, shared voting power with respect to 11,000 shares, sole dispositive power with respect to 9,665,683 shares and shared dispositive power with respect to 221,322 shares. The Schedule 13G includes shares beneficially owned by the following wholly owned subsidiaries of The Vanguard Group, Inc.: Vanguard Fiduciary Trust Company, as a result of its serving as investment manager of collective trust accounts (177,822 shares); and Vanguard Investments Australia, Ltd., as a result of its serving as investment manager of Australian investment offerings (77,300 shares).

Approximate ownership interest: Approximately 6% of this class of stock.

Control status: The Vanguard Group, Inc. does not control Nasdaq Holdco within the meaning of the definition of control in Form 1.

Consolidated Statement of Comprehensive Income	5
Consolidated Statement of Changes in Member's Equity	6
Consolidated Statement of Cash Flows	
Notes to Consolidated Financial Statements	

#### Report of Independent Auditors

The Board of Directors and Member
The NASDAQ Stock Market LLC and Subsidiaries

We have audited the accompanying consolidated financial statements of The NASDAQ Stock Market LLC and Subsidiaries, which comprise the consolidated balance sheet as of December 31, 2015, and the related consolidated statements of income, comprehensive income, changes in member's equity, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The NASDAQ Stock Market LLC and Subsidiaries at December

31, 2015, and the consolidated results of their operations and their cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Ernst + Young LLP

June 24, 2016

#### Notes to Consolidated Financial Statements

December 31, 2015

#### 1. Organization and Nature of Operations

The NASDAQ Stock Market LLC (the "Company," the "Exchange," "The NASDAQ Stock Market," or "we") is a registered national securities exchange in the United States owned and operated by Nasdaq, Inc., ("Nasdaq" or the "Parent"). As of December 31, 2015, a total of 2,859 companies were listed securities on The NASDAQ Stock Market.

As of December 31, 2015, The NASDAQ Stock Market is the parent of its wholly-owned subsidiaries: The NASDAQ Options Market LLC ("NASDAQ Options Market") and Norway Acquisition LLC ("Norway"). Norway, a holding company, is the parent company of Nasdaq Execution Services, LLC ("Nasdaq Execution Services" or "NES"), NASDAQ Options Services, LLC ("NASDAQ Options Services" or "NOS"), and INET Futures Exchange, LLC ("INET Futures Exchange").

NES and NOS are registered broker-dealers with the Securities and Exchange Commission ("SEC") under Section 15(b) of the Securities Exchange Act of 1934. Nasdaq Execution Services currently operates as the routing broker-dealer for affiliate exchanges for sending orders from the affiliate exchanges to other venues for execution in accordance with member order instructions and requirements. Affiliate exchanges include NASDAQ BX, Inc. ("BX") and NASDAQ PHLX LLC ("PHLX"). Up until March 24, 2014, NASDAQ Options Services performed a comparable function to Nasdaq Execution Services with respect to routing of orders from The NASDAQ Options Market, PHLX and BX. As of March 24, 2014, NES, began routing options and became the sole routing broker for Nasdaqs equities and options exchanges in the U.S. As a consequence, NOS became non-operational and withdrew its exchange and clearing house memberships. INET Technology Services, LLC and INET Futures Exchange, LLC are currently inactive entities. NES and NOS are distinguished from most broker-dealers in that they are a facility of The NASDAQ Stock Market, which functions as both an exchange and a Self-Regulatory Organization ("SRO").

The Company offers trading in cash equity securities, derivatives and exchange traded funds ("ETFs") on The NASDAQ Stock Market and the NASDAQ Options Market. The Company's transaction-based platforms in the U.S. provide market participants with the ability to access, process, display and integrate orders and quotes for cash equity securities, derivatives and ETFs. The platforms allow the routing and execution of buy and sell orders as well as the reporting of transactions for cash equity securities, derivatives and ETFs, providing fee-based revenues. The Company provides market participants with several alternatives for accessing the Company's markets for a fee. The Company also earns revenues from annual and monthly exchange membership and registration fees. The NASDAQ Stock Market operates as the exclusive

#### Notes to Consolidated Financial Statements (continued)

#### 1. Organization and Nature of Operations (continued)

Securities Information Processor of the Joint Self-Regulatory Organization Plan Governing the Collection, Consolidation, and Dissemination of Quotation and Transaction Information for Nasdaq-listed Securities Traded on Exchanges on an Unlisted Trading Privilege Basis ("UTP Plan"), for the collection and dissemination of best bid and offer information and last transaction information from markets that quote and trade in NASDAO-listed securities. The NASDAO Stock Market also is a participant in the UTP Plan and shares in the net distribution of revenue according to the plan on the same terms as the other plan participants. In the role as the Securities Information Processor, The NASDAQ Stock Market collects and disseminates quotation and last sale information for all transactions in NASDAQ-listed securities whether traded on The NASDAQ Stock Market or other exchanges. The Company sells this information to market participants and to data distributors, who then provide the information to subscribers. After deducting costs associated with our role as an exclusive Securities Information Processor, as permitted under the revenue sharing provision of the UTP Plan, we distribute the tape revenues to the respective UTP Plan participants, including The NASDAQ Stock Market, based on a formula required by Regulation NMS that takes into account both trading and quoting activity. In addition, all quotes and trades in NYSE- and NYSE MKT-listed securities are reported and disseminated in real time, and as such, we share in the tape revenues for information on NYSE- and NYSE MKT-listed securities.

The Company's market data products enhance transparency and provide critical information to professional and non-professional investors. We collect, process and create information and earn revenues as a distributor of our own, as well as select, third party content. We provide varying levels of quote and trade information to market participants and to data distributors, who in turn provide subscriptions for this information. Our systems enable distributors to gain direct access to our market depth, index values, mutual fund valuation, order imbalances, market sentiment and other analytical data. Revenues from U.S. market data products are subscription-based and are generated primarily based on the number of data subscribers and distributors of our data.

Companies listed on The NASDAQ Stock Market represent a diverse array of industries including health care, consumer products, telecommunication services, information technology, financial services, industrials and energy. Companies seeking to list securities on The NASDAQ Stock Market must meet minimum listing requirements, including specified financial and corporate governance criteria. Once listed, companies must meet continued listing standards. The NASDAQ Stock Market currently has three listing tiers: The NASDAQ Global Select Market, The NASDAQ Global Market and The NASDAQ Capital Market. All three market tiers maintain rigorous listing and corporate governance standards (both initial and ongoing). There are three types of fees

#### Notes to Consolidated Financial Statements (continued)

#### 1. Organization and Nature of Operations (continued)

applicable to companies that list on The NASDAQ Stock Market: an annual renewal fee, a listing of additional shares fees and an initial listing fee. Annual renewal fees for securities listed on The NASDAQ Stock Market are based on total shares outstanding. The fee for listing of additional shares is also based on the total shares outstanding and the initial listing fee for securities listed on The NASDAQ Stock Market includes a listing application fee and a total shares outstanding fee.

Nasdaq announced an all-inclusive annual listing fee program for companies listed in the U.S. which became effective in 2015. Under this new program, listed companies pay an annual fee which includes all listing-related activities, including listing of additional shares. All listed companies will be subject to the all-inclusive program beginning in January 2018, but can elect to opt-in to this program prior to January 2018. These revenues will be recognized ratably over the following 12-month period.

#### 2. Summary of Significant Accounting Policies

#### Basis of Presentation and Principles of Consolidation

The consolidated financial statements, which include the accounts of The NASDAQ Stock Market and its wholly owned subsidiaries, are prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"), as codified in the Accounting Standards Codification ("ASC") and set forth by the Financial Accounting Standards Board ("FASB"). All significant intercompany accounts and transactions have been eliminated in consolidation. The Exchange's significant accounting policies follow.

The accompanying consolidated financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results for the period presented. These adjustments are of a normal recurring nature.

#### Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

#### **Recently Issued Accounting Pronouncements**

For the year ended December 31, 2015, the Exchange has not adopted any new accounting pronouncements that had a material impact on its consolidated financial statements.

Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

In May 2014, the FASB issued Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers (Topic 606)," which supersedes the revenue guidance in ASC 605, "Revenue Recognition". The new revenue recognition standard sets forth a five-step revenue recognition model to determine when and how revenue is recognized. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration it expects to receive in exchange for those goods or services. The standard also requires more detailed disclosures. The standard provides alternative methods of initial adoption. On July 9, 2015, the FASB approved the deferral of the effective date of the new revenue recognition standard by one year. As a result, this new standard will now be effective for us on January 1, 2018. Early adoption as of the original effective date is permitted. The Exchange is currently assessing the impact that this standard will have on its consolidated financial statements.

In August 2014, FASB released ASU 2014-15, "Presentation of Financial Statements – Going Concern," requiring management of public and private companies to evaluate whether there is substantial doubt about the entity's ability to continue as a going concern and, if so, disclose that fact. Management will also be required to evaluate and disclose whether its plans alleviate that doubt. The standard will be effective for us on January 1, 2017. Management does not expect this to have a material impact on the consolidated financial statements.

In September 2015, the FASB issued ASU 2015-16, "Simplifying the Accounting for Measurement-Period Adjustments," which eliminates the requirement that an acquirer in a business combination account for measurement-period adjustments retrospectively. This guidance requires that an acquirer recognize adjustments to provisional amounts that are identified during the measurement period in the reporting period in which the adjustment amounts are determined. In addition, the amendments in this guidance require an entity to present separately on the face of the income statement or disclose in the notes the portion of the amount recorded in current-period earnings by line item that would have been recorded in previous reporting periods if the adjustment to the provisional amounts had been recognized as of the acquisition date. The Exchange adopted this new standard on January 1, 2016, which will have no impact on its consolidated financial statements. The Exchange will apply the new guidance to future adjustments to provisional amounts, if any.

In November 2015, the FASB issued ASU 2015-17, "Balance Sheet Classification of Deferred Taxes," which eliminates the current requirement to present deferred tax liabilities and assets as current and noncurrent in a classified balance sheet. Instead, the Exchange will be required to classify all deferred tax liabilities and assets as noncurrent. This new standard is effective for the Exchange on January 1, 2017. Early adoption is permitted and the standard may be applied either prospectively or retrospectively to all periods presented. Management adopted this standard in the

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

first quarter of 2016 and does not anticipate a material impact on the consolidated financial statements.

In March 2016, the FASB issued ASU 2016-09, "Improvements to Employee Share-Based Payment Accounting," which involves several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. This new guidance will require all income tax effects of awards to be recognized as income tax expense or benefit in the income statement when the awards vest or are settled, as opposed to additional paid-in-capital where it is currently recorded. This guidance will impact the calculation of total diluted share count for the earnings per share calculation, as calculated under the treasury stock method. It also will allow an employer to repurchase more of an employee's shares than it can today for tax withholding purposes without triggering liability accounting. All tax-related cash flows resulting from share-based payments are to be reported as operating activities on the statement of cash flows. In regards to forfeitures, the Exchange can make a policy election to either estimate the number of awards that are expected to vest or account for forfeitures as they occur. This new standard is effective for the Exchange on January 1, 2017, with early adoption permitted. Management is currently assessing the impact that this standard will have on the consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, "Leases." Under this new guidance, at the commencement date, lessees will be required to recognize a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. This guidance is not applicable for leases with a term of 12 months or less. Lessor accounting is largely unchanged. The new standard is effective for the Exchange on January 1, 2019. Early adoption is permitted. Management is currently assessing the impact that this standard will have on the consolidated financial statements.

#### Cash and Cash Equivalents

Cash and cash equivalents include cash held in banks and all non-restricted highly liquid investments with original maturities of three months or less at the time of purchase. Cash equivalents are carried at cost plus accrued interest, which approximates fair value due to the short maturities of these investments. At December 31, 2015, the Exchange held no cash equivalents.

#### Receivables, Net of Reserve for Uncollectible Accounts

Our receivables are concentrated with our member firms, market data distributors, and listed companies. Receivables are shown net of reserves for uncollectible accounts. The reserve for

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

uncollectible accounts is maintained at a level that management believes to be sufficient to absorb estimated losses in the accounts receivable portfolio. The reserve is increased by the provision for bad debts which is charged against operating results and decreased by the amount of charge-offs, net of recoveries. The amount charged against operating results is based on several factors including, but not limited to, a continuous assessment of the collectability of each account, the length of time a receivable is past due and our historical experience with the particular customer. In circumstances where a specific customer's inability to meet its financial obligations is known (i.e., bankruptcy filings), we record a specific provision for bad debts against amounts due to reduce the receivable to the amount we reasonably believe will be collected. Due to changing economic, business and market conditions, we review the reserve for bad debts monthly and make changes to the reserve through the provision for bad debts as appropriate. If circumstances change (i.e., higher than expected defaults or an unexpected material adverse change in a major customer's ability to pay), our estimates of recoverability could be reduced by a material amount. Total reserve for uncollectible accounts netted against receivables on the Consolidated Balance Sheet was \$2.2 million at December 31, 2015.

#### Property and Equipment, Net

Property and equipment, including leasehold improvements, are carried at cost less accumulated depreciation and amortization. Depreciation and amortization are generally recognized over the estimated useful lives of the related assets. Depreciation of furniture and fixtures is provided using the straight-line method over ten years. Depreciation of acquired software and equipment is provided using the straight-line method over five years. Depreciation of internally developed software is provided using the straight-line method over 2-5 years. Leasehold improvements are amortized over the shorter of their estimated useful lives or the remaining term of the related lease. See Note 4, "Property and Equipment, Net" for further discussion.

We also assess potential impairments to our property and equipment when there is evidence that events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of property and equipment is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Any required impairment loss is measured as the amount by which the carrying amount of a long-lived asset exceeds its fair value and is recorded as a reduction in the carrying amount of the related asset and a charge to operating results.

#### Goodwill

Goodwill represents the excess of purchase price and related costs over the value assigned to the net tangible and identifiable intangible assets of a business acquired. Goodwill is allocated to the

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

reporting units based on the assignment of the fair values of each reporting unit of the acquired company. We are required to test goodwill for impairment at the reporting unit level annually, or in interim periods if certain events occur indicating that the carrying value may be impaired. We test for impairment during the fourth quarter of the fiscal year using carrying amounts as of October 1. In conducting the 2015 annual impairment test for goodwill, we first performed a qualitative assessment to determine whether it was more likely than not that the fair value of a reporting unit was less than the carrying amount as a basis for determining whether it was necessary to perform the two-step quantitative goodwill impairment test described in ASC 350. The more-likely-than-not threshold is defined as having a likelihood of more than 50 percent. If, after assessing the totality of events or circumstances, we determine that it is more likely than not that the fair value of a reporting unit is less than its carrying amount, then the two-step quantitative test for goodwill impairment is performed for the appropriate reporting units. Otherwise, we conclude that no impairment is indicated and the two-step quantitative test for goodwill impairment is not performed.

In conducting the initial qualitative assessment, we analyzed actual and projected growth trends, as well as historical performance versus plan and the results of prior quantitative tests performed. Additionally, each reporting unit assesses critical areas that may impact the business, including macroeconomic conditions and the related impact, market related exposures, competitive changes, new or discontinued products, changes in key personnel, or any other potential risks to projected financial results.

If required, the quantitative goodwill impairment test is a two-step process performed at the reporting unit level. First, the fair value of each reporting unit is compared to its corresponding carrying amount, including goodwill. The fair value of each reporting unit is estimated using a combination of a discounted cash flow valuation, which incorporates assumptions regarding future growth rates, terminal values, and discount rates, as well as a guideline public company valuation, incorporating relevant trading multiples of comparable companies and other factors.

The estimates and assumptions used consider historical performance and are consistent with the assumptions used in determining future profit plans for each reporting unit, which are approved by management. If the first step results in the carrying amount exceeding the fair value of the reporting unit, then a second step must be completed in order to determine the amount of goodwill impairment that should be recorded, if any. In the second step, the implied fair value of the reporting unit's goodwill is determined by allocating the reporting unit's fair value to all of its assets and liabilities other than goodwill in a manner similar to a purchase price allocation. The implied fair value of the goodwill that results from the application of this second step is then compared to the carrying amount of the goodwill and an impairment charge is recorded for any difference.

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

#### **Intangible Assets, Net**

Intangible assets, net of accumulated amortization, primarily include customer relationships, trade names and technology. Intangible assets with finite lives are amortized on a straight-line basis over their average estimated useful lives as follows:

<sup>a</sup> Customer relationships: 10-30 years

Technology: 3-5 years

a Other: 2-10 years

The estimated useful life of customer relationships is determined based on an analysis of the historical attrition rates of customers and an analysis of the legal, regulatory, contractual, competitive, economic, or other factors that limit the useful life of customer relationships.

The estimated useful life of developed and new technology is based on the likely duration of benefits to be derived from the technology. We consider such factors as the migration cycle for re-platforming existing technologies and the development of future generations of technology. We also give consideration to the pace of the technological changes in the industries in which we sell our products.

For finite-lived intangible assets subject to amortization, impairment is assessed when there is evidence that events or changes in circumstances indicate that the carrying amount of an asset may not be recovered. An impairment loss is recognized when the carrying amount of the long-lived asset exceeds its fair value and is not recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset.

#### Revenue Recognition and Cost of Revenues

#### **Market Services**

Cash Equity Trading: Cash equity trading revenues are variable, based on individual customer share volumes, and recognized as transactions occur. We charge transaction fees for executing cash equity trades in NASDAQ-listed and other listed securities on The NASDAQ Stock Market as well as on orders that are routed to other market venues for execution.

We record execution revenues from transactions on a gross basis in revenues and record related expenses as cost of revenues. Nasdag Execution Services operates as the Company's routing

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

broker-dealer for sending orders to other venues for execution in accordance with member order instructions and requirements. Cash equity trading revenues are recorded within, market services on the Consolidated Statement of Income.

We credit a portion of the per share execution charge to the market participant that provides the liquidity and record these credits as transaction rebates in the Consolidated Statement of Income. These transaction rebates are paid on a monthly basis and the amounts due are included in accounts payable and accrued expenses in the Consolidated Balance Sheet. Transaction rebates related to cash equity trading were \$682.0 million for the year ended December 31, 2015.

Also, we pay Section 31 fees to the SEC for supervision and regulation of securities markets. We pass these costs along to our customers through our cash equity trading fees. We collect the fees as a pass-through charge from organizations executing eligible trades on The NASDAQ Stock Market platform and we recognize these amounts in brokerage, clearance, and exchange fees on the Consolidated Statement of Income when incurred. Section 31 fees received are included in cash and cash equivalents in the Consolidated Balance Sheet, at the time of receipt and, as required by law, the amount due to the SEC is remitted semiannually and recorded as Section 31 fees payable to the SEC in the Consolidated Balance Sheet until paid. Since the amount recorded in revenues is equal to the amount recorded in cost of revenues, there is no impact on our revenues less transaction rebates, brokerage, clearance and exchange fees. As we hold the cash received until payment to the SEC, we earn interest income on the related cash balances.

Derivative Trading: U.S. derivative trading revenues are variable, based on traded volumes, and recognized when executed. The principal types of derivative contracts traded on the NASDAQ Options Market are equity options and index options. For the NASDAQ Options Market, we record derivative trading revenues from transactions on a gross basis in revenues and record related expenses as cost of revenues, as we have certain risk associated with trade execution. NES is the sole routing broker for Nasdaq's equities and options exchanges in the U.S. Derivative trading revenues are included within market services on the Consolidated Statement of Income.

For derivative trading, we credit a portion of the per contract transaction charge to the market makers and specialists that execute trades with a specific trading strategy and record these credits as transaction rebates on the Consolidated Statement of Income. The Company also provides a transaction charge credit to member organizations who send firm business in excess of monthly volume caps. NASDAQ Options Services operates as the Company's routing broker-dealer for sending exchange-listed option orders from the Company to other venues for execution in accordance with member order instructions and requirements. These transaction rebates are paid on a monthly basis and the amounts due from equity transaction rebates are included in accounts payable and accrued expenses and the amounts due from options transaction rebates are included

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

as a reduction of receivables, net of reserve for uncollectible accounts on the Consolidated Balance Sheet. Transaction rebates were \$135.6 million for the year ended December 31, 2015.

Also, we pay Section 31 fees to the SEC for supervision and regulation of securities markets. For options, the fees are billed on a settlement date basis and collected by the Options Clearing Corporation ("OCC"). We pass these costs along to customers through derivative trading fees. We collect the fees as a pass-through charge from organizations executing eligible trades on the NASDAQ Options Market platform and we recognize this amount in brokerage, clearance, and exchange fees on the Consolidated Statement of Income when incurred.

As discussed in Note 11, our Limitation of Liability Rule and procedures apply to both cash equity and derivative trading in the aggregate. Under this rule, we, subject to certain caps, provide compensation for losses directly resulting from the systems' actual failure to correctly process an order, quote, message or other data into our platform.

#### Access Services

We generate revenues by providing market participants with several alternatives for accessing our markets for a fee. The type of connectivity is determined by the level of functionality a customer needs. As a result, Access Services revenues vary depending on the type of connection provided to customers. We also earn revenues from annual and monthly exchange membership and registration fees. Revenues for providing access to our markets and revenues for monthly exchange membership and registration fees are recognized on a monthly basis as the service is provided. Revenues from annual fees for exchange membership and registration fees are recognized ratably over the following 12-month period. Access Services revenues are included on the Consolidated Statement of Income within market services.

#### **Information Services Revenues**

Net Tape Plans

Revenues from U.S. tape plans include eligible UTP Plan revenues which are shared among UTP Plan participants and are presented on a net basis. Under the revenue sharing provision of the UTP Plan, we are permitted to deduct costs associated with acting as the exclusive Securities Information Processor from the total amount of tape revenues collected. After these costs are deducted from the tape revenues, we distribute to the respective UTP Plan participants, including The NASDAO Stock Market, their share of tape fees based on a formula, required by Regulation

#### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

NMS that takes into account both trading and quoting activity. In addition, all quotes and trades in NYSE- and NYSE MKT-listed securities are reported and disseminated in real time, and as such, we share in the tape fees for information on NYSE- and NYSE MKT-listed securities. Revenues from net tape plans are recognized on a monthly basis and are recorded within Information services on the Consolidated Statement of Income. See Market Data Revenue Sharing section below for further discussion of net presentation.

#### Market Data Products

We collect and process information and earn revenues as a distributor of our own market data as well as select third-party content. We provide varying levels of quote and trade information to market participants and to data distributors, who in turn sell subscriptions for this information to the public. We earn revenues primarily based on the number of data subscribers and distributors of our data. U.S. Market Data revenues are recognized on a monthly basis. These revenues, which are subscription based, are recorded net of amounts due under revenue sharing arrangements with market participants and are recorded within information services on the Consolidated Statement of Income.

#### Market Data Revenue Sharing

The most significant component of information services revenues presented on a net basis is the UTP Plan revenue sharing in the U.S. All indicators of gross versus net reporting under U.S. GAAP have been considered in analyzing the appropriate presentation of UTP Plan revenue sharing. However, the following are the primary indicators of net reporting:

- Primary Obligor: We are the Securities Information Processor for the UTP Plan, in addition to being a participant in the UTP Plan. In our unique role as Securities Information Processor, we facilitate the collection and dissemination of revenues on behalf of the UTP Plan participants. As a participant, we share in the net distribution of revenues according to the plan on the same terms as all other plan participants.
- <sup>a</sup> Risk of Loss/Credit Risk: Risk of loss on the revenue is shared equally among plan participants according to the UTP Plan.
- Price Latitude: The operating committee of the UTP Plan, which is comprised of representatives from each of the participants, including us solely in our capacity as a UTP Plan participant, is responsible for setting the level of fees to be paid by distributors and subscribers and taking action in accordance with the provisions of the UTP Plan, subject to SEC approval.

### Notes to Consolidated Financial Statements (continued)

### 2. Summary of Significant Accounting Policies (continued)

#### **Listing Services**

Listing Services revenues include annual renewal fees, listing of additional shares fees and initial listing fees. Annual renewal fees do not require any judgments or assumptions by management as these amounts are recognized ratably over the following 12-month period. Listing of additional shares fees and initial listing fees are recognized on a straight-line basis over estimated service periods, which are four and six years, respectively, based on our historical listing experience and projected future listing duration.

Nasdaq announced an all-inclusive annual listing fee program for companies listed in the U.S. which became effective in 2015. Under this new program, listed companies pay an annual fee which includes all listing-related activities, including listing of additional shares. All listed companies will be subject to the all-inclusive program beginning in January 2018, but can elect to opt-in to this program prior to January 2018. These revenues will be recognized ratably over the following 12-month period.

### **Technology Solutions**

Technology Solutions revenues primarily include market technology revenues. Market technology provides technology solutions for trading, clearing, settlement surveillance and information dissemination.

### Other Revenues

Other revenues include income earned from Company affiliates in connection with routing fees charged to other affiliate exchanges, as well as certain transfer pricing arrangements with other affiliated companies. See Note 8, "Related Party Transactions," for further discussion.

### **Share-Based Compensation**

Accounting for share-based compensation requires the measurement and recognition of compensation expense for all equity awards based on estimated fair values. We recognize compensation expense for equity awards on a straight-line basis over the requisite service period of the award. See Note 7, "Share-Based Compensation," for further discussion.

### Notes to Consolidated Financial Statements (continued)

# 2. Summary of Significant Accounting Policies (continued)

#### **Deferred Revenue**

Deferred revenue represents cash payments received that are yet to be recognized as revenue, primarily related to listing services revenue. See Note 5, "Deferred Revenue," for further discussion.

#### **Advertising Costs**

We expense advertising costs, which include media advertising and production costs, in the periods in which the costs are incurred. Media advertising and production costs included as marketing and advertising expense on the Consolidated Statement of Income totaled \$11.6 million in 2015.

#### **Software Costs**

Significant purchased application software and operational software that are an integral part of computer hardware are capitalized and amortized on a straight-line basis over their estimated useful lives, generally two to five years. All other purchased software is charged to expense as incurred.

Certain costs incurred in connection with developing or obtaining internal use software are capitalized. Unamortized capitalized software development costs are included in data processing equipment and software, within property and equipment, net on the Consolidated Balance Sheet. Amortization of costs capitalized is included in depreciation and amortization expense in the Consolidated Statement of Income.

#### **Income Taxes**

The Exchange's operating results are included in the consolidated federal income tax return and certain state income tax returns filed by Nasdaq. The Exchange also files separate tax returns in certain states. For financial reporting purposes, the provision for income taxes for the Exchange is determined as if the Exchange filed separate returns.

The Exchange uses the asset and liability method to provide income taxes on all transactions recorded in the consolidated Nasdaq financial statements. Deferred tax assets and liabilities are determined based on differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities (i.e., temporary differences) and are measured at the enacted rates that will be in effect when these differences are realized. If necessary, a valuation allowance is established to reduce deferred tax assets to the amount that is more likely than not to be realized.

### Notes to Consolidated Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

In order to recognize and measure our unrecognized tax benefits, management determines whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Once it is determined that a position meets the recognition thresholds, the position is measured to determine the amount of benefit to be recognized in the consolidated financial statements.

Interest and/or penalties related to income tax matters are recognized in provision for income taxes on the Consolidated Statement of Income. See Note 6, "Income Taxes," for further information.

### 3. Goodwill and Intangible Assets

#### Goodwill

In 2006, Nasdaq completed an internal reorganization that resulted in the transfer of certain assets and liabilities relating to Nasdaq's acquisition of Inet ATS, Inc. and Brut LLC's trading platforms to the Exchange and its subsidiaries. These assets and liabilities of Nasdaq were transferred as of December 28, 2006 based on the revised operating structure of these entities and resulted in an allocation of goodwill based on the relative fair value of the Company.

The Company utilized the qualitative assessment option for its annual goodwill impairment test performed for fiscal 2015. In conducting the initial qualitative assessment, the Company analyzed actual and projected growth trends, as well as historical performance versus plan and the results of prior quantitative tests performed. Additionally, the Company assessed critical areas that may impact the business, including macroeconomic conditions and the related impact, market related exposures, competitive changes, new or discontinued products, changes in key personnel, or any other potential risks to projected financial results. At December 31, 2015, goodwill relating to the above reorganization and acquisition was \$929.1 million. During the year ended December 31, 2015, there were no changes in goodwill. As of December 31, 2015, \$43.4 million of the Company's goodwill is deductible for tax purposes.

The Exchange completed the required annual impairment test, which determined that goodwill was not impaired for the year ended December 31, 2015. However, events such as economic weakness and unexpected significant declines in operating results may result in goodwill impairment charges in the future. A significant impairment charge in the future could have a material adverse effect on our operating results.

## Notes to Consolidated Financial Statements (continued)

### 3. Goodwill and Intangible Assets (continued)

### **Intangible Assets**

The following table presents details of our total purchased intangible assets. All purchased intangible assets with finite lives are amortized using the straight-line method. The weighted-average useful life of the customer relationships is 13 years.

	 <b>December 31, 2015</b>					
	Gross Carrying Amount		ccumulated mortization	Net Intangible Assets		
Intangible Assets						
Customer relationships	\$ 188,600	\$	(151,756)	\$ 36,844		
Total intangible assets	\$ 188,600	\$	(151,756)	\$ 36,844		

For the year ended December 31, 2015, no impairment was recorded with respect to finite-lived intangible assets.

Amortization expense for purchased finite-lived intangible assets was \$12.5 million for the year ended December 31, 2015.

The estimated future amortization expense of purchased intangible assets as of December 31, 2015 is as follows (in thousands):

2016	\$	12,546
2017		12,546
2018		11,752_
Total	\$	36,844

## Notes to Consolidated Financial Statements (continued)

### 4. Property and Equipment, Net

The following table presents the Exchange's major categories of property and equipment, net:

	December 31, 2015
	(In thousands)
Data processing equipment and software	\$ 96,597
Capitalized software development	101,217
Furniture, equipment and leasehold improvements	39,210
	237,024
Less: accumulated depreciation and amortization	(165,910)
Total property and equipment, net	\$ 71,114

The Exchange follows the provisions of ASC 350-40, *Internal-Use Software*, which requires entities to capitalize direct internal and external costs that meet certain capitalization criteria. During the year ended December 31, 2015, costs capitalized relating to internal-use software was \$10.7 million. At December 31, 2015, unamortized capitalized software development was \$23.2 million.

For the year ended December 31, 2015, capitalized software amortization expense was \$7.5 million, while total depreciation expense relating to all other property and equipment was \$13.1 million. These amounts are included in depreciation and amortization expense in the Consolidated Statement of Income.

# Notes to Consolidated Financial Statements (continued)

### 5. Deferred Revenue

At December 31, 2015, we estimate that our deferred revenues, which are primarily related to Listing Services, will be recognized in the following years:

	 Initial Listing Fees	A	Listing of dditional nares Fees		Annual stings and ther Fees	 Total
			(In the	ousa	nds)	
Fiscal year ended:						
2016	\$ 16,011	\$	27,002	\$	1,417	\$ 44,430
2017	13,619		17,861		_	31,480
2017	11,677		7,348		_	19,025
2019	9,523		1,062		_	10,585
2020	5,713		_		_	5,713
2021 and thereafter	 1,802					1,802
	\$ 58,345	\$	53,273	\$	1,417	\$ 113,035

The changes in our deferred revenue during the year ended December 31, 2015 is reflected in the following table.

	 Initial Listing Fees	A	Listing of dditional nares Fees		Annual istings and Other Fees	Total
			(In tho	usa	nds)	 
Balance at January 1, 2015	\$ 53,981	\$	78,563	\$	1,559	\$ 134,103
Additions	20,640		9,504		149,973	180,117
Amortization	(16,276)		(34,794)	_	(150,115)	(201,185)
Balance at December 31, 2015	\$ 58,345	\$	53,273	\$	1,417	\$ 113,035

# Notes to Consolidated Financial Statements (continued)

### 6. Income Taxes

The Company's operating results are included in the consolidated federal income tax return and certain state income tax returns filed by Nasdaq. For financial reporting purposes, the provision for income taxes for the Exchange is determined as if the Exchange filed separate returns.

The income tax provision consists of the following amounts:

	Year Ended December 31, 2015
	(In thousands)
Current income taxes:	
Federal	\$ 138,966
State	45,170
Total current income taxes	184,136
Deferred income taxes:	
Federal	(8,288)
State	(2,279)
Total deferred income taxes	(10,567)
Total income tax provision	\$ 173,569

A reconciliation of the U.S. federal statutory rate to the Company's effective tax rate for the year ended December 31, 2015 is as follows:

	Year Ended December 31, 2015
U.S. federal income tax rate State and local income tax rate, net of federal effect Other Effective tax rate	35.0% 6.5 (0.6) 40.9%

# Notes to Consolidated Financial Statements (continued)

## 6. Income Taxes (continued)

The temporary differences, which give rise to our deferred tax assets and (liabilities) consisted of the following:

	December 31, 2015
	(In thousands)
Deferred tax assets:	
Deferred revenues	\$ 35,037
Compensation and benefits	2,587
Provision for bad debts	933
Gross deferred tax assets	38,557
Deferred tax liabilities:	
Amortization of software development costs	(11,382)
Amortization of acquired intangible assets	(15,291)
Depreciation and amortization	(48,538)
Gross deferred tax liabilities	(75,211)
Net deferred tax assets (liabilities) before valuation allowance	(36,654)
Less: valuation allowance	
Net deferred tax liabilities	\$ (36,654)

As of December 31, 2015, we had \$5.3 million of unrecognized tax benefits of which \$5.0 million would affect tax expense if recognized.

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows (in thousands):

Balance at January 1, 2015	\$ 9,015
Changes:	
Additions from tax positions taken in current period	368
Additions from tax positions taken in prior period	251
Reversals from tax positions taken in prior period	(13)
Settlements	(1,250)
Statute of limitations	(3,185)
Balance at December 31, 2015	\$ 5,186

## Notes to Consolidated Financial Statements (continued)

#### 6. Income Taxes (continued)

The Company's operating results are included in the federal income tax return and certain state income tax returns filed by Nasdaq. Nasdaq and its eligible subsidiaries file a consolidated U.S. federal income tax return and applicable state and local income tax returns. Federal income tax returns for the years 2011 through 2013 are currently under audit by the Internal Revenue Service and we are subject to examination for the year of 2014. Several state tax returns are currently under examination by the respective tax authorities for the years 2005 through 2013 and we are subject to examination for 2014.

Income tax payments settled through the intercompany accounts in 2015 were \$188.2 million.

At December 31, 2015, the Company has accrued \$0.6 million for interest and/or penalties related to income tax matters which is included in other accrued liabilities and other long-term liabilities in the Consolidated Balance Sheet and in the provision for income taxes in the Consolidated Income Statement.

For income tax purposes, the Company is disregarded as an entity separate from its owner, Nasdaq. Nasdaq is the filing entity for the federal income tax return and all significant state income tax returns. The current income tax liabilities and receivables of the Company are accrued as a component of related party payables and receivables, respectively. These related party balances are periodically settled.

Additionally, for tax return purposes only, the revenue and expenses associated with the co-location business is attributed to the Company as opposed to Nasdaq Technology Services, LLC, an affiliate entity with which customers enter into co-location contracts, as management is of the view that the taxing authorities might take this position given that the "mind and management" and associated payroll expenses for the business activity recorded within Nasdaq Technology Services, LLC reside in The NASDAQ Stock Market.

The income tax provision recorded by the Company reflects an amount management believes is representative of the tax liability attributable to The NASDAQ Stock Market.

#### 7. Share-Based Compensation

The Exchange is part of a share-based compensation program that provides Nasdaq's Board of Directors broad discretion in creating employee equity incentives. As such, share-based compensation is allocated to us from Nasdaq. Share-based awards, or equity awards, granted under this program include stock options, restricted stock and Performance Stock Units ("PSUs").

Notes to Consolidated Financial Statements (continued)

#### 7. Share-Based Compensation (continued)

The Parent estimates the fair value of PSUs granted under their total shareholder return, or TSR, program using the Monte Carlo simulation model, as these awards contain a market condition. Assumptions used in the Monte Carlo simulation model include the weighted average risk-free rate and the expected volatility. The risk-free interest rate for periods within the expected life of the award is based on the U.S. Treasury yield curve in effect at the time of grant. The Parent uses historic volatility for PSU awards issued under the TSR program, as implied volatility data could not be obtained for all the companies in the peer groups used for relative performance measurement within the TSR program. Any expenses related to this program that impacts employees of the Exchange are allocated to the Exchange.

Restricted stock is generally time-based and vests over three- to five-year periods beginning on the date of the grant. Stock options are also generally time-based and expire ten years from the grant date. Stock option and restricted stock awards generally include performance-based accelerated vesting features based on achievement of specific Nasdaq corporate performance. If Nasdaq exceeds the applicable performance parameters, the grants vest on the third anniversary of the grant date, if Nasdaq meets the applicable performance parameters, the grants vest on the fourth anniversary, and if Nasdaq does not meet the applicable performance parameters, the grants extend to vest on the fifth anniversary of the grant date.

PSUs are based on performance measures that impact the amount of shares that each recipient will receive upon vesting. PSUs are granted at the fair market value of Nasdaq stock on the grant date and compensation cost is recognized over the performance period and, in certain cases, an additional vesting period. For each grant of PSUs, an employee may receive from 0% to 150% of the target amount granted, depending on the achievement of performance measures. We report the target number of PSUs granted, unless we have determined that it is more likely than not, based on the actual achievement of performance measures, that an employee will receive a different amount of shares underlying the PSUs, in which case we report the amount of shares the employee is likely to receive.

The following table shows the total share-based compensation expense allocated to the Company through an intercompany transaction from Nasdaq resulting from equity awards for the year ended December 31, 2015 included in compensation and benefits on the Consolidated Statement of Income:

## Notes to Consolidated Financial Statements (continued)

#### 7. Share-Based Compensation (continued)

		ear Ended cember 31, 2015
	(In	thousands)
Share-based compensation expense before income taxes	\$	14,997
Income tax benefit		(5,931)
Total share-based compensation expense after income taxes	\$	9,066

At December 31, 2015, \$36.8 million of total unrecognized compensation cost related to restricted stock and PSUs are expected to be recognized over a weighted-average period of 1.9 years.

### 8. Related Party Transactions

The Company engages in transactions with the Parent. Third party revenues earned by the Company are collected on its behalf by the Parent resulting in receivables from affiliated companies. Such revenues include income earned from Company affiliates in connection with routing fees charged to other affiliate exchanges, as well as certain transfer pricing arrangements with other affiliated companies.

NES and NOS operate solely as the routing broker dealers for the Exchange and BX and PHLX, affiliated entities of the Exchange. As of March 24, 2014, NES, began routing options and became the sole routing broker for Nasdaq's equities and options exchanges in the U.S. Under separate service agreements, the Exchange, BX and PHLX agree to pay a fee per share for routing orders related to securities. Revenue is recognized as earned, and is allocated through an intercompany account. Additionally, expenses incurred by the Company are settled on its behalf by the Parent or the Parent's other subsidiaries and allocated through intercompany charges resulting in payables to affiliated companies.

The Company and its Parent and affiliates share certain services such as accounting, finance, legal, and other administrative support. Expenses related to these shared services are allocated to the Company and its affiliates through intercompany charges based on an allocation model. These expenses represent amounts related to the Company's proportionate share of each expense incurred. In addition, certain transfer pricing arrangements are established with certain affiliates related to the shared services. The transfer pricing arrangements utilize a "cost plus" model whereby costs incurred by the Company on behalf of these foreign affiliates are charged back on a "cost plus" basis. The Company allocated out \$21.4 million in expenses for the year ended December 31, 2015, as revenues recognized, and is included in other revenue on the Consolidated Statement of Income.

### Notes to Consolidated Financial Statements (continued)

#### 8. Related Party Transactions (continued)

Occupancy costs are based on leases and adjusted for allocations to/from Nasdaq based on a corporate allocation model based on usage by entity. The Company was allocated \$21.0 million in expenses for the year ended December 31, 2015, which is included in occupancy on the Consolidated Statement of Income.

A Regulatory Services Agreement exists between the Company, PHLX and BX that allows one SRO to use the services of another SRO and its staff. Services are provided without cost or expense to the individual SRO.

At December 31, 2015, the Company is owed by Nasdaq \$777.7 million in related party receivables, net of related party payables, which is included in receivables from affiliated companies, net in the Consolidated Balance Sheet. The net receivable or payable from these activities is periodically settled.

#### 9. Fair Value of Financial Instruments

The Company considers cash and cash equivalents; receivables, net of reserve for uncollectible accounts; receivables from affiliated companies, net; other assets; accounts payable and accrued expenses, Section 31 fees payable to SEC, and accrued personnel costs to be its financial instruments. The carrying amounts reported in the Consolidated Balance Sheet for the Company's financial instruments closely approximate their fair values due to the short-term nature of these assets and liabilities.

#### 10. Risks and Uncertainties

Our market participants operate in a highly regulated industry. The SEC and other regulatory authorities could impose regulatory changes that could adversely impact the ability of our market participants to use our markets. Regulatory changes by the SEC or other regulatory authorities could result in the loss of a significant number of market participants or a reduction in trading activity on the exchange.

The markets in which we compete are characterized by rapidly changing technology, evolving industry standards, frequent enhancements to existing products and services, the adoption of new services and products and changing customer demands. We may not be able to keep up with rapid technological and other competitive changes affecting our industry. For example, we must continue to enhance our electronic trading platforms to remain competitive, and our business will be negatively affected if our electronic trading platforms fail to function as expected. If we are unable to develop our electronic trading platforms to include other products and markets, or if our electronic trading platforms do not have the required functionality, performance, capacity,

### Notes to Consolidated Financial Statements (continued)

#### 10. Risks and Uncertainties (continued)

reliability and speed required by our business, as well as by our customers, we may not be able to compete successfully. Further, our failure to anticipate or respond adequately to changes in technology and customer preferences, especially in our market technology business, or any significant delays in product development efforts, could have a material adverse effect on our business, financial condition and operating results.

The Exchange is exposed to credit risk related to transaction, access, and market data services that are billed to customers on a monthly basis, in arrears. The Exchange's potential exposure to credit losses on these transactions is represented in the receivables, net of reserve for uncollectible accounts balance on the Consolidated Balance Sheet. The Exchange's customers are financial institutions whose ability to satisfy their contractual obligations may be impacted by volatile securities markets. On an ongoing basis, management reviews and evaluates changes in the status of the counterparty's creditworthiness. Credit losses such as those described above could adversely affect the Exchange's consolidated financial position and results of operations.

Our business is subject to extensive regulation. Under current U.S. federal securities laws, changes in the rules and operations of our markets, including our pricing structure, must be reviewed and in many cases explicitly approved by the SEC. The SEC may approve, disapprove, or recommend changes to proposals that we submit. In addition, the SEC may delay either the approval process or the initiation of the public comment process. Any delay in approving changes, or the altering of any proposed change, could have an adverse effect on our business, financial condition and operating results. We must compete not only with alternative trading systems, known collectively as dark pools, that are not subject to the same SEC approval process but also with other exchanges that may have lower regulation and surveillance costs than us. There is a risk that trading will shift to exchanges that charge lower fees because, among other reasons, they spend significantly less on regulation.

### 11. Commitments, Contingencies and Guarantees

#### **Brokerage Activities**

NES, as a registered broker-dealer, is subject to regulatory requirements intended to ensure its general financial soundness and liquidity. These requirements obligate NES to comply with minimum net capital requirements. NES is subject to the SEC's Uniform Net Capital Rule 15c3-1. At December 31, 2015 NES was required to maintain minimum net capital of \$0.3 million and had total net capital of approximately \$6.8 million, or \$6.5 million in excess of the minimum amount required. NES is also subject to OCC Rule 302 which requires maintenance of net capital equal to the greater of \$2.0 million or 6 2/3 percent of aggregate indebtedness. At December 31, 2015, the Company had \$4.8 million of net capital in excess of this minimum requirement.

### Notes to Consolidated Financial Statements (continued)

#### 11. Commitments, Contingencies and Guarantees (continued)

Nasdaq Execution Services provide guarantees to securities clearinghouses and exchanges under its standard membership agreements, which require members to guarantee the performance of other members. If a member becomes unable to satisfy its obligations to a clearinghouses or exchange, other members would be required to meet its shortfalls. To mitigate these performance risks, the exchanges and clearinghouses often require members to post collateral as well as meet certain minimum financial standards. Nasdaq Execution Services' maximum potential liability under these arrangements cannot be quantified. However, we believe that the potential for Nasdaq Execution Services to be required to make payments under these arrangements is unlikely. Accordingly, no contingent liability is recorded in the Consolidated Balance Sheet for these arrangements.

#### **Regulatory Matters**

SROs in the securities industry are an essential component of the regulatory scheme of the Securities Exchange Act of 1934 (the "Exchange Act"), for providing fair and orderly markets and protecting investors. The Exchange Act and the rules thereunder impose on the SROs many regulatory and operational responsibilities, including the day-to-day responsibilities for market and broker-dealer oversight. In general, an SRO is responsible for regulating its members through the adoption and enforcement of rules and regulations governing the business conduct of its members. A Regulatory Services Agreement exists between the Company, PHLX, and BX, Inc. that allows one SRO to use the services of another SRO and its staff. Services are provided without cost or expense to the individual SRO.

The Exchange is subject to SEC oversight, as prescribed by the Exchange Act, including periodic and special examinations by the SEC. The Exchange is also potentially subject to regulatory or legal action by the SEC or other interested parties at any time in connection with alleged regulatory violations. The Exchange is also subject to Section 17 of the Exchange Act, which imposes record-keeping requirements, including the requirement to make records available to the SEC for examination. We have been subject to a number of routine reviews and inspections by the SEC or other third parties in the ordinary course and in connection with settlements with the SEC. To the extent such actions or reviews and inspections result in regulatory or other changes, we may be required to modify the manner in which we conduct our business, which may adversely affect our business.

FINRA provides regulatory services to the markets operated or regulated by the Exchange, including the regulation of trading activity and surveillance and investigative functions. We have a limited direct regulatory role in conducting real-time market monitoring, options surveillance, rulemaking and some membership functions through the Exchange's MarketWatch department.

## Notes to Consolidated Financial Statements (continued)

### 11. Commitments, Contingencies and Guarantees (continued)

We refer suspicious trading behavior discovered by our regulatory staff and all other employees of the markets operated or regulated by the Exchange to FINRA for further investigation.

Under our Limitation of Liability Rule and procedures, we, subject to certain caps, provide compensation for losses directly resulting from the systems' actual failure to correctly process an order, quote, message or other data into our platform. We do not record a liability for any potential claims that may be submitted under the Limitation of Liability Rule unless they meet the provisions required in accordance with U.S. GAAP. As such, losses arising as a result of the rule are accrued and charged to expense only if the loss is probable and estimable. The Limitation of Liability Rule and procedures apply to both cash equity and derivative trading in the aggregate.

### Litigation

We may be subject to claims arising out of the conduct of our business. Currently, there are certain legal proceedings pending against us. We believe, based on the opinion of counsel, that any liabilities or settlements arising from these proceedings will not have a material effect on our business, consolidated financial condition, or operating results. Management is not aware of any unasserted claims or assessments that would have a material adverse effect on our consolidated financial condition or operation results.

#### 12. Subsequent Events

The Exchange has evaluated subsequent events through the date the consolidated financial statements were available to be issued and has determined that there are no known events that require disclosure in the consolidated financial statements or accompanying notes in accordance with ASC 855, Subsequent Events.
